The Wiley Handbook of What Works in Violence Risk Management J. Stephen Wormith, Leam A. Craig, Todd E.

Hogue,2020-02-10 A comprehensive guide to the theory research and practice of violence risk management The Wiley Handbook of What Works in Violence Risk Management Theory Research and Practice offers a comprehensive guide to the theory research and practice of violence risk management With contributions from a panel of noted international experts the book explores the most recent advances to the theoretical understanding assessment and management of violent behavior Designed to be an accessible resource the highly readable chapters address common issues associated with violent behavior such as alcohol misuse and the less common issues for example offenders with intellectual disabilities Written for both those new to the field and professionals with years of experience the book offers a wide ranging review of who commit acts of violence their prevalence in society and the most recent explanations for their behavior The contributors explore various assessment approaches and highlight specialized risk assessment instruments The Handbook provides the latest evidence on effective treatment and risk management and includes a number of well established and effective treatment interventions for violent offenders This important book Contains an authoritative and comprehensive guide to the topic Includes contributions from an international panel of experts Offers information on violence risk formulation Reveals the most recent techniques in violence risk assessment Explains what works in violence intervention Reviews specialty clinical assessments Written for clinicians and other professionals in the field of violence prevention and assessment The Wiley Handbook of What Works in Violence Risk Management is unique in its approach because it offers a comprehensive review of the topic rather than like other books on the market that take a narrower view *Handbook of Domestic Violence Intervention Strategies* Albert R. Roberts,2002-03-28 The Handbook of Domestic Violence Intervention Strategies will help professionals swiftly and compassionately meet the multiple needs of domestic violence clients Based on the successful Helping Battered Women OUP 1996 this completely revised and expanded volume includes 25 chapters written by experts in the field covering the latest research policies and treatment models The Handbook also addresses important policy reforms risk assessment protocols and program developments Its five sections include Public Policy Research and Social Action Criminal Justice and Legal System Responses Health Care Addictions and Mental Health Treatment Crisis Intervention Advocacy and Specialized Programs and Vulnerable At risk Groups and Multi Cultural Issues **Intimate Partner and Family Abuse** John Hamel, LCSW,2008-06-16 The collected case examples are noteworthy in their diversity of presenting issue treatment format and outcome As a whole they underline our continued need to conduct assessments with clients prior to initiating treatment to direct treatment toward identified client related problems in essence meeting clients where they are and to collect data that speaks to the effectiveness of our interventions in many settings and with many types of clients Jennifer Langhinrichsen Rohling PhD Professor of Psychology University of South Alabama Shows how to successfully conduct family interventions using case studies Includes male perpetrated female perpetrated and mutual violence scenarios Presents a variety of theoretical orientations Includes discussion questions after each case study This casebook showcases a wide variety of

couples and families whose domestic violence cases vary in their composition ethnic and socioeconomic status and mental health issues The case authors outline different therapeutic approaches for each case including cognitive behavioral family systems feminist problem solving and many others Each account includes a thorough description of the assessment procedure treatment goals and reasons for selecting a particular approach and an account of the course of treatment The book is primarily intended for mental health professionals and graduate students in the fields of family therapy counseling and family violence but will also be of value to anyone in the field of family violence and those concerned with domestic violence public policy prevention and intervention Translating Psychological Research Into Practice Lisa R.

Grossman, Steven Walfish, PhD, 2013-11-15 It is refreshing to see both a researcher's and a clinician's viewpoint The case examples in the clinician sections are great learning tools This is a wonderful reference for both new therapists and seasoned veterans Researchers also will learn how clinicians use theories in the real world Score 92 4 Stars Doody's Medical Reviews The format whereby the evidence for efficacy of psychological interventions for the problem in question is reviewed by an expert followed by a clinician presenting a case where these treatments were actually utilized and the real life problems one runs up against in the course of treatment is innovative enough But then to repeat this for 65 different problems in a manageable and succinct format represents a true integration of science and practice in a way that will move us forward David H Barlow PhD ABPP Center for Anxiety and Related Disorders Boston University It is only through the development of true partnerships between researchers and clinicians that mental health treatment can achieve an optimal level of success This highly accessible desk reference will assist clinicians in easily incorporating findings from current evidence based research into their day to day practice It bridges the gap between empirical research and the needs of practicing clinicians and clinicians in training The guide brings together respected researchers and clinicians to discuss approaches to treating over 60 problem areas for adults adolescents and children It provides concise easily digestible summaries of the most current evidence based research regarding interventions for many of the most common clinical disorders and mental health issues encountered in everyday clinical practice These summaries present research that has been translated by experienced clinicians into practical applications that can be easily incorporated in therapeutic practice Research coverage of each problem area includes Brief description Incidence prevalence data Summary findings of best practices for treatment Suggestions for research directions Key references for further consultation The corresponding clinical application includes Response to the research summary Case example that applies the evidence based research to clinical practice Identification of challenges and cultural considerations in applying these interventions Suggestions for future research Key references By presenting the perspectives of the mental health researcher and clinician side by side this reference facilitates an important dialogue that narrows the gap between research and practice and ultimately fosters better mental health outcomes for clients Key Features Covers over 60 of the most frequently encountered disorders and issues for both adult and pediatric

clients that mental health clinicians face today Brings together leading researchers and clinicians to discuss their approaches to treating a clinical problem area Summarizes the current research on treatments in each problem area Interprets research for clinicians offering practice wisdom that helps them become more effective evidence based practitioners

Gender-Inclusive Treatment of Intimate Partner Abuse, Second Edition John Hamel,2013-11-08 Print CourseSmart

Solution-focused Treatment of Domestic Violence Offenders Mo Yee Lee,John Sebold,Adriana Uken,2003 Rates of recidivism for domestic batterers following traditional treatment programs has lent urgency to finding alternative methods This book describes a cutting edge approach to treatment solution focused therapy that focuses on holding offenders responsible for building solutions *Happy Parenting: Happy Kids* Dr. Joan D. Atwood,2019-04-06 This book brings together the latest research on successful parenting with tried and true techniques for raising healthy happy children **Handbook**

of LGBT-Affirmative Couple and Family Therapy Jerry J. Bigner,Joseph L. Wetchler,2012-05-04 The editors and contributors of this comprehensive text provide a unique and important contribution to LGBT clinical literature Spanning 30 chapters they discuss the diverse and complex issues involved in LGBT couple and family therapy In almost 15 years this book provides the first in depth overview of the best practices for therapists and those in training who wish to work effectively with LGBT clients couples and families need to know and is only the second of its kind in the history of the field The clinical issues discussed include raising LGBT children coming out elderly LGBT issues sex therapy ethical and training issues Because of the breadth of the book its specificity and the expertise of the contributing authors and editors it is the definitive handbook on LGBT couple and family therapy Domestic Violence Perpetrators John Devaney,Anne Lazenbatt,2016-07-15 Domestic violence is a serious widespread public social and health problem that affects the lives of many women children and men There is also evidence to suggest it has one of the highest rates of recidivism This comprehensive book provides an overview of what the research tells us about the perpetrators of domestic violence and what works and what doesn't in promoting positive change Collecting together the most up to date evidence from the international literature and bringing psychological sociological gendered and socio political theoretical perspectives to bear on the issue the authors explore what domestic violence is why it happens and how it can be measured who the perpetrators of domestic violence are including discussion of non stereotypical patterns such as male victims female perpetrators couples where the abuse is mutual and couples with abusive relationships who want the abuse to end but the relationship to be sustained strategies for engaging perpetrators in interventions and for promoting behaviour change evidence informed interventions programmes and policies for working with perpetrators where robust evidence is lacking and more research needs to be undertaken Domestic violence is a significant problem for those individuals and families whose life is affected by this issue the social health and criminal justice agencies that respond to it and wider society which must bear the costs and its devastating effects This volume is an important reference for all those researching and working with the victims survivors

and perpetrators of domestic violence including academics and students from fields such as social work sociology criminology psychology and social policy
