Jess Peacock, 2015-02-05 Evil death demons reanimation and resurrection While such topics are often reserved for the darker mindscapes of the vampire subgenre within popular culture they are equally integral elements of religious history and belief Despite the cultural shift of presenting vampires in a secular light the traditional figure of the vampire within cinema and literature has a rich legacy of serving as a theological marker Whether as a symbol of the allure of sin as an apologetic for assorted religious icons or as a gateway into a discussion of liberationist theology the vampire has served as a spiritual

touchstone from Bram Stoker's *Dracula* to Stephen King's *Salem's Lot* to the HBO television series *True Blood*. In *Such a Dark Thing* Jess Peacock examines how the figure of the vampire is able to traverse and interconnect theology and academia within the larger popular culture in a compelling and engaging manner. The vampire straddles the ineffable chasm between life and death and speaks to the transcendent in all of us, tapping into our fundamental curiosity of what, if anything, exists beyond the mortal coil, giving us a glimpse into the interminable while maintaining a cultural currency that is never dead and buried.

Angela Carter and Decadence M. Tonkin, 2015-12-17 By reading key Carter texts alongside their Decadent intertexts, Tonkin interrogates the claim that Carter was in thrall to a fetishistic aesthetic antithetical to her feminism. Through historical contextualization of the woman as doll, muse, and femme fatale, Tonkin tests Carter's own description of her fiction as a form of literary criticism.

Ananda Devi Ritu Tyagi, 2013-10-10 Ananda Devi's *Feminism, Narration, and Polyphony* is the first full-length monograph devoted to Ananda Devi, a dynamic contemporary Francophone writer. Recipient of the Prix Louis Guilloux and Prix Télévision Suisse Romande du Roman, she is described by many as a prototype of a new generation of Mauritian writers. This book analyses Devi's unconventional polyphonic narratives, particularly her strategies that allow marginalized narrators to disrupt androcentric and dominant structures of narrative construction, thereby creating hybrid, magical spaces for feminine expression. Drawing on the notion of feminist narratology that investigates the relation between gender and narrative, this book focuses on a wide range of Western and non-Western narrative strategies such as plot and plotlessness, narrative metalepsis, pluritemporality, multisubjectivity, myths, folktales, and magic. It also demonstrates how her texts become the point of convergence of the West and the non-West, the feminine and the androcentric, the real and the extra-real, as muted discourses resurface and traditional distinctions between categories are blurred in favor of alternate and new possibilities. As this book is interdisciplinary in its approach, it will appeal to a broad range of audience, from those interested in Contemporary Francophone and Indian Ocean Literature to scholars in Women's Writing, Postcolonial Studies, and Narratology.

THE EVOLUTION OF RELIGION Sulabh Jain, 15-06-09 History has an unsettling effect on religion. Like science, history is fundamentally nothing more than a range of theories based on objective evidence. Mythology becomes a byword for a tradition's history, and history, in the objective sense that we understand it today, becomes distorted. Thus, through time, both myth and history blend into an entertaining story of the world around them and their role in that world.

McCoppin,2016-10-13 This examination of the heroic journey in world mythology casts the protagonist as a personification of nature a botanical hero one might say who begins the quest in a metaphorical seed like state then sprouts into a period of verdant strength But the hero must face a mythic underworld where he or she contends with mortality and sacrifice embracing death as a part of life For centuries humans have sought superiority over nature yet the botanical hero finds nothing is lost by recognizing that one is merely a part of nature Instead a cyclical promise of continuous life is realized in which no element fully disappears and the hero's message is not to dwell on death **Seeing the World in 3-D** Denny
