suicide at the age of twenty He invested in various schemes and lost his inheritance He married an English typist nearly sixteen years younger than himself with whom he had nothing in common He worked as a writer though he made no money through all the years of his most important work and though he experienced terrible psychological breakdowns after completing each novel He was warm with his friends ingratiating with influential strangers but also intensely irritable and easily offended His work is as varied and changeable as his personality from his first two emotionally intense Malay novels to the stolid and confident *Nigger of the Narcissus* and *Typhoon* from the coldly ironic *Outpost of Progress* to the nightmarishly subjective *Heart of Darkness* from the leisurely panoramic visions of *Nostromo* to the tautly nervous claustrophobic ironies in *The Secret Agent* Despite the extraordinary thematic and tonal range of his work critics have imposed a stable political perspective on his fiction most often an organic conservatism influenced by his Polish background This is understandable until recently a critic's role has been to impose order on an artist's creations The approach in this book is different Drawing on the work of Michel Foucault and Jean Francois Lyotard especially on the latter's critique of what he called the grand narrative *A Political Genealogy of Joseph Conrad* shows how Conrad's politics were always radically contingent on audience contemporary events and especially genre While the political perspective in each of his stories and novels may be more or less coherent and consistent there is no consistency throughout his work *A Political Genealogy of Joseph Conrad* is the first book devoted exclusively to Conrad's politics since the 1960s
