a consideration of the usefulness of the concept of fidelity put forward by the philosopher Alain Badiou in the discussion of film adaptation Fidelity or faithfulness is primarily a consideration that emerges in relation to so called canonical texts in adaptation Fitzgerald's *The Great Gatsby* occupies a position of global recognisability and within the United States cultural mythology that has triggered strong reactions to the four Hollywood adaptations The various adaptations allow for the differing approaches to the adaptation of this novel to be meaningfully explored The film adaptations paratextual elements will be discussed in order to show how these acted as limiting lenses The strategies of the films for handling elements of Fitzgerald's prose and themes will be compared across the adaptations This will culminate in an assertion of the worth of a larger application of a Badiouian fidelity within the field
