Against Dogmatism Madhuri M. Yadlapati,2013-11-15 Many contemporary discussions of religion take an absolute intractable approach to belief and nonbelief that privileges faith and dogmatism while treating doubt as a threat to religious values As Madhuri M Yadlapati demonstrates however there is another way a faith or nonfaith that embraces doubt and its

potential for exploring both the depths and heights of spiritual reflection and speculation Through three distinct discussions of faith doubt and hope Yadlapati explores what it means to live creatively and responsibly in the everyday world as limited imaginative and questioning creatures She begins with a perceptive survey of diverse faith experiences in Islam Buddhism Judaism Hinduism and Protestant Christianity and then narrows her focus to Protestant Christianity and Hinduism to explore how the great thinkers of those faiths have embraced doubt in the service of spiritual transcendence Yadlapati traces religious perspectives on trust humility belonging commitment and lively skepticism as they relate to faith and doubt Drawing on various doctrines scriptures and the writings of great religious thinkers such as C S Lewis S ren Kierkegaard Karl Barth and Raimon Panikkar Yadlapati demonstrates how doubt can serve to enhance faith not hinder it Defending the rich tapestry of faith and doubt against polarization Against Dogmatism reveals an ecumenical middle way a spiritual approach native to traditions in which faith and doubt are interwoven in constructive and dynamic ways

Sounds of Hope Robert Janacek, 2012-07-01 For a world so out of tune this treatise intends to correlate from various instruments of learning a new sound a sound of hope This sound will be heard as each truth from key areas of knowledge will be played in a synthesis of theology psychology and philosophy all in the context of a valid cosmology To listen and read the key concepts and predictions of the secular authorities our earth is either destined for a massive freeze or one ending in conflagration Thus the concern of the author is that all too often each area of study is playing its own sound and valid as it may be is not listening or seeing what could be if these sounds became part of a symphony In Sounds of Hope Robert N Janacek contends that when these sounds are truly heard and projected in our anticipated symphony a new and harmonious world will be enacted At a time when there are almost constant sounds of hate death and hopelessness a world awaits one for us to hear and attend as a new concert a concert playing a score of harmony and hope

Justice That Transforms, Volume One Wayne Northey, 2020-01-09 Restorative Justice was a term and concept largely unused before the mid 1970s Wayne Northey happened to be in on the ground floor of facilitating

its worldwide adoption as a challenge to Western retributive justice systems ultimately to violent responses to conflict domestically and internationally The most replicated early model of Restorative Justice based on the well known Elmira Case was a Canadian first initially dubbed Victim Offender Reconciliation Project VORP The author became its second director in 1977 The term mediation later displaced the more religious word reconciliation as the model spread outside Christian moorings and program displaced the initially more tentative project At seminary Northey had learned to think through one's vocation theologically He began in that vein writing and publishing on this profound call for a systemic paradigm shift and has been at it ever since This publication is volume 1 of a series of his collected writings of which two additional volumes may be found online Two or three further volumes are projected [Your Faith, Your Life](#) Jenifer Gamber, Bill Lewellis, 2017-11-17 Revised and updated popular resource for adults Not just a book of information but a book for transformation The everything you need to know adult guide to the Episcopal Church that is easy to read but with substance for newcomers adult formation groups and lifelong Episcopalians who desire to know more about their church The language of worship theology church structure sacraments and discipleship offers a framework to explore the meaning and practice of being an Episcopalian and follower of Jesus This updated and revised version of the popular original 2009 book incorporates new initiatives and changes in the Episcopal Church including marriage inclusion of LBGTQ persons Presiding Bishop Michael Curry's call to join the Jesus Movement and taking our faith out into the world following our baptismal promises A Leader Guide is included in this revised edition in addition to the transformation questions that follow each chapter **A Vision of Hope for the End Times** R. Loren Sandford, 2018-12-18 Resist the End Times Frenzy of Fear In recent times the body of Christ has seen a frenzy of fruitless end times speculation But how should we Biblically respond to the last days If the people of God are to be effective catalysts for Kingdom transformation in these uncertain times we must live with clarity purpose and *Martin Luther King, Jr., and the Theology of Resistance* Rufus Burrow, Jr., 2014-11-19 It has been nearly fifty years since Martin Luther King Jr was assassinated at the Lorraine Motel in Memphis Tennessee Appraisals of King's contributions began almost immediately and continue to this day The author explores a great many of King's chief ideas and socio ethical practices his concept of a moral universe his doctrine of human dignity his belief that not all suffering is redemptive his brand of personalism his contribution to the development of social ethics the inclusion of young people in the movement sexism as a contradiction to his personalism the problem of black on black violence and others The book reveals both the strengths and the limitations in King's theological socio ethical project and shows him to have relentlessly applied personalist ideas to organized nonviolent resistance campaigns in order to change the world Instructors considering this book for use in a course may request an examination copy here [No Ceiling to Hope](#) Patrick Regan, 2024-03-21 Servants of Christ are in the transformation business This kind of transformation will only happen if we refuse to be seduced by false idols like success money fame and security to become the church we were called to be We need to take ownership of the problems around us

and work with people who are suffering in order to find solutions and offer lasting change In No Ceiling to Hope Patrick travels the globe to find examples of this change In Bolivia he reports how Christian backing for education projects is allowing families to find a way out of poverty In London XLP is mentoring young people to turn aside from violence In Los Angeles a new future is being offered to gang girls In high security prisons in the UK and US the Spirit is turning lives around In Belfast s Shankill Road area a group of elderly ladies is cooking meals for men who sit all day in local pubs The list is extensive and inspiring The common element is that in all circumstances Christ is offering hope Be inspired afresh that when it comes to what Jesus can do there really is no ceiling to hope
