Good Eating The Christian Practice Of Everyday Life:

Untamed Hospitality (The Christian Practice of Everyday Life) Elizabeth Newman, 2007-04-01 Christian hospitality is more than a well set table pleasant conversation or even inviting people into your home Christian hospitality according to Elizabeth Newman is an extension of how we interact with God It trains us to be capable of welcoming strangers who will challenge us and enhance our lives in unexpected ways readying us to embrace the ultimate stranger God In Untamed Hospitality Newman dispels the modern myths of hospitality as a superficial commodity that can be bought and sold at The Pottery Barn and restores it to its proper place within God s story as displayed most fully in Jesus Christ Worship she says is the believer s participation in divine hospitality a hospitality that cannot be sequestered from our economic political or public lives This in depth study of true hospitality will be of interest to professors students and scholars looking for a fresh take on a timeless subject

Following Jesus in a Culture of Fear (The Christian Practice of Everyday Life) Scott Bader-Saye, 2007-06-01 Through politics marketing news programming and popular culture we are taught to fear often in ways that profit others But what does all this fear do to our moral lives as it forms or deforms our character and our judgment Drawing on Christian scripture and tradition Following Jesus in a Culture of Fear articulates a response to fear that resists an ethic of security in favor of fostering an ethic of risk The Christian virtues of hospitality peacefulness and generosity are presented as the way to defeat the counter virtues of suspicion preemption and control Pastors students and lay people will find this unique book both accessible and intriguing EXCERPT Do not be afraid We live in a time when this biblical refrain cannot be repeated too often Both John Paul II in 1978 and his successor Benedict XVI in 2005 used these words to begin their papacies Among all the things the church has to say to the world today this may be the most important No one has to be convinced that we live in fearful times though we are not always sure what we should be afraid of and why We suspect that our fears make us vulnerable to manipulation but we find it hard to quell the fear long enough to analyze how it is being produced and directed for the benefit of others One reason we are a more fearful culture today despite the fact that the dangers are not objectively greater than in the past is because some people have incentives and means to heighten manipulate and exploit our fears Fear is a strong motivator and so those who want and need to motivate others politicians advertisers media executives advocacy groups even the church turn to fear to bolster their message I call this the fear for profit syndrome and it is rampant We have become preoccupied with unlikely dangers that take on the status of imminent threats producing a culture where fear determines a disproportionate number of our personal and communal decisions The sense of ever increasing threats can overwhelm our ability to evaluate and respond proportionately to each new risk thus we allow fear to overdetermine our actions

Living the Sabbath (The Christian Practice of Everyday Life) Norman Wirzba, 2006-12-01 Sabbath is one day a week when we should rest from our otherwise harried lives right In Living the Sabbath Norman Wirzba leads us to a much more holistic and rewarding understanding of Sabbath keeping Wirzba

shows how Sabbath is ultimately about delight in the goodness that God has made in everything we do every day of the week With practical examples Wirzba unpacks what that means for our daily lives at work in our homes in our economies in school in our treatment of creation and in church This book will appeal to clergy and laypeople alike and to all who are seeking ways to discover the transformative power of Sabbath in their lives today **Good Eating** Stephen H. Webb,2001-10-01

rights welfare collection *The Chronicles of Narnia and Philosophy* Gregory Bassham, Jerry L. Walls, William Irwin, 2013-11-13 The Chronicles of Narnia series has entertained millions of readers both children and adults since the appearance of the first book in 1950 Here scholars turn the lens of philosophy on these timeless tales Engagingly written for a lay audience these essays consider a wealth of topics centered on the ethical spiritual mythic and moral resonances in the adventures of Aslan the Pevensie children and the rest of the colorful cast Do the spectacular events in Narnia give readers a simplistic view of human choice and decision making Does Aslan offer a solution to the problem of evil What does the character of Susan tell readers about Lewis s view of gender How does Lewis address the Nietzschean master morality embraced by most of the villains of the Chronicles With these and a wide range of other questions this provocative book takes a fresh view of the world of Narnia and expands readers experience of it God is Green Bob Shore-Goss, 2016-10-28 At this time of climate crisis here is a practical Christian ecospirituality It emerges from the pastoral and theological experience of Reverend Robert Shore Goss who worked with his congregation by making the earth a member of the church by greening worship and by helping the church building and operations attain a carbon neutral footprint Shore Goss explores an ecospirituality grounded in incarnational compassion Practicing incarnational compassion means following the lived praxis of Jesus and the commission of the risen Christ as Gardener Jesus becomes the green face of God Restrictive Christian spiritualities that exclude the earth as an original blessing of God must expand This expansion leads to the realization that the incarnation of Christ has deep roots in the earth and the fleshly or biological tissue of life This book aims to foster ecological conversation in churches and outlines the following practices for congregations meditating on nature inviting sermons on green topics covenanting with the earth and retrieving the natural elements of the sacraments These practices help us recover ourselves as fleshly members of the earth and the network of life If we fall in love with God s creation says Shore Goss we will fight against climate change *Paying Attention* Gary Peluso-Verdend, 2005-07-15 In a culture marked by what many call attention deficit disorder congregations and their leaders are subject to distractions that detract from their mission and lead them in directions that have little to do with their reason for existence Size concerns building preservation situational conflicts the lure of technology and the so called worship wars all threaten to distract congregations from what matters most Thus churches can become part of the problem rather than a positive influence in the lives of their people and their communities In this inspiring volume Gary Peluso Verdend issues a clarion call to congregational leaders to refocus their church s attention on the core matters of Christian faith the Word the example of Christ and an intentional embrace of theology and spiritual practice to renew the congregation s vision and to center itself again on God s call Paying Attention takes on obsession and anxiety the two vampires of attention that focus on the unfixable past and the uncontrollable future wasting and dissipating attention True Christian attention is focused on the now and this book calls on congregations to be present to the persons and issues that God has entrusted to them As Jesus of Nazareth s ability to be

fully attentive and present to people was remarkable congregations should look to his example and attend as he attended

Paying Attention urges congregations to develop their theology of attention and to engage in the Christian practice of attending lovingly to God and to neighbor so that they may participate fully in the kingdom of God With study questions at the end of each chapter and an imagined conversation between people practicing theology in their congregation **Paying Attention** provides an invaluable companion in a congregation s journey toward purposeful attentive faithfulness **God's Future for Animals** Raymond R. Hausoul,2021-08-16 God loves animals and gives them a special place in creation So do animals also have a place in God s work of redemption Will there be animals on the new Earth Will we see our beloved pets in the afterlife This book takes up the challenge to think in a responsible way through these questions The author focuses in particular on the physical restoration the prophetic proclamation of the coming animal peace the attitude of God and humanity towards animals and the question of the relationship between biblical life the future of animals and vegetarianism What can the Bible and Christian doctrine reveal to us about God s way with animals **Food, Farming, and Faith** Gary W. Fick,2008-03-06 Using scripture and science a Christian agricultural scientist presents an ethic of farming that promotes good food and a healthy environment **The Doctrine of Creation** Bruce Riley Ashford,Craig G. Bartholomew,2020-11-10 According to Bruce Ashford and Craig Bartholomew one of the best sources for regaining a robust biblical doctrine of creation is the recovery of Dutch neo Calvinism Tracing historical treatments and exploring theological themes Ashford and Bartholomew develop the Kuyperian tradition s rich resources on creation for systematic theology and the life of the church today **On Animals** David L. Clough,2018-12-27 This book presents an authoritative and comprehensive survey of human practice in relation to other animals together with a Christian ethical analysis building on the theological account of animals which David Clough developed in *On Animals* Volume I Systematic Theology 2012 It argues that a Christian understanding of other animals has radical implications for their treatment by humans with the human use and abuse of non human animals for food the most urgent immediate priority Following an introduction examining the task of theological ethics in relation to non human animals and the way it relates to other accounts of animal ethics this book surveys and assess the use humans make of other animals for food for clothing for labour as research subjects for sport and entertainment as pets or companions and human impacts on wild animals The result is both a state of the art account of what humans are doing to other animals and a persuasive argument that Christians in particular have strong faith based reasons to acknowledge the significance of the issues raised and change their practice in response **Remembering the Future** Christopher J. Keller,Andrew Shutes-David,2009-01-01 *Remembering the Future* is a collection of poems essays and interviews that ask readers to see their world with double vision to imagine the redemptive consequences of engaging the world with a fastidious awareness of both the biblical tradition and the cultural moment *Remembering the Future* is gathered from the first years of *The Other Journal* an online quarterly positioned at the intersection of theology and culture *The Other Journal* examines theology with

fresh eyes probing faith with passion authenticity and creativity and this anthology represents the highlights of that endeavor including content from some of the most important voices in the field of theology today Remembering the Future offers readers an engaging thought provoking picture of what sound theological thinking can and must offer today's Christians giving witness to Christ in our contemporary cultural landscape

Out of Context Richard L. Schultz, 2012-11-01 Although 92% of American households own at least one Bible their use of the Bible varies significantly Only 59% of Americans read the Bible at least occasionally and an even smaller percentage go beyond merely reading the Bible and actually study it It is no wonder that even those who say they read the Scriptures often don't understand them Veteran Bible professor Richard L. Schultz believes the misinterpretation and misapplication of biblical texts amounts to a crisis of interpretive malpractice In *Out of Context* he seeks to explain how biblical interpretation goes wrong and how to get it right He introduces readers to the important concepts of context word meaning genre and the differences between the world of the Bible and our own Readers who delve into the fascinating world of biblical interpretation found in this book will find their Scripture reading enhanced and be enlightened by Schultz's powerful and ultimately positive message

Re-Storying Your Faith Suzanne M. Coyle, 2013-11-29 *Re-Storying Your Faith* has caught our culture's imagination from nouveau experiences of spirituality through channeling and meditation to traditional spiritual practices of personal devotions scripture reading and prayer Building on Christian spirituality this spiritual practice of re-storying our faith offers people an everyday experience of discovering multiple faith stories to give meaning to their spiritual journey Built into this process is a way of discovering individual uniqueness as well as sharing discovered stories in faith communities whether it is a Sunday school class or a group of like minded friends

The Church and Work Joshua Sweeden, 2014-01-31 Work is one of the most dominant and unavoidable realities of life Though experiences of work vary tremendously many Christians share a common struggle of having to live in seemingly bifurcated spheres of work and faith Beginning with the conviction that Christian faith permeates all aspects of life Joshua Sweeden explores Christian understandings of good work in relationship to ethics community practice and ecclesial witness In *The Church and Work* Sweeden provides a substantial contribution to the theological conversation about work by proposing an ecclesiological grounding for good work He argues that many of the prominent theological proposals for good work are too abstract from context and demonstrates how the church can be understood as generative for both the theology and practice of good work This needed ecclesiological development takes seriously the role of context in the ongoing discernment of good work and specifically explores how ecclesial life and practice shape and inform good work Christian understandings of good work are inconceivable without the church Accordingly the church is not simply the recipient and a dispenser of a theology of work but the locus of its development

Keeping House Margaret Kim Peterson, 2010-12-03 *Keeping House* is a wide ranging and witty exploration of the spiritual gifts that are gained when we take the time to care for hearth and home With a fresh perspective

mother wife and teacher Margaret Kim Peterson examines the activities and attitudes of keeping house and making a home. Debunking the commonly held notion that keeping house is a waste of time or at best a hobby, Peterson uncovers the broader cultural and theological factors that make housekeeping an interesting and worthwhile discipline. She reveals how the seemingly ordinary tasks of folding laundry, buying groceries, cooking, making beds, and offering hospitality can be seen as spiritual practices that embody and express concrete and positive ways of living out Christian faith in relationship to others at home, in the church, and in the world.
