Health Care Law and Ethics American Association of Medical Assistants, 1995-08 *Delmar's Administrative Medical Assisting* Lindh, Wilburta Q Lindh, CMA, Marilyn S Pooler, R.N., Joanne Cerrato, Carol D Tamparo, PhD, CMA-A, 2001-11 Delmar's complete learning system prepares students to become multiskilled medical assistants for the 21st Century This full color administrative medical assisting textbook is part of a dynamic learning system that includes a free skills CD ROM bound to the text workbook and instructor support materials Together these learning tools integrate essential and advanced competencies set forth by the AAMA's Role Delineation study emphasizing interpersonal communications and changes in the health care setting including Standard Precautions and managed care The text is written not by just one or two individuals but by many talented experts who provide students with a thorough understanding of administrative medical assisting fundamentals The entire learning system is complemented by real life characters and scenarios from the field of medical assisting a feature not found in any other text Mosby's Workbook for Fundamentals of Medical Assisting Sharron M. Zakus, Eggars, 1990 Not available through Harcourt **Law for the Medical Office**, 1984 Saunders Textbook of Medical Assisting Diane Klieger, 2005 This comprehensive and visually appealing text covers all aspects of both the AAMA and AMT national curricula for medical assisting including medical terminology anatomy physiology and pathophysiology The text is written in a reader friendly style and integrates features designed to foster a greater awareness for students of the consequences of their actions on the job as well as to develop greater empathy for the patient's experience A recurring Ripples on the Pond analogy emphasizes this ripple or consequences effect Case scenarios at the beginning of chapters challenge students to put the chapter content into a real world perspective with follow up questions at the end of chapters that are designed for self reflection homework assignments or class discussion An integrated package includes an interactive skills software program in the text a student workbook with recall application and critical thinking exercises a complete instructor's package and a companion website A Ripples on the Pond theme is designed to help students become more aware of the consequences and the cause and effect of their actions on the job This theme is reinforced visually and in content features throughout the text Patient Centered Professionalism boxes throughout chapters help students think about the chapter content in the perspective of the patient's experience so they can develop empathy for the patient and consider how their actions will be experienced by the patient Coverage of national curriculum competencies with a listing of the AAMA and RMA competencies in the instructor's package A correlation grid of chapter objectives to curriculum competencies assures complete compliance with accreditation requirements Two special chapters on student skills and employment provide excellent advice on how to get the most out of the learning experience and how to get a job and succeed in one's career Coverage is included of the three prerequisites of any medical assisting program medical terminology A P and pathology making this an all encompassing text that renders the purchase of additional texts unnecessary Heavily illustrated step by

step procedures with charting examples and rationales promote better understanding of how to properly perform all clinical and administrative procedures. Weighted competency checklists for all skills are in the student workbook. What Would You Do case studies presented at the beginning of each chapter are revisited at the chapter end along with questions to help students develop their critical thinking skills. These scenarios and questions also make excellent class or small group discussions or homework assignments. Suggested responses are in the instructor's package. For Further Exploration boxes suggest topics for further Internet research. Internet research activities are available in the student workbook with active links on the companion website that are organized by chapter. Summary Keys offer a bulleted review of important points for each learning objective reinforcing the content students must master for each chapter. Companion online course follows a generic organizational structure with reading assignments keyed to the Klieger textbook. This course can either stand alone as true distance education courses or can be used effectively to reinforce a traditional classroom course. An online mentor steps students through a virtual externship as they meet realistic patients, physicians, and co-workers while learning the basic theory and practicing the key curriculum skills.
