

3. Look at the large hind leg of the grasshopper. The larger muscular section that attaches to the body of the grasshopper is the femur. The added muscle helps the grasshopper jump. The next section of the leg is the tibia. The posterior side of the tibia has small hooks called the comb. The comb is used to grip the grass and make sounds for communication. (Figure 1)

4. Grasshoppers have 2 sets of wings, 4 wings total. The larger leathery wings are called the forewings. The forewings provide protection to the hindwings. The hindwings are much larger and fold like an accordion under the forewings. The hindwings are the wings the grasshopper used for flight. (Figure 2)

5. Gently remove the wings and legs of your grasshopper, by pulling them off, to get a better view of the structures on the body of the grasshopper.

Grasshopper Lab Teachers Guide

Camilla Rothe

Grasshopper Lab Teachers Guide:

Thank you utterly much for downloading **Grasshopper Lab Teachers Guide**. Most likely you have knowledge that, people have look numerous time for their favorite books when this Grasshopper Lab Teachers Guide, but end going on in harmful downloads.

Rather than enjoying a fine ebook following a mug of coffee in the afternoon, instead they juggled subsequent to some harmful virus inside their computer. **Grasshopper Lab Teachers Guide** is affable in our digital library an online access to it is set as public in view of that you can download it instantly. Our digital library saves in merged countries, allowing you to acquire the most less latency epoch to download any of our books similar to this one.
