God Guns And Rocknroll:

God, Guns & Rock'N'Roll Ted Nugent,2001-08-14 Rock and Roll legend Ted Nugent contends that a lot of what is wrong with this country could be remedied by a simple but controversial concept gun ownership **Emily Gets Her Gun** Emily Miller,2013-09-03 In the wake of tragic shootings in Newtown and Aurora the anti gun lobby has launched a campaign of lies distortion misrepresentation and emotional manipulation that is breathtaking in its vitriol and its denial of basic facts Their goal is to take away our Second Amendment rights and then disarm law abiding Americans Emily Miller tells her personal story of how being a single female victim of a home invasion drove her to try to obtain a legally registered gun in Washington D C The narrative sometimes shocking other times hilarious in its absurdity gives the reader a real life understanding of how gun control laws only make it more difficult for honest law abiding people to get guns while violent crime continues to rise Using facts and newly uncovered research Miller exposes the schemes politicians on Capitol Hill in the White House and around the country are using to deny people their Second Amendment rights She exposes the myths that gun grabbers and liberal media use to get new laws passed that infringe on our right to keep and bear arms The gun rights debate isn't just about firearms It's about protecting a fundamental right that is enshrined in the U S Constitution It's about politicians who lie manipulate and outright break existing laws to get what they want It's about President Obama wanting a bigger federal government to control you Not just your guns you The fight for gun rights is the fight for freedom Emily Miller says stand up and fight back now because your Second Amendment will only be the first to go **Ted, White, and Blue** Ted Nugent,2010-04-27 It's About Time America has been craving leadership and at last a gun slinging mega rock star deerslayer and patriot has stepped forward to provide it Make way for Ted Nugent Cocked locked and ready to rock the Motor City Madman the thinking man's Abraham Lincoln has unleashed the ultimate high octane political manifesto for the ages in Ted White and Blue the most important patriotic statement since the Constitution In Ted White and Blue you'll discover Why war is the answer to so many of our current problems Why if Ted were a Mexican he'd start a revolution and how since he's not we can control our own borders How to put Uncle Sam on a diet a waste watchers program for government If you care about America if you want to preserve protect and defend the land of the free and the home of the brave if you're fed up with lazy whining fear mongering government gorging Obamaniacs then you need to read Ted White and Blue The Nugent Manifesto **Posthuman Blues** Mac Tonnies,2013-05-20 Posthuman Blues Vol I is first volume of the edited version of the popular weblog maintained by author Mac Tonnies from 2003 until his tragic death in 2009 Tonnies blog was a pastiche of his original fiction reflections on his day to day life trenchant observations of current events and thoughts on an eclectic range of material he culled from the Internet What resulted was a remarkably broad portrait of a thoughtful man and the complex times in which he lived rendered with intelligence imagination and a wickedly absurdist sense of humor **Politically Incorrect Guide to Hunting** Frank Miniter,2007-08-21 Why the Left's anti hunting

propaganda is dead wrong Nothing is more hated and more misunderstood by the trendy Left than hunting But now intrepid hunter and pro hunting activist Frank Miniter sets the record straight In *The Politically Incorrect Guide to Hunting* he details the concrete benefits that hunting provides to all of us even how it helps the environment Speaking with wildlife biologists hunters farmers anti hunters and victims of animal attacks Miniter explains how banning hunting negatively affects wildlife populations and conservation Miniter's fearless politically incorrect take on hunting lays out the facts that liberal enviro nuts don't want you to know [Politically Incorrect Guide to Real American Heroes](#) Brion McClanahan, 2012-11-12 As presidential candidates sling dirt at each other America desperately needs a few real heroes Tragically liberal historians and educators have virtually erased traditional American heroes from history According to the Left the Founding Fathers were not noble architects of America but selfish demagogues And self-made entrepreneurs like Rockefeller were robber barons and corporate polluters Instead of honoring great men from America's past kids today now idolize rock stars pro athletes and Hollywood celebrities In his new book *The Politically Incorrect Guide to Real American Heroes* author Brion McClanahan rescues the legendary deeds of the greatest Americans and shows why we ought to venerate heroes like Captain John Smith adventurer Daniel Boone General Robert E Lee and many more *The Politically Incorrect Guide to Real American Heroes* not only resuscitates America's forgotten heroes but sheds light on the Left's most cherished figures including Franklin Delano Roosevelt and the Kennedys With biting wit and devastating detail McClanahan strikes back against the multicultural narrative peddled by liberal historians who make heroes out of pop culture icons and corrupt politicians In America's hour of peril McClanahan's book is a timely and entertaining call to remember the heritage of this great nation and the heroes who built it *Focus On: 100 Most Popular American Rock Guitarists* Wikipedia contributors, **The Branch Davidians of Waco** Kenneth G. C. Newport, 2006-04-13 What were the beliefs of the Branch Davidians This is the first full scholarly account of their history Kenneth G C Newport argues that far from being an act of unfathomable religious insanity the calamitous fire at Waco in 1993 was the culmination of a long theological and historical tradition that goes back many decades The Branch Davidians under David Koresh were an eschatologically confident community that had long expected that the American government whom they identified as the Lamb-like Beast of the book of Revelation would one day arrive to seek to destroy God's remnant people The end result the fire must be seen in this context **Culture Wars** Roger Chapman, 2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most

timely and critical issues facing America today **Killing Tradition** Simon J. Bronner, 2008-11-21 Across the country and around the world people avidly engage in the cultural practice of hunting Children are taken on rite of passage hunting trips where relationships are cemented and legacies are passed on from one generation to another Meals are prepared from hunted game often consisting of regionally specific dishes that reflect a community's heritage and character Deer antlers and bear skins are hung on living room walls decorations and relics of a hunter's most impressive kills Only 5 percent of Americans are hunters but that group has a substantial presence in the cultural consciousness Hunting has spurred controversy in recent years inciting protest from animal rights activists and lobbying from anti cruelty demonstrators who denounce the custom But hunters have responded to such criticisms and the resulting legislative censures with a significant argument in their defense the claim that their practices are inextricably connected to a cultural tradition Further they counter that they as representatives of the rural lifestyle pioneer heritage and traditional American values are the ones being victimized Simon J Bronner investigates this debate in *Killing Tradition Inside Hunting and Animal Rights Controversies* Through extensive research and fieldwork Bronner takes on the many questions raised by this problematic subject Does hunting promote violence toward humans as well as animals Is it an outdated activity unnecessary in modern times Is the heritage of hunting worth preserving *Killing Tradition* looks at three case studies that are at the heart of today's hunting debate Bronner first examines the allegedly barbaric rituals that take place at deer camps every late November in rural America He then analyzes the annual Labor Day pigeon shoot of Hegins Pennsylvania which brings animal rights protests to a fever pitch Noting that these aren't simply American concerns and that the animal rights movement in America is linked to British animal welfare protests Bronner examines the rancor surrounding the passage of Great Britain's Hunting Act of 2004 the most comprehensive and divisive anti hunting legislation ever enacted The practice of hunting is sure to remain controversial as it continues to be touted and defended by its supporters and condemned and opposed by its detractors With *Killing Tradition* Bronner reflects on the social psychological and anthropological issues of the debate reevaluating notions of violence cruelty abuse and tradition as they have been constructed and contested in the twenty first century **Unearthly** Katie Jane Gallagher, 2021-09-11 An entrancing sci fi retelling of the classic fairy tale Once upon a time an alien prince craving solitude docked his spaceship above the snowy Montana mountains Unbeknownst to him a small town beauty searched for her missing father in the lonely winter woods When Corinne Kaminski volunteers to take her father's place on the alien's sprawling desolate ship she regards it as a death sentence But just as the alien promised no harm befalls her in her strange new home where the walls talk a dense hothouse flourishes and sim rooms transport the user to any place imaginable The ship's only other occupant Del is shocking to look at Beastly some might say But Corinne finds herself unable to look away Yet a gilded cage is still a cage and Corinne longs for freedom Her instincts might be pushing her toward friendship with Del and something more than friendship perhaps but at what cost In this enthralling reimagining of Beauty

and the Beast slow burn romance mixes with alien abduction This new series will transport readers to an enchanted sci fi world of secrets intrigue and spellbinding romance

The Words We Live By Linda R. Monk,2015-08-11 The Words We Live By takes an entertaining and informative look at America s most important historical document now with discussions on new rulings on hot button issues such as immigration gay marriage gun control and affirmative action In The Words We Live By Linda Monk probes the idea that the Constitution may seem to offer cut and dried answers to questions regarding personal rights but the interpretations of this hallowed document are nearly infinite For example in the debate over gun control does the right of the people to bear arms as stated in the Second Amendment pertain to individual citizens or regulated militias What do scholars say Should the Internet be regulated and censored or does this impinge on the freedom of speech as defined in the First Amendment These and other issues vary depending on the interpretation of the Constitution Through entertaining and informative annotations The Words We Live By offers a new way of looking at the Constitution Its pages reflect a critical respectful and appreciative look at one of history s greatest documents The Words We Live By is filled with a rich and engaging historical perspective along with enough surprises and fascinating facts and illustrations to prove that your Constitution is a living and entertaining document Updated now for the first time The Words We Live By continues to take an entertaining and informative look at America s most important historical document now with discussions on new rulings on hot button issues such as immigration gay marriage and affirmative action

Slander Ann Coulter,2003-09-16 The hottest and most controversial book of the year Find out who really controls the media in America Ann Coulter is never in doubt And that along with her bright writing sense of irony and outrage and her relish at finally hitting back at political opponents especially in the media is what makes Slander such refreshing and provocative reading Los Angeles Times Ann Coulter is a fluent polemicist with a gift for Menckenesque invective and she can harness such language to subtle syllogistic argument Washington Post Book World The most popular nonfiction book in America New York Times The real value of Slander is not in the jokes or devastating expos s of liberal politicians and their allies but the serious and scholarly study of just how entrenched the media prejudice is against anyone whose politics are even faintly conservative New York Sun Written with a great deal of passion the real source of its strength and its usefulness was its painstaking marshalling of evidence More important than High Crimes and Misdemeanors because it addresses a much broader issue and one of lasting significance National Review

In the Arena Geoffrey M. Metcalf,2002-11 It is not the critic who counts not the man who points out how the strong man stumbled or where the doer of deeds could have done better The credit belongs to the man who is actually in the arena whose face is marred by the dust and sweat and blood who strives valiantly who errs and comes short again and again who knows the great enthusiasms the great devotions and spends himself in a worthy cause who at the best knows in the end the triumph of high achievement and who at worst if he fails at least fails while daring greatly so that his place shall never be with those cold and timid souls who know neither victory or defeat
