Heart Of Wisdom An Explanation Of The Heart Sutra:

The Heart Sutra Explained Donald S. Lopez, 1988-01-01 Renowned for its terse declaration of the perfection of wisdom the Heart Sutra is the most famous of Buddhist scriptures The author draws on previously unexamined commentaries preserved only in Tibetan to investigate the meanings derived from and invested into the sutra during the later period of Indian Buddhism The Heart Sutra Explained offers new insights on form is emptiness emptiness is form on the mantra gate gate paragate parasamgate bodhi svaha and on the synthesis of Madhyamika Yogacara and tantric thought that characterized the final period of Buddhism in India It also includes complete translations of two nineteenth century Tibetan commentaries demonstrating the selective appropriation of Indian sources *Heart of Wisdom* Kelsang Gyatso, 2000-01-01 Heart of Wisdom is based on an oral commentary to the Essence of Wisdom Sutra the Heart Sutra which was given by the author at Manjushri Mahayana buddhist Centre in England The Heart Sutra one of the best known and most popular of Mahayana Buddhist scriptures contains the essence of Buddha's teachings on emptiness and the methods to develop the wisdom that understands this ultimate reality In this highly acclaimed explanation of the Sutra Geshe Kelsang reveals its explicit and implicit meanings with both clarity and authority and relates them to the five Mahayana paths that lead to full enlightenment Seen in modern light Buddha had been able to perceive even see the vast spatial distances between atoms and between sub atomic particles filled with electrons and even sub eletrons in a state of high vibration This atomic condition corresponds to a similar pattern in the brains of living beings and to interstellar and interplanetary gaps The subject of emptiness as the author explains deals with perceptions leading to concept of formation and creation of a world of sense ideas which is merely a random arranging of material resources in an otherwise empty space filled with vibrations of these very particles This is a rather difficult subject handled facilely by the author **Heart of Wisdom** Kelsang Gyatso, 1989 HEART OF WISDOM is an explanation of one of the most popular Mahayana Buddhist scriptures with essential advice on overcoming obstacles to both temporary and ultimate happiness It is an authoritative introduction to emptiness the ultimate nature of reality combines a profound and authentic understanding of Buddha's wisdom teachings with practical methods to develop this wisdom *Elaborations on Emptiness - Uses of the Heart Sutra* Donald S. Lopez (Jr.), 1996 Lopez reveals unexpected points of instability and contradiction in the Heart Sutra which in the end turns out to be the most malleable of texts where the logic of commentary serves as a tool of both tradition and transgression **Finding the Heart Sutra** Alex Kerr, 2020-11-26 An erudite and charming book both a primer and a paeon to one of the central texts of Buddhism known as the Heart Sutra Alex Kerr delves into the Japanese soul Literary Review The material world is itself emptiness Emptiness is itself the material world Powerful mystical and concise the Heart Sutra is believed to contain the condensed essence of all Buddhist wisdom This brief poem on emptiness has exerted immense influence throughout Asia since the seventh century and is woven into the fabric of daily life Yet even though it rivals the teachings of Laozi and Confucius in importance this

ancient Buddhist scripture remains barely known in the West During the many years he has spent living in Japan Alex Kerr has been on a quest after the secrets of the Heart Sutra Travelling from Japan Korea and China to India Mongolia Tibet and Vietnam this book brings together Buddhist teaching talks with friends and mentors and acute cultural insights to probe the universe of thought contained within this short but intense philosophical work Marvellous a life s work a brilliant literary form weaving reflections of the sutra with those on Alex s own magical mystery tour Alexandra Munroe Asian Art scholar and curator
