

4 Levels Of Consciousness

Your emotional state of being

4. Life happens as me

You know you are (all) with Spirit, and at that is, that there is no separation between you, your Higher Self/God and others. You operate from a place of deep compassion. God focus is primarily on being in the present moment, doing what others do you would have others done unto you while you are inspired by Spirit to take aligned action.

3. Life happens through me

You believe you are here for a reason, a bigger purpose in touch with your Higher Power and grateful with your mission, trusting that it will guide you and faith that you will have all your needs met.

2. Life happens by me

You believe you have control of everything, that you make things happen because you are causing them to happen. You are ambitious and driven.

1. Life happens to me

You feel victimized, helpless, and belief that you have no power. Blaming outside circumstances, people, things, events for reasons why you cannot make change.

Health Its All About Consciousness:

Who Says You Can't Have It All? Desmond McLean, 2010-03-15 Changing your life style is about altering these three areas so that they work together in finding a healthier you Being fit in all these areas starts with who you are Making a commitment to challenge yourself in order to accomplish your goal will take knowing how to change bad habits into good ones Begin with seeing where you are where you want to go and how you will enjoy the journey Find a way to push under over around and through the challenges you face Confidently training your mind and body together will ensure your success and do not forget to have fun Enjoy discovering yourself and fitness while submersing your surroundings and the meals you eat Changing your life style knowing yourself better and becoming healthier will not only benefit your life but will allow you to show abundance to others just by living as an example of health Living well and loving life is just waiting for you to make the choice to enjoy the world around you It's All God, the Flowers and the Fertilizer Walter Jd Starcke, Eron Howell-Starcke, 2013-02 In his best selling classic It s All God modern mystic Walter Starcke bridges the gap between our humanity and Divinity as well as our traditional limited perspectives and our emerging Cosmic Consciousness With the insight of a biblical scholar Starcke clarifies the foundational Truths of our Judeo Christian tradition as he takes humanity s spiritual roots forward into the light of the new state of human consciousness that is emerging today His masterful knowledge of Scriptures unlocks the truths laid out in both the Old and New Testament not found in other metapshysical books Starcke calls us to no longer separate God from our humanity and the world With this awareness we understand that the teachings of Jesus have not been fully realized until now as humanity begins the new cycle of the Age of the Gods The awareness that It s All God is a requirement for living fully in this new Age of the Gods which is this Golden Cycle we have just begun Starcke wrote that we have been given all the pieces each necessary none missing and if we want to complete the picture it is up to us to stop excluding those parts of ourselves and of our feelings that we have thought did not belong in the picture If God is truly the only Power and Presence then every piece no matter how seemingly negative insignificant or inappropriate has a purpose Instead of discarding those aspects of ourselves that seem faulty or unworthy when we stop judging them and see what they are telling us we can find a right place for those energies and then we can complete the puzzle In Part One his in depth knowledge takes us from the traditional approach through the Gnostics to clear in sights on the teachings of Jesus and Paul Uniquely Starcke relates these teachings to modern Quantum Physics and the evolution of Consciousness Starcke is not only a Biblical scholar but also well versed in the workings of consciousness perceptions and reality Part One also includes Starcke s marvelous mystical insights and meditations In Part Two of It s All God Starcke gives us the how to s of practical mysticism to apply Divine Truth to our daily lives No matter where a reader is on the path he will find the steps to greater awareness and the clarification of the puzzle humanity has been working on for countless lifetimes We are all on the right path at the right time The time is Now These how to s are not superficial they require that we come to

understand our True Self and live the Truth of our Being In part three Starcke takes us beyond our customary perspective into the realms of Higher Consciousness These take us clearly into the new cycle The Age of the Gods The realization that It s All God is the key to spiritual healing true transformative forgiveness and the daily expression of our Divine humanity It is a book whose time has come We are now ready as never before to delve into it s insights and live it s Truths It s All God is required reading for many ministerial programs and should now be require reading for us all to live fully during this new cycle far beyond 2012 Starcke was not only ahead of his time but a master for all Ages with tools for the rest of our journey in awareness as we live fully as Divine Humans The Law of Attraction Andrea Mathews,2011-09-30 We ve had enough time now to experiment with the Law of Attraction that was handed to us carte blanche several years ago The results are now in proving that this original understanding was a good start but not enough to carry us to its desired outcome We are being forced now to reconsider and what we are discovering is that it will give us far more than we d previously imagined as it simultaneously heals and opens us But in order to receive its offerings we are going to have to revise our understanding of the Law of Attraction entirely The Law of Attraction The Soul s Answer To Why It Isn t Working And How it Can is a book of gentle awakening that brings a completely new rendition of that law Once you digest the material in this book you will not only know what doesn t work and why but what does and how it works for you Come to this healing book with a willingness to awaken to your own I AM **Your Unique Consciousness** Dr. Anthony J. Emmett,2023-03-20 The story of consciousness describes the mystery we are where we come from before birth and where we go after death and the thinking both in our body mind and subconscious and beyond it It is the dimensions of rational awareness of mind and heart we use for our ego and creative life on earth and in other dimensions around us Imagine that you have an all pervading higher intelligence within in your many layered consciousness How we employ it for this dynamic life with love and the ways it works make you the self you are Consciousness is an energy which comes into the brain of the embryo to activate the mind for this life it functions at many levels The level we call the heart is an influence emotionally with love and loving Consciousness radiates and the way it relates in us and beyond is the story of our lives We can use this to great effect with certain techniques We are alive in several levels of consciousness Revised Esoteric, a magazine of advanced and practical thought The Esoteric,1895 **From Existence To Life: The Science Of Self-Consciousness** James Porter Mills,1921 There has been a growing feeling in my mind that Health is too small a title with which to introduce a book that sets forth the noblest science that can possibly be formulated Although health is one of the most desirable conditions in personal life and one of the most essential yet it is but one of the ways of Life that are set forth in the book It appears to me that From Existence to Life the Science of Self Consciousness exactly covers the whole field of that which is herein formulated It is a science for all round use health being but one of the many modes of the Principle of All Knowledge and so far as man is concerned the science of self consciousness formulated correctly and made use of intelligently should satisfy the mind and comfort the heart in all the
