His Samurai Captor 1 Bought:

The Anime Companion 2 Gilles Poitras, 2005-06-01 Become an expert on cultural details commonly seen in Japanese animation movies comics and TV shows Japanese Perspectives on Kazuo Ishiguro Takayuki Shonaka, Takahiro Mimura, Shinya Morikawa, 2024-01-03 This collection of essays offers new perspectives from Japan on Nobel Prize winning author Kazuo Ishiguro It analyses the Japanese born British author from the vantage point of his birthplace showing how Ishiguro remains greatly indebted to Japanese culture and sensibilities The influence of Japanese literature and film is evident in Ishiguro's early novels as he deals with the problem of the atomic bomb and Japan's war responsibility yet his later works also engage with folk tales and the modern popular culture of Japan The chapters consider a range of Japanese influences on Ishiguro and adaptations of Ishiguro's work including literary cinematic and animated representations The book makes use of newly archived drafts of Ishiguro's manuscripts at the Harry Ransom Center at the University of Texas to explore the origins of his oeuvre It also offers sharp new examinations of Ishiguro's work in relation to memory studies especially in relation to Japan

An Inoffensive Rearmament Frank Kowalski, 2014-02-15 Colonel Frank Kowalski served as the Chief of Staff of the American military advisory group that helped establish the National Police Reserve the predecessor to the Japan Self Defense Forces and provided daily guidance to it during its first two years of existence In this book Kowalski provides with great care a detailed account of the manning logistics and personalities involved in standing up on short notice of a force of approximately 75 000 while sharing insights about the diplomatic political legal and constitutional challenges his headquarters and his Japanese counterparts faced in navigating this new course for Japan in the wake of the sudden outbreak of war on the Korean Peninsula in June 1950 In light of these limitations the path for rearmament had to be slow and inoffensive while psychologically and materially contributing to Japan's defense His account is balanced a blend of both criticism and praise of all of those involved including himself Kowalski who later served in Congress was a highly intelligent Army officer who was expecting to be deployed to Korea in the summer of 1950 after serving in local military governments in western Japan when he was tapped for the above secret mission to make a new Japanese army while having to call it a police reserve An honorable man he was pained by the subterfuge he and his government working hand in hand with the Japanese government had to play in order to establish this needed organization and believes many things were mishandled but also viewed the quiet and reasonable approach of the rearmament program as successful and allowing the NPR to adequately and effectively provide for the urgent defense needs of the Japan and the United States with its quarter million dependents left to fend for themselves in Japan in 1950 Kowalski notes that there has always been a tension in the postwar U S Japan relationship over Japan not doing enough to contribute to the bilateral alliance and international security This book will not end that debate but it provides greater context and historical understanding of what factors existed at the time This is a particularly important topic as Japan is re-examining its defense

posture today both for its own needs as well as to strengthen its still complicated relationship with the United States its only alliance partner Written in the mid 1960s and published in Japanese in 1969 this is the first time this edited book has appeared in English The United States Army and Navy Journal and Gazette of the Regular and Volunteer Forces ,1913

A History of Japan K. Henshall,2004-09-17 In a rare combination of comprehensive coverage and sustained critical focus this book examines Japanese history in its entirety to identify the factors underlying the nation s progression to superpower

status Japan's achievement is explained not merely in economic terms but at a more fundamental level as a product of historical patterns of response to circumstance Japan is shown to be a nation historically impelled by a pragmatic determination to succeed The book also highlights unresolved questions and little known facts *War* DK Publishing, 2009-10-01 War has been central to the rise and fall of civilizations since the dawn of time The history of warfare first emerges from legend in Mesopotamia the cradle of civilization around 3 000 years before the birth of Christ The first armies that we know about fought in Sumeria Ancient Egypt and Syria From these first battles fought with spears or axes on horseback or on foot War traces the campaigns and conflicts that have shaped world history and examines the evolution of military tactics and technology The story of the development from these primitive battles to the global conflicts of the 20th century and the modern War on Terror is the story of humanity itself reflecting the same political cultural and technological forces that have defined human history From longbows to laser guided missiles from chariots to jet aircraft and from Samurai warriors to SAS soldiers War provides the definitive visual chronicle of this intense brutal and often heroic tale War combines a coherent and compelling spread by spread historical narrative with a wealth of supporting features on weapons and technology strategy and tactics the experience of war and history's fighting elites to recount the epic 5 000 year story of warfare and combat through the ages The Illustrated Encyclopedia of Warfare DK, 2012-04-16 Previously published in hardcover as War The Definitive Visual History War has been central to the rise and fall of civilizations since the dawn of time The history of warfare first emerges from legend in Mesopotamia the cradle of civilization around 3 000 years before the birth of Christ The first armies that we know about fought in Sumeria Ancient Egypt and Syria From these first battles fought with spears or axes on horseback or on foot The Illustrated Encyclopedia of Warfare traces the campaigns and conflicts that have shaped world history and examines the evolution of military tactics and technology The story of the development from these primitive battles to the global conflicts of the 20th century and the modern War on Terror is the story of humanity itself reflecting the same political cultural and technological forces that have defined human history From longbows to laser guided missiles from chariots to jet aircraft and from Samurai warriors to SAS soldiers The Illustrated Encyclopedia of Warfare provides the definitive visual chronicle of this intense brutal and often heroic tale War combines a coherent and compelling spread by spread historical narrative with a wealth of supporting features on weapons and technology strategy and tactics the experience of war and history's fighting elites to recount the epic 5 000 year story of warfare and combat through the ages
