**Land of Wolves** Craig Johnson, 2020-08-04 The new novel in Craig Johnson's beloved New York Times bestselling Longmire series. It's the scenery and the big guy standing in front of the scenery that keeps us coming back to Craig Johnson's lean and leathery mysteries. The New York Times Book Review: Recovering from his harrowing experiences in Mexico, Sheriff Walt Longmire returns to Absaroka County, Wyoming, to lick his wounds and try once again to maintain justice in a place with grudges that go back generations. When a shepherd is found dead, Longmire suspects it could be suicide. But the shepherd's connection to the Extepare, a powerful family of Basque ranchers with a history of violence, leads the sheriff into an intricate investigation of a possible murder. As Walt searches for information about the shepherd, he comes across strange carvings on trees as well as play money coupons from inside Mallo Cup candies, which he interprets as messages from his spiritual guide, Virgil White Buffalo. Longmire doesn't know how these little blue cards are appearing, but Virgil usually reaches out if a child is in danger. So when a young boy with ties to the Extepare clan arrives in town, the stakes grow even higher. Even more complicating, a renegade wolf has been haunting the Bighorn Mountains, and the townspeople are out for blood. With both a wolf and a killer on the loose, Longmire follows a twisting trail of evidence leading to dark and shocking conclusions.

*A Philosophy of Gun Violence* Alan J. Reid, 2022-08-20. This book uses a philosophy of technology to demonstrate that guns are predisposed for an intentional use, making them inherently non-neutral artifacts. This argument rejects the often-cited value-neutral thesis and instrumentalist view that guns don't kill people; people kill people, and instead explains the lethality of the gun through the lenses of affordance theory, behavioral design, and choice architecture. Ultimately, this book proposes an ethical and value-sensitive model for gun reform, which embodies the perspective of French philosopher Bruno Latour, who said, "You are different with a gun in your hand; the gun is different with you holding it."

**Proof of Life** Jack R. Sparacino, 2022-04-05. Proof of Life takes a wide-angle view of a term that is usually limited to kidnapping cases involving potential ransom payments. The author uses that narrow definition as a launching point to explore many other ways in which we all know that we are indeed alive and experiencing life to its fullest.
