Remaking Policy Carolyn Hughes Tuohy, 2018-06-03 One of the most persistent puzzles in comparative public policy

concerns the conditions under which discontinuous policy change occurs In *Remaking Policy* Carolyn Hughes Tuohy advances an ambitious new approach to understanding the relationship between political context and policy change Focusing on health care policy Tuohy argues for a more nuanced conception of the dynamics of policy change one that makes two key distinctions regarding the opportunities for change and the magnitude of such changes Four possible strategies emerge large scale and fast paced big bang large scale and slow paced blueprint small scale and rapid mosaic and small scale and gradual incremental As Tuohy demonstrates these strategies are determined not by political and institutional conditions themselves but by the ways in which political actors individually and collectively read those conditions to assess their prospects for success in the present and over time Drawing on interviews as well as primary and secondary accounts of ten health policy cases over seven decades 1945 2015 in the US UK the Netherlands and Canada *Remaking Policy* represents a major advance in understanding the scale and pace of change in health policy and beyond [Healthcare.Gov](#) United States Government Accountability Office, 2017-09-23 The Patient Protection and Affordable Care Act required the establishment of health insurance marketplaces in each state to allow consumers to compare select and purchase health insurance plans States establishing their own marketplaces are responsible for securing the supporting information systems to protect sensitive personal information they contain CMS is responsible for overseeing states efforts as well as securing federal systems to which marketplaces connect including its data hub GAO was asked to review security issues related to the data hub and CMS oversight of state based marketplaces Its objectives were to 1 describe security and privacy incidents reported for Healthcare.gov and related systems 2 assess the effectiveness of security controls for the data hub and 3 assess CMS oversight of state based marketplaces and the security of selected state based marketplaces GAO reviewed incident data analyzed networks and controls reviewed policies and procedures and interviewed CMS and marketplace officials This is a public version of a limited official use only report that GAO issued in March 2016 Sensitive information on technical issues has been omitted from this version **Terrorism: Commentary on Security Documents Volume 140** Douglas Lovelace, 2015 *Terrorism Commentary on Security Documents* is a series that provides primary source documents and expert commentary on various topics relating to the worldwide effort to combat terrorism as well as efforts by the United States and other nations to protect their national security interests Volume 140 *The Cyber Threat* considers U S policy in relation to cybersecurity and cyberterrorism and examines opposing views on cybersecurity and international law by nations such as Russia and China The documents in this volume include testimony of FBI officials before Congressional committees as well as detailed reports from the Strategic Studies Institute U S Army War College Press and from the Congressional Research Service The detailed studies in this volume tackling the core issues of cybersecurity and cyberterrorism include *Legality in Cyberspace An Adversary View* and *Distinguishing Acts of War in Cyberspace* and *Assessment Criteria Policy Considerations and Response Implications* [Managing an Information Security and Privacy Awareness and Training Program](#) Rebecca
