Greg Secker Manual:

Handbook of Ecocriticism and Cultural Ecology Hubert Zapf, 2016-05-10 Ecocriticism has emerged as one of the most fascinating and rapidly growing fields of recent literary and cultural studies. From its regional origins in late twentieth century Anglo American academia, it has become a worldwide phenomenon which involves a decidedly transdisciplinary and transnational paradigm that promises to return a new sense of relevance to research and teaching in the humanities. A distinctive feature of the present handbook in comparison with other survey volumes is the combination of ecocriticism with cultural ecology, reflecting an emphasis on the cultural transformation of ecological processes and on the crucial role of literature, art and other forms of cultural creativity for the evolution of societies towards sustainable futures. In state of the art contributions by leading international scholars in the field, this handbook maps some of the most important developments in contemporary ecocritical thought. It introduces key theoretical concepts, issues and directions of ecocriticism and cultural ecology and demonstrates their relevance for the analysis of texts and other cultural phenomena. **The Bloomsbury**

Handbook to Cold War Literary Cultures Greg Barnhisel, 2022-06-30 Adopting a unique historical approach to its subject and with a particular focus on the institutions involved in the creation, dissemination and reception of literature, this handbook surveys the way in which the Cold War shaped literature and literary production and how literature affected the course of the Cold War. To do so, in addition to more traditional sources, it uses institutions like MFA programs, university literature departments, book review sections of newspapers, publishing houses, non governmental cultural agencies, libraries and literary magazines as a way to understand works of the period differently. Broad in both their geographical range and the range of writers they cover, the book's essays examine works of mainstream American literary fiction from writers such as Roth, Updike and Faulkner, as well as moving beyond the U.S. and the U.K. to detail how writers and readers from countries including but not limited to Taiwan, Japan, Uganda, South Africa, India, Cuba, the USSR and the Czech Republic engaged with and contributed to Anglo American literary texts and institutions. **The Oxford Handbook of Tudor Drama** Thomas

Betteridge, Greg Walker, 2012-07-19 The Oxford Handbook to Tudor Drama is the authoritative secondary text on Tudor drama. It both integrates recent important research across different disciplines and periods and sets a new agenda for the future study of Tudor drama, questioning a number of the central assumptions of previous studies. Balancing the interests and concerns of scholars in theatre history, drama and literary studies, its scope reflects the broad reach of Tudor drama as a subject, inviting readers to see the Tudor century as a whole rather than made up of artificial and misleading divisions between medieval and renaissance, religious and secular, pre and post Shakespeare. The contributors, both the established leaders in their fields and the brightest young scholars, attend to the contexts, intellectual, theatrical and historical, within which drama was written, produced and staged in this period and ask us to consider afresh this most vital and complex of periods in theatre history. The book is divided into four sections: Religious Drama, Interludes and Comedies, Entertainments

Masques and Royal Entries and Histories and political dramas **The Oxford Handbook of Medieval Literature in English** Elaine Treharne, Greg Walker, William Green, 2010-04-15 Bringing together the insights of new fields and approaches with those of more familiar texts and methods this handbook provides a comprehensive overview of the state of Medieval Literature today It discusses texts such as Beowulf Wulf and Eadwacer and Ancrene Wisse and authors from Ifric to Chaucer Langland and the Gawain Poet **Handbook for Team-based Qualitative Research** Greg Guest, Kathleen M.
