Greek Manuals of Church Doctrines (Classic Reprint) H. T. F. Duckworth, 2015-07-08 Excerpt from Greek Manuals of Church Doctrines Some little time ago the Eastern Church Association published a short account of the Teaching of the Russian Church Now owing to the kindness of Mr Duckworth we are able to place at the disposal of our members a similar work on the Greek branch of the Eastern Church This account has the advantage of being somewhat more authoritative as Mr Duckworth has an intimate personal knowledge of the inner workings of the Greek Church and has put before us the current teaching in the Catechisms drawn up for present use The first point that we notice is the great pains which is taken that all members of the Orthodox Church may have an accurate knowledge of the teaching of the body to which they belong It is clear that if the system which is described in these pages is carried out the charge of ignorance which is commonly brought against the oriental churches cannot be for a moment sustained The Greek layman must know a great deal more about his Church than the average English layman About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections

The Ground of Union A. N. Williams, 1999-06-17 This book attempts to resolve one of the oldest and bitterest controversies between the Eastern and Western Christian churches namely the dispute about the doctrine of deification A N Williams examines two key thinkers each of whom is championed as the authentic spokesman of his own tradition and reviled by the other Taking Aquinas as representative of the West and Gregory Palamas for the East she presents fresh readings of their work that both reinterpret each thinker and show an area of commonality between them much greater than has previously been acknowledged The Classical Journal ,1826
