Brett Callaway, 2018-11-07 Not so long ago it was taken for granted that God exists Today there is a blindness to him even though he makes his presence known to all The book begins by showing how better to recognize his presence and understand how he reveals himself to us The next three chapters discuss how we move from an awareness of his presence to beginning to know him and through a knowledge of him begin to know what his purpose is for us and how our lives are shaped by that knowledge Having seen how he reveals himself to us and how we know the world and see the world through different eyes we then look at how to apply

our new view in the face of a society that remains blind to this knowledge Chapters 5 7 explore truth first from the standpoint of its existence then in how to recognize its counterfeits and finally to understand the consequences of its loss Chapters 8 10 look at how and why being able to see God's hand in all aspects of life and to center life on him by faith in his son Jesus Christ completely changes life for the better Non Christians often hear this claim made by evangelists If they ask why too often the answer is in Christian speak that is foreign to them The intent is to bridge from the place where they are and explain how Christians have found peace in times of suffering even joy in the most horrific circumstances enabling them to give thanks in all things In a sense the book finishes where it started by looking at who we truly are what kind of world this is and how God has made all into his glorious plan The Hatter's Daughter W.A. Thompson, 2025-03-28 This book lays out in clear biblical and specific ways how the kingdom of God can effectively intersect with the kingdom of this world. The author first laid out the dark forces in the churches engagement in the so called cultural wars like storm force winds blowing at the doors of the church to influence its message change its historical methods corrupt its mission It identifies the crises in all three areas The author contends that by and large the so called cultural wars waged by sections of the evangelical church have been lost in the real mission of the Christian church The book does not linger long here but rigorously lays out the biblical mandate and methods for the church to regain its purpose and mission of Christ in the world This is the goal of this book From the start the author understood this was an extensive undertaking to

stand like John on the island of Patmos looking at visions of the modern church and to write a manifesto as if to say for God I see you I see what a large and influential segment of the church is doing which I contend is hurting the cause of Christ and His Gospel today But also to say that I see what is needed to again influence the culture to turn to Christ To give as did John a clear voice to defy the confusions and uncertainties and communicate effectively the Gospel of Christ to a lost world This goal would seem impossible to see a revival of the Gospel in secular culture like the great revivals of the past Except the ancient prophets said as did Peter in the revival of Pentecost In the last days God says I will pour out my Spirit on all people Your sons and daughters will prophesy your young men will see visions your old men will dream dreams Acts 2 17 This book is a dream path to the reality of a revival of the Gospel in our times **A Leap of Faith** Lenora Worth, 2006 When a family tragedy brings Autumn Clancy home to Texas after many years she learns that outsider Campbell Dupree has been chosen to take over the family business Autumn and Campbell clash in every area of life until they fall in love Original a Crossroads Melinda A. Quivik, 2023-04-13 This book calls Protestant churches and the ELCA in particular to a church wide conversation about racism It is a response to the 2019 book Dear Church by Lenny Duncan a former Lutheran pastor who is Black and who among other reparations calls for changing the church's worship in order to address segregated Sundays Changes in worship affect theological foundations Informed consideration is essential Because entering into life changing conversations requires vulnerability and commitment this book includes several narratives my life as a White woman and pastor the history of the Black church as defined by Black theologians the development of the liturgical renewal movement and my experiences as a professor navigating worship conflicts as my seminary struggled with financial constraints and a changing student body The seminary conflicts offered me a window into how better to address racism inspired by the example of post WWII German truth telling and how some US Southern states have come to grips with the history of the Jim Crow South described in Susan Neiman's Learning from the Germans This book outlines a way forward for churches in responding to racism by encouraging healthy engagement with contentious relationships as a necessity for healing
