Histories And Stories From Chiapas:

Histories and Stories from Chiapas R. Aída Hernández Castillo, 2010-01-01 The 1994 Zapatista uprising of Chiapas Maya peoples against the Mexican government shattered the state myth that indigenous groups have been successfully assimilated into the nation In this wide ranging study of identity formation in Chiapas Aída Hernández delves into the experience of a Maya group the Mam to analyze how Chiapas indigenous peoples have in fact rejected accepted or negotiated the official discourse on being Mexican and participating in the construction of a Mexican national identity Hernández traces the complex relations between the Mam and the national government from 1934 to the Zapatista rebellion She investigates the many policies and modernization projects through which the state has attempted to impose a Mexican identity on the Mam and shows how this Maya group has resisted or accommodated these efforts In particular she explores how changing religious affiliation women's and ecological movements economic globalization state policies and the Zapatista movement have all given rise to various ways of being Mam and considers what these indigenous identities may mean for the future of the Mexican nation The Spanish version of this book won the 1997 Fray Bernardino de Sahagún national prize for the best social anthropology research in Mexico

Stand Up and Fight María L. O. Muñoz, 2016-05-12 In 1975 a watershed moment captivated Mexico as indigenous peoples from across the country came together on the Island of Janitzio for the First National Congress of Indigenous Peoples The congress was a federal government initiative intended to preempt an independent indigenous movement But indigenous groups circumvented the intended containment policies of the congress and made bold demands for political self determination Using previously unavailable documents María L. O. Muñoz examines the events that led to the congress the meeting itself and developments after the assembly Muñoz shows how indigenous leaders working within Mexico's Department of Colonization and Agrarian Affairs DAAC sidestepped state attempts to control indigenous communities and how they made bold demands that redefined the ways federal and state governments engaged with pueblos indígenas Through research in previously untapped archives Muñoz is able to trace the political history of the indigenous leaders and government officials who redefined the ways indigenous peoples engaged with governments She illustrates the fluid and evolving power relationships of the key players with a focus on the twelve years of populism in the last decades of the twentieth century This book challenges the discourse of unquestioned power and hegemony of the national ruling party the Institutional Revolutionary Party PRI and it illustrates how indigenous communities in Mexico reimagined their roles in the social political and economic life of the nation

Subcommander Marcos Nick Henck, 2007-07-09 Subcommander Marcos made his debut on the world stage on January 1 1994 the day the North American Free Trade Agreement took effect At dawn from a town hall balcony he announced that the Zapatista Army of National Liberation had seized several towns in the Mexican state of Chiapas in rebellion against the government by sunset Marcos was on his way to becoming the most famous guerrilla leader since Che Guevara Subsequently through a succession of interviews communiqués and public spectacles the Subcommander emerged as a charismatic spokesperson for the indigenous Zapatista uprising and a rallying figure in the international anti globalization movement In this the first English language biography of Subcommander Marcos Nick Henck describes the thought leadership and personality of this charismatic rebel spokesperson He traces Marcos's development from his provincial middle class upbringing through his academic career and immersion in the clandestine world of armed guerrillas to his emergence as the iconic Subcommander Henck reflects on what motivated an urbane university professor to reject a life of comfort in Mexico City in favor of one of hardship as a

guerrilla in the mountainous jungles of Chiapas and he examines how Marcos became a conduit through which impoverished indigenous Mexicans could communicate with the world Henck fully explores both the rebel leader's renowned media savvy and his equally important flexibility of mind He shows how Marcos's speeches and extensive writings demonstrate not only the Subcommander's erudition but also his rejection of Marxist dogmatism Finally Henck contextualizes Marcos locating him firmly within the Latin American guerrilla tradition Hidden Histories: Untold Stories from the Past Rowena Malpas, Step into the shadows of history with Hidden Histories: Untold Stories from the Past a captivating exploration of the overlooked and forgotten narratives that have shaped our world From the influential women who ruled behind the scenes to the resilient voices of indigenous peoples this book delves into the stories that history books often ignore Discover the remarkable contributions of enslaved individuals common folk and unsung scientific pioneers Uncover the hidden spiritual traditions rebellious political movements and cultural revolutions that have left an indelible mark on humanity Each chapter offers a fresh perspective on the past revealing the rich tapestry of human experience and the enduring impact of these untold stories on our present and future Perfect for history enthusiasts scholars and curious readers Hidden Histories invites you to journey beyond the familiar and embrace the complexity of our shared heritage **G.K. Hall Bibliographic Guide to Latin American Studies** Benson Latin American Collection,2000 **A History of Infamy** Pablo Piccato,2017-04-25 A History of Infamy explores the broken nexus between crime justice and truth in mid twentieth century Mexico Faced with the violence and impunity that defined politics policing and the judicial system in post revolutionary times Mexicans sought truth and justice outside state institutions During this period criminal news and crime fiction flourished Civil society's search for truth and justice led paradoxically to the normalization of extrajudicial violence and neglect of the rights of victims As Pablo Piccato demonstrates ordinary people in Mexico have made crime and punishment central concerns of the public sphere during the last century and in doing so have shaped crime and violence in our times Retold Stories, Untold Histories Joanna Ziarkowska,2014-07-18 Retold Stories, Untold Histories concentrates on how challenging questions concerning the nature of historical representation the formation of national ethnic identities and creative agendas are addressed in the diverse and inspiring writings of Maxine Hong Kingston and Leslie Marmon Silko The rationale behind juxtaposing two writers coming from diverse cultural contexts originates in the fact that both Kingston and Silko share the experience of historical and cultural marginalization and more importantly devise similar methods of rendering it in creative writing Writing from the perspective of two distinct marginalized groups Kingston and Silko share the view that the official version of national history may be seen as a narrative of misrepresentation and the exclusion of people who either greatly contributed to the building of the country or occupied the territory of the present United States long before its creation In their texts both writers engage in a polemic against a history that using its legitimizing power as a scientific discipline produces and perpetuates stereotypical images of Chinese and Native Americans and more importantly eliminates the two groups from the

process of constructing the national narratives of origins that monitor and control the borders of what constitutes American identity Despite apparent differences in cultural and historical contexts Kingston and Silko share an enthusiasm for employing unconventional tools and sources for offering creative reconstructions of a past which had been silenced or repressed
