## **Gnosticism Beliefs And Practices Religious Beliefs And Practices:**

Gnosticism John Glyndwr Harris, 1999 Harris former head of the religious studies department at Gwent and author of scholarly volumes on religious topics introduces the basic ideas and practices of Gnosticism a system of religious and philosophical beliefs which was widely embraced in the earlier centuries of Christianity Distributed by ISBS Annotation copyrighted by Book News Inc Portland OR

**Understanding New Religious Movements** John A Saliba, 2004-09-08 Discussions of any religion can easily raise passions But arguments tend to become even more heated when the religion under discussion is characterized as new Divisions around the study of new religious movements NRMs or cults or nontraditional or alternative or emergent religions are so acute that there is even controversy over what to call them John Saliba strives to bring balance to these discussions by offering perspectives on new religions from different academic perspectives history psychology sociology law theology and counseling This approach provides rich descriptions of a broad range of movements while demonstrating how the differing aims of the disciplines can create much of the controversy around NRMs The new second edition has been updated and revised throughout and includes a new foreword by noted historian of religion J Gordon Melton For classes in religion or the social sciences or for interested individuals Understanding New Religious Movements offers the most objective introduction possible

**Gnosticism: A Note on the Philosophical School** Pons Malleus, 2025-07-10 In an age flooded with information and noise where the material and measurable often overshadow the inner and ineffable a rediscovery of Gnosticism offers a strikingly modern relevance This book is an invitation to journey into a philosophical worldview that defied the orthodoxies of its time and perhaps still defies those of our own Gnosticism often misunderstood or dismissed as a heretical fragment of early Christian history is far more than a set of outlawed scriptures or esoteric rituals It is a mode of thought a way of being and a profound challenge to the prevailing paradigms of existence knowledge and salvation At its heart Gnosticism confronts a perennial human condition the deep sense that the world as we experience it is somehow not as it should be that we are exiles in a cosmos that conceals more than it reveals Gnostics dared to name this unease to mythologize it and to systematize it into a metaphysical framework that combined ancient mythology Platonic philosophy and radical introspection For the Gnostics the material world was not merely flawed but fundamentally alien a creation of lesser powers a prison of the soul Salvation they claimed comes not from belief or obedience but through gnosis direct transformative knowledge of the divine spark within This book does not aim to romanticize Gnosticism nor to reduce it to a single unified doctrine It is neither a defense of Gnosticism nor an attack on its critics Rather it is an attempt to understand it as a living breathing philosophical tradition complex diverse and internally contested The reader will encounter the major themes of Gnostic thought the demiurge and the pleroma the fall of Sophia the cosmic drama of entrapment and awakening and the radical anthropology that sees the human being not as a sinner to be redeemed but as a divine fragment to be remembered We will examine Gnosticism in its historical context arising in the

melting pot of Hellenistic religious ferment drawing from Jewish mysticism Persian dualism and Greek metaphysics We will explore the writings of key Gnostic texts from the Apocryphon of John to the Gospel of Thomas and consider the philosophical implications of their often cryptic and poetic insights At the same time we will trace the influence of Gnostic ideas through the centuries in the mystics of medieval Europe the dissenting sects of the Renaissance and even in modern existential and psychological thought Why does Gnosticism endure Perhaps because it speaks to a timeless intuition that the path to truth lies not in submission to external authority but in awakening to something buried within In a world increasingly dominated by systems that reduce human beings to data points and citizens to consumers the Gnostic refusal to accept appearances at face value is not just subversive it is necessary I invite you to suspend your assumptions to read not only with your intellect but with your inner ear Gnosticism may not offer clear answers but it poses questions that remain uncannily alive It calls us to remember to seek and above all to know      *ARCHAEOLOGY & THE NEW TESTAMENT* Edward D. Andrews, 2023-03-05

*Archaeology the New Testament* is the perfect book for those interested in the world of the New Testament and the history of early Christianity This comprehensive volume brings together the latest discoveries and research from the field of archaeology to provide a unique perspective on the material culture of the ancient world and its contributions to our understanding of the biblical text Each chapter is organized thematically providing a comprehensive overview of the ways in which archaeology can enhance our understanding of the New Testament With its interdisciplinary approach to the past this book is a valuable resource for scholars and students of archaeology biblical studies and related fields as well as for general readers with an interest in the history and culture of the ancient world By reading *Archaeology the New Testament* you will gain new insights into the world of the first century CE and the development of the history of Christianity from its beginnings up to the present day      **A Layman's Guide To** C. Jack Trickler, 2010-02

This history of the origins and development of Christian denominations is in layman's language Readers will not become bogged down in technical or archaic terms Begin by reading about the Christian groups denominations that developed in the time between Jesus crucifixion and the formal origins of the Roman Catholic and Orthodox churches Learn how the Roman empire came to accept Christianity as its religion of the cooperation and struggles between the Roman Catholic and Orthodox churches and how that led to their separation Read about how the Black Death the Crusades the struggles within the Roman Catholic Church led some church leaders such as Martin Luther to attempt to reform the church and how those attempts led to The Reformation That opened the door to England declaring that the Church of England the Anglican Church is the true Christian church John Calvin laid the ground work for what became the Presbyterian and the Reformed churches Then came the Huguenots and the Walloons and the Puritan Pilgrims who came to America and evolved into such as the Congregationalists Back in England the Quakers experienced persecution that encouraged them to move to America John Wesley began what evolved into Methodism The American Revolution caused American churches of English origin to separate from their English roots and to become such as

the Episcopalians and the Methodists Read about the history of the many denominations that have come into being in The United States There are the numerous Christian churches the Unitarians Spiritualist churches Mormons Adventists Jehovah s Witnesses Christian Science Pentecostalism and many independent non denominational churches It is fascinating history and all in layman s language      *Perspectives on New Religious Movements* John A. Saliba,2016-10-06 This book provides a dispassionate analysis of new religious movements charting their growth and examining them from a variety of perspectives sociological psychological legal and theological Saliba then questions whether or not membership harms those who join these new movements and assesses the charge that they brainwash their adherents      **The Nag Hammadi Library for**

**travellers** , The All Complete Guides team comprises a dedicated group of experts who specialize in creating comprehensive resources for travel city exploration and language learning Our experts have journeyed to every corner of the globe from the bustling streets of the world s most vibrant cities to the serene landscapes of hidden destinations Their extensive travel experiences ensure that each guide is packed with practical tips insider knowledge and must see attractions making every trip an unforgettable experience      **Psychedelic Mystery Traditions** Thomas Hatsis,2018-09-11 A comprehensive look at

the long tradition of psychedelic magic and religion in Western Civilization Explores the use of psychedelics and entheogens from Neolithic times through Antiquity the Middle Ages and the Renaissance to the Victorian era and beyond Reveals how psychedelics were integrated into pagan and Christian magical practices and demonstrates how one might employ a psychedelic agent for divination sex magic alchemy communication with gods and more Examines the role of entheogens in the Mysteries of Eleusis in Greece the worship of Isis in Egypt the Dionysian mysteries and the magical practices of the Thessalian witches as well as Jewish Roman and Gnostic traditions Unbeknownst or unacknowledged by many there is a long tradition of psychedelic magic and religion in Western civilization As Thomas Hatsis reveals the discovery of the power of psychedelics and entheogens can be traced to the very first prehistoric expressions of human creativity with a continuing lineage of psychedelic mystery traditions from antiquity through the Renaissance to the Victorian era and beyond Describing how when and why different peoples in the Western world utilized sacred psychedelic plants Hatsis examines the full range of magical and spiritual practices that include the ingestion of substances to achieve altered states He discusses how psychedelics facilitated divinatory dream states for our ancient Neolithic ancestors and helped them find shamanic portals to the spirit world Exploring the mystery religions that adopted psychedelics into their occult rites he examines the role of entheogens in the Mysteries of Eleusis in Greece the worship of Isis in Egypt and the psychedelic wines and spirits that accompanied the Dionysian mysteries The author investigates the magical mystery traditions of the Thessalian witches as well as Jewish Roman and Gnostic traditions He reveals how psychedelics were integrated into pagan and Christian magical practices and demonstrates how one might employ a psychedelic agent for divination magic alchemy or god and goddess invocation He explores the use of psychedelics by Middle Eastern and medieval magicians and looks at the magical use of

cannabis and opium from the Crusaders to Aleister Crowley From ancient priestesses and Christian gnostics to alchemists wise women and Victorian magicians Hatsis shows how psychedelic practices have been an integral part of the human experience since Neolithic times      The New Thought Movement in Healthcare Gabriel Andrade, 2025-05-17 This book delves into the evolution of the New Thought Movement and its pervasive influence on modern healthcare The book begins by tracing the roots of the New Thought Movement originating in the 19th century emphasizing the power of the mind in healing and personal development Over time this philosophy morphed into the contemporary positive thinking industry becoming a significant component of Western self help culture The book explores how these ideas have become a contentious point in today's culture wars polarized between supporters who credit it for personal empowerment and critics who highlight its limitations and potential harm Central to the discussion is an in depth analysis of the New Thought philosophy's impact on the healthcare industry While acknowledging the potential benefits such as motivating patients to adopt healthier lifestyles and fostering a sense of personal agency the book critically examines how this philosophy's emphasis on mental positivity can lead to victim blaming It argues that oversimplifying health issues by attributing them solely to personal mindset obscures the multifaceted reality of health particularly the significant role of social determinants of health and systemic inequities This critique underscores how attributing illness to insufficient positive thinking can perpetuate stigma and neglect the socio economic and environmental factors critical for understanding and addressing health challenges By offering a nuanced perspective the book aims to catalyze discussions on integrating mindful optimism with a holistic acknowledgment of the complexities inherent in healthcare striving for a more balanced and equitable approach      **Gnosticism, Platonism and the Late Ancient World** Kevin Corrigan, Tuomas Rasimus, 2013-07-25 This Festschrift honors the life and work of John D Turner Charles J Mach University Professor of Classics and History at the University of Nebraska at Lincoln on the occasion of his 75th birthday Professor Turner's work has been of profound importance for the study of the interaction between Greek philosophy and Gnosticism in late antiquity This volume contains essays by international scholars on a broad range of topics that deal with Sethian Valentinian and other early Christian thought as well as with Platonism and Neoplatonism and offer a variety of perspectives spanning intellectual history Greek and Coptic philology and the study of religions
