and lakes Some of the most beautiful parks were plotted in the early days of the cities Even today there are big differences between the cities For example St Paulites gluttons for punishment host the annual Winter Carnival during the coldest time of the year Minneapolitans take the easy way out by celebrating the Aquatennial Festival each summer Despite having their city festivals at opposite ends of the solstice Minnesotans love the outdoors Even with the notoriously fierce winters Minnesotans statistically spend more time outside than most Whether you re interested in art culture history or nature there s a walk in this book designed for your interests We hope that it serves not only as a guidebook for re discovering the Twin Cities but as a springboard for additional explorations This book contains 35 walks of varying levels of difficulty built around the natural architectural and historical attractions of Minneapolis and St Paul The downtown areas of both cities are explored in depth as well as many of the neighborhoods scenic parks and lakes that are scattered through the area
