Great Directors At Work Stanislavsky Brecht Kazan Brook:

Great Directors at Work David Richard Jones, 1986 The subject of this book is theatre directing in four internationally famous instances The four directors Konstantin Stanislavsky Bertolt Brecht Elia Kazan and Peter Brook all were monarchs of the profession in their time Without their work theatre in the twentieth century so often called the century of the director would have a radically different shape and meaning The four men are also among the dozen or so modern directors whose theatrical achievements have become culture phenomena In histories theories hagiographies and polemics these directors are conferred classic stature as are the four plays on which they worked Chekhov's *The Seagull* Brecht's *Mother Courage and Her Children* and Williams's *A Streetcar Named Desire* have long been recognized in the theatre and in the study as masterpieces They are anthologized quoted taught parodied read and produced constantly and globally The culturally conservative might question the presence of Marat/Sade in such august company but Peter Weiss's play stands every chance of figuring in Western repertoires classroom study and theatrical histories until well into the twenty first century In their quite different ways these are all classics of that Western drama which is part of our immediate heritage

Elia Kazan Brian Neve, 2008-12-08 In 1999 Elia Kazan 1909-2003 received an honorary Oscar for lifetime achievement it was a controversial award for in 1952 he had given testimony to the HUAC Committee for which he was ostracized by many That Oscar also acknowledged Kazan's remarkable contribution to American and world cinema making such films as *On the Waterfront* and *A Streetcar Named Desire* Kazan's life in the cinema is due a reassessment one that is presented expertly and gracefully by Brian Neve in this book drawing on previously neglected and some hitherto untapped sources Focussing in particular on the producer-director's post *On the Waterfront* New York based independent work and on his key artistic collaborations including those with Tennessee Williams John Steinbeck and Budd Schulberg Neve gives a fascinating reassessment of Kazan's famed technique with such actors as Marlon Brando and James Dean and his lifetime concern to provoke and photograph authentic behaviour He reveals a pattern through the films of personally resonant themes relating for example to ethnicity and the American immigrant myth He reviews Kazan's style from the colour and wide screen of *East of Eden* to the creative use of location in his American South films including *Baby Doll* He debates the reception of Kazan's work and the controversy which dogged his career of his 1952 Congressional testimony These elements and more make this a very readable and memorable fresh portrayal of the film career of this ever fascinating director

Modern Drama and the Rhetoric of Theater W. B. Worthen, 2015-01-30 The history of drama is typically viewed as a series of inert styles Tracing British and American stage drama from the 1880s onward W B Worthen instead sees drama as the interplay of text stage production and audience How are audiences manipulated What makes drama meaningful Worthen identifies three rhetorical strategies that distinguish an O Neill play from a Yeats or these two from a Brecht Where realistic theater relies on the natural qualities of the stage scene poetic theater uses the poet s word the text to control performance Modern political theater by contrast openly places the audience at the center of its rhetorical designs and the drama of the postwar period is shown to develop a range of post Brechtian practices that make the audience the subject of the play Worthen s book deserves the attention of any literary critic or serious theatergoer interested in the relationship between modern drama and the spectator

Brecht and Political Theatre Laura Bradley,2006-06-29 This production history of The Mother provides substantial new insights into Bertolt Brecht s theatre and drama his impact on political theatre and the relationship between text performance and politico cultural context As the only play which Brecht staged in the Weimar Republic during his exile and in the GDR The Mother offers a unique opportunity to compare his theatrical

practice in contrasting settings and at different points in his career Through detailed analysis of original archival evidence Bradley shows how Brecht became far more sensitive to his spectators political views and cultural expectations even making major tactical concessions in his 1951 production at the Berliner Ensemble These compromises indicate that his mature staging should not be regarded as definitive for it was tailored to a unique and delicate situation The Mother has appealed strongly to politically committed theatre practitioners both in and beyond Germany By exploiting the text's generic hybridity and the interplay between Brecht's epic and dramatic elements directors have interpreted it in radically different ways So although Brecht's 1951 production stagnated into an affirmative GDR heritage piece post Brechtian directors have used The Mother to promote their own political and theatrical concerns from anti authoritarian theatre to reflections on the legacies of state Socialism Their ideological and theatrical subversion have helped Brecht's text to outlive the political system that it came to uphold
