## **Goff On Goff Conversations And Lectures:**

**Goff on Goff** Philip B. Welch, 1996 In the 1950s when Goff was head of the University of Oklahoma School of Architecture Oklahoma emerged as the nation's most daring avant garde training ground in the discipline This book edited by Philip B Welch is compiled from tapes recorded with Goff's permission by Welch who was one of Goff's students a longtime friend and himself a prominent teacher of architecture Goff on Goff embodies some of the architect's most stimulating lectures and conversations They have never before been available to readers Goff's now legendary teaching method was to throw his students back onto themselves He stressed honesty honesty to materials and honesty to the creative impulse the client the total environment An advocate of Gertrude Stein's continuous present Goff himself embodied the idea the torrents of words ideas and exhortations that rolled from his tongue held his hearers spellbound The material reflects the breadth of Goff's mind and interests A lifelong lover of the music of Debussy he devotes much of one session to the composer's influence on his architectural work To paraphrase Goff on music and architecture ideas not forms are the best starting point for structures and he once designed a house starting with the requirement that it have a revolving door Goff praises traditional Japanese culture for its homogeneity and immediately urges his students not to be daunted by the problems of diversity

Oklahomo Carol Mason, 2015-07-29 Uses the state of Oklahoma as a case study for how US conservatives have attempted to un queer America since the 1950s By exploring the scandal filled lives of four Oklahomans this book demonstrates how un queering operates in a conservative American context Carol Mason weaves a story about how homogenizing antigay ideas evolve from generation to generation so that they achieve particular economic imperial racial and gendered goals Using engaging and accessible commentary on antigay crusaders Sally Kern and Anita Bryant and two queer teachers dismissed from their positions Billy James Hargis and Bruce Goff Mason illustrates how the lives of these figures represent paradigmatic moments in conservative confrontations with queers and help us to understand the conflation of terrorism with homosexuality which dates back to the McCarthy era Oklahomo is a wonderful addition to recent queer studies of critical regionalism rural life and sexual norms Via four spot on case studies Carol Mason traces a hypnotic history of the US Right that deepens our knowledge of how cultures of terror materialized alongside cultures of sexuality in the American Midwest Overflowing with acuity this book is mandatory reading for scholars invested in LGBTQ studies rural urban studies and forgotten tales of modern conservatism Scott Herring author of Another Country Queer Anti Urbanism

The Grove Encyclopedia of American Art Joan M. Marter, 2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries

**A Dictionary of the Avant-Gardes**, 2013-05-13 A Dictionary of the Avant Gardes recognizes that change is a driving force in all the arts It covers major trends in music dance theater film visual art sculpture and performance art as well as architecture science and culture

*Queering the Countryside* Mary L. Gray, Colin R. Johnson, Brian J. Gilley, 2016-03-15 This collection of original essays

confronts the assumption that queer desires depend upon urban life for meaning By considering rural queer life the contributors challenge readers to explore queer experiences in ways that give greater context and texture to modern practices of identity formation The book's focus on understudied rural spaces throws into relief the overemphasis of urban locations and structures in the current political and theoretical work on queer sexualities and genders It highlights the need to rethink notions of the closet and coming out and the characterizations of non urban sexualities and genders as isolated and in need of outreach Provided by publisher

The Inhabitable Flesh of Architecture Marcos Cruz, 2017-03-02 Today's architecture has failed the body with its long heritage of purity of form and aesthetic of cleanliness A resurgence of interest in flesh especially in art has led to a politics of abjection completely changing traditional aesthetics and is now giving light to an alternative discussion about the body in architecture This book is dedicated to a future vision of the body in architecture questioning the contemporary relationship between our Human Flesh and the changing Architectural Flesh Through the analysis and design of a variety of buildings and projects Flesh is proposed as a concept that extends the meaning of skin one of architecture's most fundamental metaphors It seeks to challenge a common misunderstanding of skin as a flat and thin surface In a time when a pervasive discourse about the impact of digital technologies risks turning the architectural skin ever more disembodied this book argues for a thick embodied flesh by exploring architectural interfaces that are truly inhabitable Different concepts of Flesh are investigated not only concerning the architectural and aesthetic but also the biological aspects The latter is materialised in form of Synthetic Neoplasms which are proposed as new semi living entities rather than more commonly derived from scaled up analogies between biological systems and larger scale architectural constructs These neoplastic creations are identified as partly designed object and partly living material in which the line between the natural and the artificial is progressively blurred Hybrid technologies and interdisciplinary work methodologies are thus required and lead to a revision of our current architectural practice

**Chronicles of Oklahoma** James Shannon Buchanan, 1998 Great Plains Quarterly, 1998

**Histories of Architecture Education in the United States** Peter L. Laurence, 2023-10-31 Histories of Architecture Education in the United States is an edited collection focused on the professional evolution experimental and enduring pedagogical approaches and leading institutions of American architecture education Beginning with the emergence of architecture as a profession in Philadelphia and ending with the early work but unfinished international effort of making room for women and people of color in positions of leadership in the field this collection offers an important history of architecture education relevant to audiences both within and outside of the United States Other themes include the relationship of professional organizations to educational institutions the legacy of late nineteenth century design concepts the role of architectural history educational changes and trans Atlantic intellectual exchanges after WWII and the Cold War the rise of the city and urban design in the architect's consciousness student protests and challenges to traditional architecture education and the controversial appearance of environmental activism

This collection in other words provides a relevant history of the present with topics of concern to all architects studying and working today

**Structures of Our Time** Roger Shepherd, 2002 From Fifth Avenue shaping Rockefeller Center the first AIA honoree in 1969 to Richard Meier's Darien Connecticut Smith House created in 1965 to 1967 and winner of the year 2000 prize this book investigates the structures that mark and define our era **BOOK JACKET**

**Art Deco Tulsa** Suzanne Fitzgerald Wallis, Photography by Sam Joyner, Foreword by, 2018 Transformed from a cattle depot into the Oil Capital of the World Tulsa emerged as an iconic Jazz Age metropolis The Magic City attracted some of the nation's most talented architects including Bruce Goff Francis Barry Byrne Frank Lloyd Wright Joseph R Koberling Jr Leon B Senter and Frederick Kershner Like their brazen oil baron clients they were not afraid to take chances and the city still reflects the splendor of that fabulous era Writer Suzanne Wallis and photographer Sam Joyner celebrate the city's enduring Art Deco legacy and its daring revival

**USA** Gwendolyn Wright, 2008-02-15 From the Reliance Building and Coney Island to the Kimbell Museum and Disney Hall the United States has been at the forefront of modern architecture American life has generated many of the quintessential images of modern life both generic types and particular buildings Gwendolyn Wright's USA is an engaging account of this evolution from the late nineteenth century to the twenty first Upending conventional arguments about the origin of American modern architecture Wright shows that it was not a mere offshoot of European modernism brought across the Atlantic Ocean by migrants but rather an exciting distinctive and mutable hybrid USA traces a history that spans from early skyscrapers and suburbs in the aftermath of the American Civil War up to the museums schools and green architecture of today Wright takes account of diverse interests that affected design ranging from politicians and developers to ambitious immigrants and middle class citizens Famous and lesser known buildings across America come together model dwellings for German workers in rural Massachusetts New York's Rockefeller Center Cincinnati's Carew Tower Frank Lloyd Wright's Taliesin West in the Arizona desert the University of Miami campus the Texas Instruments Semiconductor Plant and the Corning Museum of Glass among others to show an extraordinary range of innovation Ultimately Wright reframes the history of American architecture as one of constantly evolving and volatile sensibilities engaged with commerce attuned to new media exploring multiple concepts of freedom The chapters are organized to show how changes in work life home life and public life affected architecture and vice versa This book provides essential background for contemporary debates about affordable and luxury housing avant garde experiments local identities inspiring infrastructure and sustainable design A clear concise and richly illustrated account of modern American architecture this timely book will be essential for all those who wonder about the remarkable legacy of American modernity in its most potent cultural expression

**Encyclopedia of Twentieth Century Architecture** R. Stephen Sennott, 2004 For more information including the introduction a full list of entries and contributors a generous selection of sample pages and more visit the Encyclopedia of 20th Century Architecture website Focusing on architecture from all regions of the world this three volume set profiles the twentieth century's vast chronicle of

architectural achievements both within and well beyond the theoretical confines of modernism Unlike existing works this encyclopedia examines the complexities of rapidly changing global conditions that have dispersed modern architectural types movements styles and building practices across traditional geographic and cultural boundaries **Architectural Record**

,1997 **Encyclopedia of the Great Plains** David J. Wishart,2004-01-01 Wishart and the staff of the Center for Great Plains Studies have compiled a wide ranging pun intended encyclopedia of this important region Their objective was to give definition to a region that has traditionally been poorly defined and they have *Storytelling and Conversation* Elizabeth A. Winston,1999 In this intriguing book renowned sociolinguistics experts explore the importance of discourse analysis a process that examines patterns of language to understand how users build cooperative understanding in dialogues It presents discourse analyses of sign languages native to Bali Italy England and the United States Studies of internal context review the use of space in ASL to discuss space how space in BSL is used to package complex narrative tasks how signers choose linguistic tools to structure storytelling and how affect emphasis and comment are added in text telephone conversations Inquiries into external contexts observe the integration of deaf people and sign language into language communities in Bali and the language mixing that occurs between deaf parents and their hearing children Both external and internal contexts are viewed together first in an examination of applying internal ASL text styles to teaching written English to Deaf students and then in a consideration of the language choices of interpreters who must shift footing to manage the interpreter s paradox *Storytelling and Conversation* casts new light on discourse analysis which will make it a welcome addition to the sociolinguistics canon **Proceedings, Abstracts of Lectures and a Brief Report of the Discussions of the National Teachers' Association, the National Association of School Superintendents and the American Normal School Association** National Education Association of the United States,1897 [Architecture Minnesota](#) ,1997

**Subject Guide to Children's Books in Print 1997** Bowker Editorial Staff,R R Bowker Publishing,1996-09 *The Master Architect* Frank Lloyd Wright,1984-11 Previously unpublished conversations of The Father of Modern Architecture with such notables as Carl Sandburg Mike Wallace Alistair Cooke and Hugh Downs In this magnificently illustrated volume Wright shares his often controversial views on art literature society history and architecture Photographs of Wright s greatest achievements accompany these provocative conversations This book presents a penetrating protrait of the architect exposing his humor charm and guiding philosophy an intense faith in the individual the independent mind and the free spirit
