**Healing in the History of Christianity** Amanda Porterfield, 2005-08-25 Healing is one of the most constant themes in the long and sprawling history of Christianity Jesus himself performed many miracles of healing In the second century St Ignatius was the first to describe the eucharist as the medicine of immortality Prudentius a 4th century poet and Christian apologist celebrated the healing power of St Cyprian's tongue Bokenham in his 15th century *Legendary* reported the healing power of milk from St Agatha's breasts Zulu prophets in 19th century Natal petitioned Jesus to cure diseases caused by restless spirits And Mary Baker Eddy invoked the Science of Divine Mind as a weapon against malicious animal magnetism In this book Amanda Porterfield demonstrates that healing has played a major role in the historical development of Christianity as a world religion Porterfield traces the origin of Christian healing and maps its transformations in the ancient medieval and modern worlds She shows that Christian healing had its genesis in Judean beliefs that sickness and suffering were linked to sin and evil and that health and healing stemmed from repentance and divine forgiveness Examining Jesus' activities as a healer and exorcist she shows how his followers carried his combat against sin and evil and his compassion for suffering into new and very different cultural environments from the ancient Mediterranean to modern America and beyond She explores the interplay between Christian healing and medical practice from ancient times up to the present looks at recent discoveries about religion's biological effects and considers what these findings mean in light of ages-old traditions about belief and healing Changing Christian ideas of healing Porterfield shows are a window into broader changes in religious authority church structure and ideas about sanctity history resurrection and the kingdom of God Her study allows us to see more clearly than ever before that healing has always been and remains central to the Christian vision of sin and redemption suffering and bodily resurrection

**The Christian Healing Power** Charles Fillmore, 2019-12-18 Much has been written and said about the healing methods that Jesus used in His very striking cures of physical ills However very few have dared even to suggest that Jesus applied universal law in His restorative methods Charles Fillmore has found that Jesus' healing methods were based on universal mental and spiritual laws that anyone can utilize Ultimately that cognition led him to the conclusion that man and the universe are founded on mind and that all changes for good or ill are changes of mind
