Esoteric Christianity Or, The Lesser Mysteries Annie Besant, 2019-10-11 Esoteric Christianity Or The Lesser Mysteries is a 1898 work by Annie Besant 1847 1933 Besant was a British theosophist socialist writer activist orator and staunch advocate for Irish and Indian independence She was a prolific author writing more than three hundred books and pamphlets during her life Within this volume Besant explores the hidden teachings and ideas that underpin orthodox Christianity examining Christ in terms of mythic and mystic elements and revealing the various strata of meaning in Christian concepts including The Trinity The Sacraments Atonement The Forgiveness of Sins etc This volume is not to be missed by those with an interest in esoteric Christianity and would make for a worthy addition to allied collections Other notable works by this author include Karma A Study in Consciousness The Seven Principles Of Man and Some Problems Of Life Many vintage books such as this are becoming increasingly scarce and expensive It is with this in mind that we are republishing this volume now in an affordable modern high quality edition complete with the original text and artwork **The Christian Mystery** Lois Lang-Sims, 2020-12-17 First published in 1980 The Christian Mystery presents a new approach to considering the Mysteries of the Faith The book examines the doctrines of Christianity analysing them closely and showing how together they constitute an invisible whole It argues that churches should turn back to the esoteric teachings known by the first Christians and explores how Christianity has developed the primal Tradition of which Jesus was Representative The Christian Mystery will appeal to those with an interest in theology the philosophy of religion and the history of Christianity **The Greater and Lesser Mysteries of Christianity** Ron MacFarlane, 2015-12-16 CONTEMPORARY CHRISTIANITY the world religion established by the God Man Christ Jesus and founded on the revelatory principle that God is love is hardly the shining example of ideological unity and universal brotherhood that it was intended to be There are approximately 41 000 different Christian denominations in the world today many of which are fervently hostile to each other Atheistic and anti Christian polemicists have concluded that there is something inherently wrong with Christianity itself and in consequence it is doomed to failure and eventual extinction Discerning Christian advocates however know that any apparent failure to realize the high ideals of Christianity is not due to the profound teachings and the illustrious life example of Christ Jesus but instead to the limitations of wounded human nature Corrupt power hungry destructive and evil minded human beings have twisted distorted and fragmented true Christianity for the past two thousand years and continue to do so today Moreover on a much deeper spiritual level since Christianity is indeed a divinely initiated endeavor to help restore fallen humanity powerful and demonic beings have attempted to destroy nascent Christianity from its very inception But thankfully according to Christ Jesus himself the powers of hell will not prevail against it Christianity Matt 16 18 Sadly contributing to the injurious fragmentation of Christianity the religion of divine love is the sectarian hostility between certain proponents of anthroposophy and select members of the Catholic Church In both cases this is largely due to ignorance that is an almost

complete lack of understanding about the true significance and mission of the other anthroposophical critics know almost nothing of Catholicism and Catholic critics know almost nothing about anthroposophy The wonderful reconciliatory fact is that anthroposophy and Catholicism are not conflicting polar opposites but are instead like two sides of the same golden coin different but complementary Instead of only one side or the other being the only true approach to Christ Jesus both are uniquely necessary and both positively contribute to the complete truth of Christianity Since this author is happily and harmoniously both an anthroposophist and a Catholic The Greater and Lesser Mysteries of Christianity The Complementary Paths of Anthroposophy and Catholicism earnestly seeks to correct the misinformation and lack of understanding that each partisan critic has for the other As in almost every significant dispute increased knowledge and familiarity about each other will in time bring both sides closer together for mutual growth and benefit

Occult truth is Nature without the illusory veil of the senses Helena Petrovna Blavatsky, 2018-06-29 On the essence of Truth beneath and beyond external appearances

1 The Beacon Light of occult truth is Nature without the illusory veil of the senses She is the Rainbow of Hope and our only

hope 2 True wisdom being a projection of our perceptive consciousness acts within without and not vice versa awakening the spiritual senses in us and the power to act Brain power and logic being outward looking can only serve the interests of lower minds 3 Inner Wisdom is the Wisdom of Love and code of sublime ethics Its noble ideals alone can empower people to reject the parasitic plants of human fabrication which are choking all goodness and truth in the world 4 The ancient Egyptians the Ethiopians of the East who came from Lanka or Ceylon were a colony of dark skinned Aryans the Dravidians of Southern India who took an already existing civilization with them to Egypt He who dissipates the darkness of ignorance by the torch of truth awakens in our benumbed souls the faculty of distinguishing the true from the false and kindles a divine flame hitherto absent 5 Theosophy is the white ray from which arise the seven colours of the solar spectrum each human being assimilating one of these rays to a greater degree than the other six Theosophy or rather the occult sciences it studies is something more than simple metaphysics it is universal transcendentalism 6 The numerical value of the names of old divinities was taught in the Lesser Mysteries But Mystery Language itself was reserved for the high initiates alone Envy jealousy and rivalry reign supreme in a society whose principal object is brotherhood Instead of helping one another many look askance at each other always ready to make fun of each other and criticise 7 The Theosophical Society is a Republic of Conscience Knowledge of Cosmogogenesis is the key to All knowledge The Theosophical Society is the Tree of Brotherhood grown from a kernel planted in the earth by the angel of Charity and Justice It depends upon its members to make of their Society an ark destined in a future not too distant to transport the humanity of a new cycle beyond the vast muddy waters of the deluge of hopeless materialism In the meantime we all should seek to bring some peace on earth to the hearts of those who suffer by lifting for them a corner of the veil which hides from them divine truth A Sketch of the History of the

Perspective is the first serious attempt to write a world history narrative in which Latin America receives serious consideration The chronology of the work covers the normative period of world history to date 1800 B C to 1800 A D During this time differentiation of world societies was at its height The six civilized core areas of the ecumene interacted but were not moving toward uniformity as was characteristic of the first phase of world history Theocratic civilizations 3500 1500 B C

Over the last two centuries global societies have also tended to coalesce because of westernization industrialism nationalism ideology and the media During the normative phase of human history Latin America moved from being a periphery of Afro Eurasia to the status of becoming the economic crucible of Spain's vast Catholic monarchy which was the ecumene's first global power 1492-1648 A.D. Latin America was again reduced to peripheral status Periods of World History explains these processes in the larger context of a truly global historical narrative and as such makes an extraordinary contribution to understanding human social development Charles Truxillo is a professor of Chicano Studies at the University of New Mexico in Albuquerque He received his Ph.D. in Latin American history at UNM and has published two other books History of Islam and By the Sword and the Cross Dr Truxillo is dedicated to teaching Chicano Studies in the context of Latin America and world history
