**Heart of Darkness** Joseph Conrad, 2012-08-28 Joseph Conrad's enduring portrait of the ugliness of colonialism in a deluxe edition with a gripping cover by Hellboy artist Mike Mignola. Nominated as one of America's best-loved novels by PBS's The Great American Read, *Heart of Darkness* is the thrilling tale of Marlow, a seaman and wanderer recounting his physical and psychological journey in search of the infamous ivory trader Kurtz. Traveling upriver into the heart of the African continent, he gradually becomes obsessed by this enigmatic, wraith-like figure. Marlow's discovery of how Kurtz has gained his position of power over the local people involves him in a radical questioning not only of his own nature and values but of those that underpin Western civilization itself. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

**Heart of Darkness** Joseph Conrad, 2012-08-28 In a novella which remains highly controversial to this day, Conrad explores the relations between Africa and Europe. On the surface, this is a horrifying tale of colonial exploitation. The narrator, Marlow, journeys on business deep into the heart of Africa. But there he encounters Kurtz, an idealist apparently crazed and depraved by his power over the natives, and the meeting prompts Marlow to reflect on the darkness at the heart of all men. This short but complex and often ambiguous story, which has been the basis of several films and plays, continues to provoke interpretation and discussion. *Heart of Darkness* grew out of a journey Joseph Conrad took up the Congo River; the verisimilitude that the great novelist thereby brought to his most famous tale everywhere enhances its dense and shattering power. Apparently a sailor's yarn, it is in fact a grim parody of the adventure story in which the narrator, Marlow, travels deep into the heart of the Congo where he encounters the crazed idealist Kurtz and discovers that the relative values of the civilized and the primitive are not what they seem. *Heart of Darkness* is a model of economic storytelling, an indictment of the inner and outer turmoil caused by the European imperial misadventure, and a piercing account of the fragility of the human soul.

**Heart of Darkness and the Congo Diary** Joseph Conrad, 2008-10-07 Marlow, a seaman and wanderer, recounts his physical and psychological journey in search of the infamous ivory trader Kurtz. Traveling upriver to the heart of the African continent, he gradually becomes obsessed by this enigmatic, wraith-like figure. A haunting and hugely influential Modernist masterpiece, *Heart of Darkness* explores the limits of human experience as well as the nightmarish realities of imperialism. **Environmental Nightmares** Laurence W. Mazzeno,Ronald D. Morrison,2019-05-06 The twelve essays in Victorian Environmental Nightmares explore various environmental nightmares through applied analyses of Victorian texts Over the course of the nineteenth century writers of imaginative literature often expressed fears and concerns over environmental degradation in its wide variety of meanings including social and moral In some instances natural or environmental disasters influenced these responses in other instances a growing awareness of problems caused by industrial pollution and the growth of cities prompted responses Seven essays in this volume cover works about Britain and its current and former colonies that examine these nightmare environments at home and abroad But as the remaining five essays in this collection demonstrate environmental nightmares are not restricted to essays on actual disasters or realistic fiction since in many cases Victorian writers projected onto imperial landscapes or wholly imagined landscapes in fantastic fiction their anxieties about how humans might change their environments and how these environments might also change humans **Classic Penguin:**

Denounced by the conservative press as an un-American libel on the meatpacking industry, the book was championed by more progressive thinkers including then president Theodore Roosevelt and was a major catalyst to the passing of the Pure Food and Meat Inspection act which has tremendous impact to this day. **Science, Culture, and the Reconciliation of Knowledge and Understanding** Arthur Pontynen, 2024-07-05 In daily life we consciously attempt to reconcile what with why: factual knowledge with understanding. Currently it is commonplace to presume that understanding is limited to the production of facts which we place into narratives of understanding. We exist in a world of facts with no way to find living in a culture that vacillates between identity and tolerance, authoritarianism and anarchism. Neglected is the importance of seeking good judgments in daily life that is of being wise. This book analyzes the millennial shift from seeking Truth to asserting subjective meanings so that we can escape that sordid condition. It is necessary to challenge current dominant modes of thought and interpretation in order to live intelligently and peacefully. Western Civilization and the Enlightenment are historically associated with seeking to understand with the goal of being right with an intelligible and therefore meaningful reality. That goal remains worthy of our efforts.
