Heart To Heart Selling Create Clients Through Nurturing Connection:

Heart to Heart Selling Cezar Cehan, 2015-05-07 From my experience as a salesman and as a hypnotherapist it emerged a message that I felt I have to share with the world I want to be transparent this is not another collection of techniques tactics or strategies to make people buy your stuff This is a book about transformation about how to BE a salesperson that people trust respect and want to do business with If you feel uncomfortable about selling if your sales are low or if your clients don't respect you and you try to resolve that by learning manipulation techniques it's like putting a nice paint on a house with a weak foundation The foundation for you is your understanding of what selling means When you fix that foundation and when your inner concept of selling becomes aligned with your actions you'll become congruent in what you do confident and motivated inspiring for your clients In my message I am addressing this misunderstanding that floats around the concept of selling making both salespersons and general public to fear and scorn the profession of selling In Chapter 10 I reveal the original meaning of the concept of selling as it was used thousands of years ago and I use it to propose that selling is supposed to be serving by offering a fair exchange of value coming from an attitude of presence and connection of giving rather than taking of non attachment to the outcome and even of playfulness In Chapter 19 I go deeply into the concept of value and in Chapter 18 I debate that selling by giving the prospect an experience of the value that you offer is much more effective than convincing or persuading them Since many people dread the aspect of asking for money in Chapter 21 I show that the exchange of value is of the essence for the growth of value in any community AND when selling is done from a place of connection and presence of giving rather than taking of understanding rather than forcing or imposing of playfulness without attachment to the outcome of wanting without needing it that's when selling becomes what it is supposed to be serving by offering an equitable exchange of value The way I see it selling is influence Since Influence is a natural and continuous process that cannot be stopped i.e. we are influencing each other all the time the principles that I teach in this book apply to all human interactions friendships romantic relationships parenting and so forth These insights will help you nurture Heart to Heart relationships
