Healing Grief Reclaiming Life After Any Loss:

Healing Grief James Van Praagh, 2001-04-01 Grieving is a natural process. It is through our losses that we can transform ourselves and find new meaning in life. James Van Praagh, who possesses the extraordinary ability to communicate with the heavenly realm beyond our physical world, has changed the lives of millions of people who have lost loved ones. Now in a book destined to open pathways of hope and healing for millions more, the renowned medium and author of the New York Times bestsellers *Talking to Heaven* and *Reaching to Heaven* reveals how the devastating sorrow of a loss can lead to incredible opportunities for spiritual growth and bring a sense of renewal and focus to our lives. Van Praagh shares many insightful spiritual messages from deceased loved ones who shed new light on grief and loss. These stories, along with accounts of his own personal experiences, assist us in viewing our losses as stepping stones on our soul's evolving spiritual journey. In turn, we become aware of how we are connected to a larger universe between the seen and unseen worlds. This deeply felt, wise, and compassionate book offers hope for a true healing of the mind and spirit as we move beyond grief and loss to a life of freedom, joy, and purpose.

Healing Grief James Van Praagh, 2001-04-01 James Van Praagh's first two books, both New York Times bestsellers, have been a powerful healing force for millions of readers. Using his talents as a medium, Van Praagh has not only helped the bereaved reach their lost loved ones and find peace, but he has also illuminated the mysteries of death, the afterlife, and rebirth. His new book *Healing Grief* will once again draw from his compelling and uplifting readings, but with a new and special purpose: to show what the spirit world can teach us about the grieving process itself. While grief is clearly a natural response to death, it should also properly accompany life's other difficult passages, including times of transition, the loss of a relationship, or even the loss of a pet. *Healing Grief* begins with chapters that each examine a specific kind of loss: death of a parent, a spouse, or a child; the end of a marriage; or the onset of a troubling life change such as unemployment or grave illness, and considers the particular bereavement issues it may engender. The book also offers advice on explaining death to children, on distinguishing healthy from destructive grief, and on harnessing the powers of healing through special exercises, meditation, and affirmations. *Healing Grief* should be in Van Praagh's words, a manual for grieving well, offering an inspiring new perspective on grief from a world-renowned medium who has become an expert at helping people cope with unresolvable sorrow.
