Delusion Philip Gardiner, 2009-12-16 Explains the processes of delusion and provides answers to some of the biggest mysteries: alien abduction and UFOs, ghosts, and the paranormal propaganda and religious mind control. Is mankind ready for the truth? *An End to All Disease* Lt. Lawrence F. Frego, 2006-07-19 We are at the crossroads of world health. On the one hand, we face the possibility of a world-wide pandemic, the likes of which has never been seen before. We are likewise on the threshold of discovering natural cures for nearly every disease. As choosing wisely may mean the difference between life and death, this book is designed to help the reader choose alternative options that are seldom, if ever, in the news. Jared Diamond, in his groundbreaking work *Collapse: How Societies Choose to Fail or Succeed*, addresses the fact that only civilizations that recognize the threats against their existence and deal with the threat effectively survive. Civilizations with their heads in the sand become extinct or are conquered by more vigorous nations. The robber barons of the last century were able to create a monopoly for oil and the automobile by ruthlessly and systematically destroying all competition. They tore up cable car lines and public transportation so the public would have no other alternative except their oil. Today, the drug monopolies owned by the descendants of these same robber barons are nearly complete in their plot to eradicate all natural, low-cost remedies for disease prevention and treatment. In the state of Florida, naturopathic physicians were de-licensed unless they also had a conventional medical license. The powers that be want to create a drug-induced society at an enormous financial and emotional cost to the public at large. They are even trying to outlaw vitamins via European health treaties and side-step the American constitution and the public. The ever-escalating cost of medical care, created by lack of natural alternative options, can only lead to the eventual total collapse of the entire medical system. It is exceedingly difficult finding the truth about alternative medicine, as the system has a vested interest in making profits and keeping the truth from you. A few thousand deaths is an acceptable loss if a few billion dollars can be made. And it will be a cold day in hell before a drug company puts itself out of business by telling you about a low-cost natural cure that their product can manage. The guardians of public health know which side their toast is buttered on, also. The career politicians and beltway bandits at the FDA know where the money is, and they don't get it from you or providers of natural cures. The drug monopolies pay the big bucks. There have been no checks and balances. Corruption has become so pronounced that the US House of Representatives is seeking to pass the
