Hale M.Ed LMHC,2022-11-03 This workbook is a combination of the wisdom I have gained through my twenty five plus years as a psychotherapist and my prayer life It is eclectic in that it is a mix of several techniques and ways to improve your ability to journal for healing Past trauma can be compared to having a sliver deeply embedded into your hand The sliver is there and it hurts when you touch it If you ignore it long enough it will become infected and inflamed It interferes with your normal functioning In order to heal you need to remove the sliver The same idea goes for a past trauma or injury If you do not release the pain and poison of that past event your whole well being is affected If you do not get it out it will fester and affect everything and poison your relationships with others and God If ignored your spirit becomes tarnished and you cannot be filled with love I was inspired to write this workbook while I was sitting with a client in crisis and praying for her Most of my writing is spirit driven I do hope that you will use this workbook as a tool for healing and that you allow yourself as much time as you need Write and rewrite as many times as you need in order to heal In between your writing play and pray Find a balance Allow yourself the needed time to process and identify your feelings It is my prayer that through your hard work using this book you will find inner peace and health God bless you in your journey Clinical Management of Sex Addiction Patrick J. Carnes,Kenneth M.
