Reformation in Europe, C.1500-1564 Chris Rowe, 2008

The Reformation Will Durant, 1957 Examines the social revolution that accompanied the religious revolution at different phases of the Reformation

The Reformation: A Very Short Introduction Peter Marshall, 2009-10-22 The Reformation was a seismic event in European history one which changed the medieval world Much which followed in European history can be traced back to this event In this book Peter Marshall seeks to explain the causes consequences of religious cultural division difference in

western Christianity *The reformation* Will Durant,1957 **Reformation Europe, 1517-1559** Sir G. R. Elton,2016-08-09

A classic account of the Reformation revealing the issues and preoccupations which seemed central to the age and portraying its leading figures with vigour and realism The book is an analysis of the religious economic cultural and political history of Europe during the period of the Reformation Author G R Elton examines the history of the period through the interrelationships between different forces in Europe at the time such as the Holy Roman Emperor Charles V the Papacy reformers such as Martin Luther John Calvin Martin Bucer and Zwingli and explores the resultant Counter Reformation and the beginnings of European colonisation of other parts of the world such as South America Its central focus is upon the conflict between Luther and Charles V A masterly survey by a fine historian He has gone to great pains to understand and do justice to the theological side and if political history is still his strength there is no doubt that this paperback in scholarship perspective and information far outweighs in value and importance most of the hard bound studies of the 16th century in the last fifty years E GORDON RUPP It is extremely pleasant to welcome a new History of Europe series in which the inaugural volume is of such high merit Dr Elton sets himself a difficult task the result is a book written with the bold subtle assured pen of an accomplished scholar JOEL HURSTFIELD Not since Ranke has any historian described the religious and political history of Central Europe during the Reformation with as much insight and authority H G KOENIGSBERGER History London Dr Elton has put all students in his debt by providing an up to date and highly readable account of the ecclesiastical political and social history of Europe during the vital years 1517 to 1559 This book can be unreservedly commended C W DUGMORE The Journal of Ecclesiastical History A Short History of Reformation Europe Jonathan W. Zophy,1997 This student friendly text introduces the major personalities issues events and ideas of Reformation Europe Jonathan Zophy makes the Reformation accessible to students with little or no familiarity with the age Organized chronologically and by topic the text features discussions of women and their contributions to the Reformation not usually found in traditional textbooks Topics include Luther and Lutheranism Calvin and Calvinism the Catholic Reformation and the Reformation in England and Scotland The text is amply illustrated with maps and artworks including many portraits of Reformation personalities The book also features end of chapter lists of further readings and chronologies of important individuals and events Europe's Reformations, 1450-1650 James D. Tracy,2006 In this widely praised history noted scholar James D Tracy offers a comprehensive lucid and masterful exploration of early modern Europe s key turning point Establishing a new standard for histories of the Reformation Tracy explores the complex religious political and social processes that made change possible even as he synthesizes new understandings of the profound continuities between medieval Catholic Europe and the multi confessional sixteenth and seventeenth centuries This revised edition includes new material on Eastern Europe on how ordinary people experienced religious change and on the pluralistic societies that began to emerge Reformation scholars have in recent decades dismantled brick by brick the idea that the Middle Ages came to an abrupt end in 1517 Martin Luther

s Ninety five Theses fitted into an ongoing debate about how Christians might better understand the Gospel and live its teachings more faithfully Tracy shows how Reformation era religious conflicts tilted the balance in church state relations in favor of the latter so that the secular power was able to dictate the doctrinal loyalty of its subjects Religious reform Catholic as well as Protestant reinforced the bonds of community while creating new divisions within towns villages neighborhoods and families In some areas these tensions were resolved by allowing citizens to profess loyalty both to their separate religious communities and to an overarching body politic This compromise a product of the Reformations though not willed by the reformers was the historical foundation of modern pluralistic society Richly illustrated and elegantly written this book belongs in the library of all scholars students and general readers interested in the origins events and legacy of Europe s Reformation

The Age of Reform, 1250-1550 Steven Ozment, 1980-01-01 Examines the Protestant Reformation its philosophical and theological issues and the interaction of religious social and political changes

Europe's Reformations, 1450-1650 James D. Tracy, 1999 This book belongs in the library of all scholars students and general readers interested in the origins events and legacy of the early modern period

BOOK JACKET The Story of Civilization Will Durant, Ariel Durant, 1935 A history of European civilization from Wyclif to Calvin 1300 1564 Reformation Europe, 1517-1559 Geoffrey Rudolph Elton, 1963

Reformation Diarmaid MacCulloch, 2004-09-02 The Reformation was the seismic event in European history over the past 1000 years and one which tore the medieval world apart Not just European religion but thought culture society state systems personal relations everything was turned upside down Just about everything which followed in European history can be traced back in some way to the Reformation and the Counter Reformation which it provoked The Reformation is where the modern world painfully and dramatically began and MacCulloch s great history of it is recognised as the best modern account

The Counter Reformation Marvin R. O'Connell, 1974 A competent Catholic scholar carries on an objective study of the determined efforts of the Catholic Church to reform itself to stem the advances of Protestantism and if possible to recover the lands lost to heresy in the earlier 16th century

Reformation Europe Geoffrey R. Elton, 1999-12-16 This is G R Elton s classic account of the Reformation revealing the issues and preoccupations which seemed central to the age and portraying its leading figures with vigour and realism

The Long European Reformation Peter G. Wallace, 2019-09-28 In this established textbook Wallace provides a succinct overview of the European Reformation interweaving the influential events of the religious reformation with the transformations of political institutions socio economic structures gender relations and cultural values throughout Europe Examining the European Reformation as a long term process he reconnects the classic 16th century religious struggles with the political and religious pressures confronting late medieval Christianity and argues that the resolutions proposed by reformers such as Luther were not fully realised for most Christians until the early 18th century This new edition features a brand new chapter on the Reformation from a global perspective updated historiography a new chronology and updated material throughout including on the interrelationship

between religion and politics after 1648 The Long European Reformation provides an even handed and detailed account of this complex topic providing a clear overview that is perfect for undergraduate and postgraduate students of history and religious studies New to this Edition New chapter on the Reformation in global perspective Incorporates new perspectives and current debates on Luther and the place of the Reformation within Western history including consideration of how people lived with their religious differences Expanded conclusion with references to the 500th anniversary and religious continuities **Reformation Europe** De Lamar Jensen, 1992 For full description see Renaissance Europe Age of Recovery and Reconciliation 2 e
