Schubert's Goethe Settings Lorraine Byrne Bodley, 2017-07-05 The traditional approach to the study of Goethe and Schubert is to place them in opposition to one another both in terms of their life experiences and in relation to the nineteenth century Lied In her introduction to this book Lorraine Byrne examines the myths that have evolved around these artists and challenges the view that Goethe was unmusical and conservative in his musical tastes She also considers Schubert's life in relation to his obvious affinity with the poet and links the composer's Goethe settings with the poet's perception of the Lied Goethe judged the success of a setting by whether the meaning of the text had been realised in musical form In his Goethe settings Schubert translates the poet's meaning into musical terms and his rendition attains the classical unity of words and music that Goethe sought The core of this volume is the series of individual analyses of all of Schubert's solo dramatic and multi voice settings of Goethe texts These explore in detail both the literary and the musical dimensions of each work and Schubert's reading and interpretation of Goethe's writings This is the first study in English to treat both artists with equal attention and insight This together with its encyclopaedic coverage of this important corpus of works makes this volume an essential reference tool for all those who study Schubert and Goethe *Goethes Ästhetik* Wilhelm Bode, 1901 *Goethe and Zelter: Musical Dialogues* Lorraine Byrne Bodley, 2017-07-05 Goethe and Zelter spent a staggering 33 years corresponding or in the case of each artist over two thirds of their lives Zelter's position as director of the Sing Akademie zu Berlin and Goethe's location in Weimar resulted in a wide ranging correspondence Goethe's letters offer a chronicle of his musical development from the time of his journey to Italy to the final months of his life Zelter's letters retrace his path as stonemason to Professor of Music in Berlin The 891 letters that passed between these artists provide an important musical record of the music performed in public concerts in Berlin and in the private and semi public soir of the Weimar court Their letters are those of men actively engaged in the musical developments of their time The legacy contains a wide spectrum of letters casual and thoughtfully composed spontaneous and written for publication rich with the details of Goethe's and Zelter's musical lives Through Zelter Goethe gained access to the professional music world he craved and became acquainted with the prodigious talent of Felix Mendelssohn A single letter from Zelter might bear a letter from Felix Mendelssohn to another recipient of the same family reflecting a certain community in the Mendelssohn household where letters were not considered private but shared with others in a circle of friends or family Goethe recognized the value of such correspondence he complains when his friend is slow to send letters in return for those written to him by the poet a complaint common in this written culture where letters provided news introductions literary and musical works This famous correspondence contains a medley of many issues in literature art and science but the main focus of this translation is the music dialogues of these artists **Goethe, ein Kinderfreund** Karl Muthesius, 1903 Goethe as a Critic of Literature Karl J.
