Gang Chen, 2015-06-26

Pass the LEED AP BD they are helpful as reference manuals because of the easy to follow format

Definitely a keeper in my bookshelf for future project reference

Karen M Scott

Great resource for studying for the LEED Exam

I have taken and passed the LEED AP BD C exam and know what it takes

As this author says it s not an easy exam and he is right

What is critical to passing is having great teaching tools and this book is one of them

He touches on every aspect of how to memorize data how questions are formed what to expect on tricky questions the content the test writers are looking for and every little detail you need to know when preparing for this exam

I highly recommend this author s books if you are serious about passing any of the LEED exams

hopefully on the first try

S Jennifer Sakiewicz

LEED BD it gave me insight and knowledge on how credits are applied

Some questions in your book helped me answer ones on the test

Good book I'll go through it once again when I appear for AP Haresh Vibhakar AIIA India AIA LEED Green Associate Architect A good outline The book is an excellent outline to learn the necessary items required to study for the exam It is not a comprehensive study guide in and of itself Practice exam is good indicator of test preparation Paul Levine Solid LEED Study Guide This is the kind of book I wish was available when I did my original LEED AP exam It teaches you how to study which is so important when school is a distant memory The bulk of the book helps you review and memorize with mnemonics the concepts for each credit that you need to know for the exam The questions are good representations of questions on the exam I would recommend to anyone studying for their exam that they First read the chapters in this book on how to study Second read the actual LEED BD C guide to give you the background information on the credits and gain comprehension Underline and review as the author indicates to get the most out of your study time Finally read the rest of this exam guide to help you review and memorize for the exam missfitz missfitz Very Helpful Guide Gang Chen's LEED BD C Exam Guides very helpful in consolidating information from USGBC and GBCI sources as well as providing the information that is necessary for the exam without excess irrelevant information I highly recommend this book for preparation for the LEED BD C exams leedap *LEED v4 Practices, Certification, and Accreditation Handbook* Sam Kubba, 2015-11-30 LEED v4 Practices Certification and Accreditation Handbook Second Edition provides users with a practical user friendly roadmap that presents the guidelines for selecting the LEED v4 rating system to better fit a particular project e.g. LEED for Building Design and Construction LEED for Operations and Maintenance LEED for Interior Design and Construction LEED for Building Design and Construction or LEED for Neighborhood Development In addition this comprehensive handbook carefully explains the modifications in the credentialing process including the new 3 Tier system requiring applicants to first take the LEEDTM Green Associate exam followed by the LEEDTM Professional Accreditation exam Practical strategies and guidelines for applying LEED v4 project certification Annotated tables checklists charts and references to quantum leap LEED v4 Includes case studies with special focus is put on key areas where most errors occur Demystifies LEED v4 requirements for project as well as personal professional LEED Certification Appendixes including sample exam questions acronyms and abbreviations and a glossary **LEED GA Exam Guide (3rd Large Format Edition)** Gang Chen, 2011 From this book you will learn how to 1 Pass the LEED Green Associate exam 2 Use LEED exam preparation strategies study methods tips suggestions mnemonics and exam tactics to improve your exam performance 3 Effectively understand digest and retain your LEED knowledge 4 Understand the process of registering and certifying a building for LEED 5 Understand the scope main intent core concepts and strategies as well as identify the regulations recognition and incentives for each major LEED category 6 Identify the strategies for case studies 7 Identify the synergy in case studies 8 Implement the most important LEED related codes and building standards 9 Get points for categories not yet clearly defined by the USGBC P 4 of cover **Innovative Production And Construction: Transforming Construction Through Emerging Technologies** Wu Peng, 2019-05-03
