Adoption and the Gospel Gerald D. Clark, 2014-10-15 Adoption and The Gospel delivers sound biblical doctrine that most have never heard One does not need to be a bible scholar to understand its message Gerald Clark chronicles his struggle to overcome his traditional image of an orphanage and how he learned from heart wrenching personal experiences with the children what they so desperately want and need Six years working with children in an orphanage in the Philippines left Gerald and his wife seeking answers to difficult and very troubling questions If God loves me why am I an orphan If you love me why don't you adopt me I kept asking myself What's wrong with this picture No matter how much we love and care for children in an orphanage they're still orphans What's wrong with the picture is that we simply don't understand that children just don't want to BE orphans Would we need more orphanages if Adoption was part of the Global Mission Strategy of every evangelical church in the world Adoption says something about the Gospel and God's love that no other word can say The Gospel is incomplete if it fails to include adoption Jesus came into the world to bring us a living example of God's love so that we might receive the adoption as sons Galatians 4:4-5 As many as received Him to them He gave the right to become children of God John 1:12 The solution to the world's orphan crisis is found in the bible Adoption Ministry equips the church to accomplish the task and God has called millions of families around the world who already want to adopt

Royer, 2018-08-21 When I started thinking about building a Faith based curriculum for the early childhood classroom my goal was to create a curriculum that would catch the interest of children 0 Kindergarten See I have worked in the early childhood classroom for almost two decades and while the goal is at the heart of the curriculum I have used the interest it has sparked in our young ones is mild and dulled down at best How can we best instill an excitement to learn in

our young ones By making the material and manipulatives hands on and exciting I don't mean by reading a story and pulling out paper puppets on craft sticks although this may be what some children like and want to explore What I mean is presenting values and morals in an explorative manner in conjunction with developmentally appropriate learning standards that help engage your students in learning experiences while getting them excited Including stories and sensory materials story buckets role playing with dress up materials including a variety of mixed media to spark your student's interests is absolutely necessary Create an environment that appeals to learners of various ages backgrounds and learning styles Make your lesson times fun and interesting and your learners will gravitate back for more
