

1. REGULAR VERBS

In Latin the verb is especially important. It carries the subject either to act or to be acted upon. It expresses mood, voice, tense, person, and number. It includes four participles, the gerund, and the supine. The present, imperfect, and the future indicative tenses, active and passive, are formed from the *present stem*, obtained by removing the -re from

the present infinitive. The three perfect indicative active tenses are formed from the *perfect stem*, obtained by removing the -i from the third principal part. The three perfect indicative passive tenses are formed from the fourth principal part, the entire *perfect passive participle*.
