Hume, 2020-06-07 I M LIZETTE CLARY copywriter by day and Epic Fail Girl by night I m an internet meme so notorious that I made a brand out of being human wreckage Now I m up for a promotion to New Media Editor at my real job but there s a catch I have to compete with some guy named Jason Moon a Pulitzer winning photojournalist taller and more gorgeous than any man I ve swiped right on Jason says he doesn t want the New Media Editor job but a project that inspires him And right now he seems inspired to help me stop being an Epic Fail We have to work together for six months either way What s the harm in becoming Jason Moon s pet project I M JASON MOON Yes that Jason Moon It s been years since I felt inspiration My last muse destroyed my life when she left it and I ve been looking for a new model to relight the fire inside me Instead I have Lizette Clary a party girl who comes to work hungover with a poop emoji purse She s brilliant but the New Media Editor needs more than brilliance She needs control I ll help her learn to adult so to speak Lizette s eager to improve and by the time I m done with her she ll be a great editor My plan is perfect except for one thing I m starting to feel inspired by a human meme And it s not just passion for art MY FAIR MILLENNIAL is Pygmalion with Snapchat puppy ears A hilarious contemporary romance filled with slapstick sexual tension and enough 2014 pop culture to leave you swinging from the chandelier First in a new series by really good looking and hilarious author Elle Hume *Awaiting Dawn* Moses Ahamefula

Newman, 2025-01-28 In numerous African nations the aspirations of young individuals are often frustrated by systemic issues such as ineffective leadership and governance *Awaiting Dawn* delves into the fictional journey of Meme a talented student whose hopes for a better future are dashed by tragedy when his father passes away unexpectedly Facing barriers like biased governmental policies and economic hardships Meme is compelled to abandon his academic dreams and pursue a trade like many others in his situation However a chance encounter with Mr Njoku his best friend s father alters his course

dramatically With Mr Njoku s connection Meme secures a rare government scholarship and seizes the opportunity to move to the United States to pursue his desired education Reuniting with old friends Ify his secondary school crush and Ike in the U S reignites Meme s sense of purpose and optimism propelling him toward his goals once again **Corsican Honor** William

Heffernan,2014-07-08 The electrifying follow up to The Corsican Cold War Marseille is a city of shadowy alliances and loose morals where a good man can lose sight of which side he is really on and evil men profit from the misery and confusion of others It is therefore the perfect town for Ernst Ludwig an East German terrorist who is sadistic beyond measure But when Ludwig kidnaps and murders the wife of Alex Moran the US intelligence agent hot on his trail he sets off a blood feud whose violent shock waves will span decades and reach all the way across the globe To avenge his wife s death Moran turns to his uncles in the Corsican Mafia Antoine and Meme Pisani The Pisanis have been in league with US intelligence since the 1940s when Moran s father a CIA agent sought their help in suppressing Communist agitators But the height of the Cold War is a more complicated era and Moran is forced to resign when his personal alliance with the underworld threatens to shed light on murky dealings between the US government and the mob dealings that are way above his pay grade Ten years later he is called back into action when Ludwig resurfaces as the chief henchman of a Colombian drug lord bent on bringing the Pisani brothers to their knees Given another chance at revenge Moran will stop at nothing to bring the German s reign of terror to a grisly end William Heffernan s return to the bestselling world of Corsican crime and international espionage is a thriller so propulsive it grabs you by the throat on the very first page and never lets go **The Discursive Power of Memes in**

Digital Culture Bradley E. Wiggins,2019-02-25 Shared posted tweeted commented upon and discussed online as well as off line internet memes represent a new genre of online communication and an understanding of their production dissemination and implications in the real world enables an improved ability to navigate digital culture This book explores cases of cultural economic and political critique levied by the purposeful production and consumption of internet memes Often images animated GIFs or videos are remixed in such a way to incorporate intertextual references quite frequently to popular culture alongside a joke or critique of some aspect of the human experience Ideology semiotics and intertextuality coalesce in the book s argument that internet memes represent a new form of meaning making and the rapidity by which they are produced and spread underscores their importance **Virus of the Mind** Richard Brodie,2011-02-15 Virus of the Mind is the first

popular book devoted to the science of memetics a controversial new field that transcends psychology biology anthropology and cognitive science Memetics is the science of memes the invisible but very real DNA of human society In Virus of the Mind Richard Brodie carefully builds on the work of scientists Richard Dawkins Douglas Hofstadter Daniel Dennett and others who have become fascinated with memes and their potential impact on our lives But Richard goes beyond science and dives into the meat of the issue is the emergence of this new science going to have an impact on our lives like the emergence of atomic physics did in the Cold War He would say the impact will be at least as great While atomic bombs affect everybody s life

viruses of the mind touch lives in a more personal and more pernicious way Mind viruses have already infected governments educational systems and inner cities leading to some of the most pervasive and troublesome problems of society today youth gangs the welfare cycle the deterioration of the public schools and ever growing government bureaucracy Viruses of the mind are not a future worry they are here with us now and are evolving to become better and better at their job of infecting us The recent explosion of mass media and the information superhighway has made the earth a prime breeding ground for viruses of the mind Will there be a mental plague Will only some of us survive with our free will intact Richard Brodie weaves together science ethics and current events as he raises these and other very disturbing questions about memes **Science, Faith, Society: New Essays on the Philosophy of Michael Polanyi** Péter Hartl, 2024-04-03 The book is arguably the first comprehensive collection of essays on Michael Polanyi's social political philosophy The essays combine philosophical and historical approaches to show Polanyi's social thought in the context of his epistemology and philosophy of science as well as the 20th century intellectual history This volume appeals to specialists in Michael Polanyi's philosophy political philosophers who are interested in the 20th century political thought mainly conservative liberal political tradition Furthermore it appeals to scholars focusing on the intersections between epistemology and political philosophy **Science, Bread, and Circuses** Gregory Schrempp, 2014-11-15 In Science Bread and Circuses Gregory Schrempp brings a folkloristic viewpoint to the topic of popular science calling attention to the persistence of folkloric form idiom and worldview within the increasingly important dimension of popular consciousness defined by the impact of science Schrempp considers specific examples of texts in which science interpreters employ folkloric tropes myths legends epics proverbs spectacles and a variety of gestures from religious tradition to lend credibility and appeal to their messages In each essay he explores an instance of science popularization rooted in the quotidian round variations of proverb formulas in monumental measurements invocations of science heroes like saints or other inspirational figures the battle of mythos and logos in parenting and academe how the meme has become embroiled in quasi religious treatments of the problem of evil and a range of other tropes of folklore drafted to serve the exposition of science Science Bread and Circuses places the relationship of science and folklore at the very center of folkloristic inquiry by exploring a range of attempts to rephrase and thus domesticate scientific findings and claims in folklorically imbued popular forms **Redefining Translation and Interpretation in Cultural Evolution** Seel, Olaf Immanuel, 2017-10-31 Culture has a significant influence on the emerging trends in translation and interpretation By studying language from a diverse perspective deeper insights and understanding can be gained Redefining Translation and Interpretation in Cultural Evolution is a pivotal reference source for the latest scholarly research on culture oriented translation and interpretation studies in the contemporary globalized society Featuring coverage on a range of topics such as sociopolitical factors gender considerations and intercultural communication this book is ideally designed for linguistics educators researchers academics professionals and students interested in cultural discourse in translation studies *The*
