My SMART Goal Planner

What EXACTLY do I want to accomplish?

I want to get all 4's on my report card.

How will I know when I meet my goal?

When my report card comes out.

Is it possible to meet this goal with effort by my timeline?

If I work hard during school and at home I can accomplish my goal.

Is this goal worth working hard to accomplish? Does it help me with my long term goals?

This goal is worth working hard for because it will make my Parents and myself happy. Also if I get good grades now it will help me in school later.

What is the deadline I have set to meet this goal?

By the end of the quarter.

A goal without a plan is just a wish. —Antoine De Saint Exupery

Student Achievement Goal Setting Leslie Grant, James Stronge, 2013-10-11 The first book in the James H Stronge Research to Practice series focuses on improving student achievement through academic goal setting. It offers the tools and plan of action to use performance data to improve instructional practice and increase student achievement. *Enduring Issues In Special Education* Barbara Bateman, John W. Lloyd, Melody Tankersley, 2015-02-20 *Enduring Issues in Special Education* is aimed at any course in the undergraduate or graduate special education curriculum that is wholly or partly devoted to a critical examination of current issues in special education. The book organizes 28 chapters into seven sections using familiar structuring principles: what, who, where, how, when, why, and whither. Each section begins with an introduction that provides historical, legal, and theoretical background information and organizing commentary for the chapters that follow. The book's objective, in addition to informing readers about the issues, is to develop critical thinking skills in the context of special education. Key features include the following: Dialectic Format: Each of the 28 chapters presents compelling reasons for addressing the issue at hand and specific ways to do so. Because each issue is written from different perspectives and focuses on a variety of aspects, readers are encouraged to weigh the arguments, seek additional information, and come up with synthesized positions of their own. Organizing Framework: The book's seven sections have been arranged according to a scheme that is the essence of most investigative reporting and provides a coherent, easy-to-understand framework for readers. Expertise: All chapters are written by leading scholars who are highly regarded experts in their fields and conclude with suggested readings and discussion questions for additional study. *Working With Students With Disabilities* Vicki A. McGinley, Barbara C. Trolley, 2015-09-14 *Working with Students with Disabilities: Preparing School Counselors* by Vicki A. McGinley and Barbara C. Trolley is an essential tool for all school counselors in training and in practice, with the aim to provide a comprehensive approach to working with students with disabilities in a school setting.
