Green Hidden And Above The Most Exceptional Treehouses:

Green, Hidden and Above Sibylle Kramer, 2015 Reigning majestically amid the treetops the treehouse is a bastion of freedom and security in harmony with nature. It is a construction based either on a single tree or several or on stilts in the middle of trees. Different methods of treehouse construction differ substantially from other types of building requiring a profound knowledge of the materials to be used. In terms of use and design this special architectural discipline is full of surprises. The projects assembled for this volume show the present extraordinary treehouse variety. While natural motifs like nests cocoons or caves are frequently employed references to UFOs as well as other futuristic styles influence design fantasy shall know no bounds. *How to Build a Treehouse* Christopher Richter, Miriam Ruggeberg, 2023-04-13 Many of us dream of owning a treehouse whether it is a tree fort or playhouse for the children a secret retreat or just a unique space for relaxing and reconnecting with nature. This book is a comprehensive guide to designing and building your perfect treehouse. Beautifully illustrated and written by a professional treehouse builder the book explains how you select the right tree which materials and tools to use and how to construct the platform walls floor and roof. For anyone wanting to be more ambitious there are options for installing special features such as ladders slides and climbing walls. Elf Warfare Chris Pramas, 2017-12-15 Although few in number elves produce the most skillful and deadly warriors of all the races. Renowned for their archery and agility they are mostly associated with hit and run tactics however they should not be underestimated in open battle. From an initial examination of the fighting methods of the individual elf warrior this lavishly illustrated volume goes on to reveal how they do battle in small companies and in vast armies. It covers all of their troop types from their famed bowmen and swordmasters to their lightning fast cavalry making special note of regional variations and highly specialized fighters such as war mages and rendering a colorful panoramic view of the elfin way of war.
