media have become a form of entertainment and art A survey of literary history and culture shows to what extent eating used to be closely related to all areas of human life to religion eroticism and even to death In this volume early modern ideas of feasting banqueting and culinary pleasures are juxtaposed with post 18th and 19th century concepts in which the intake of food is increasingly subjected to moral theological and economic reservations In a wide range of essays various images rhetorics and poetics of plenty are not only contrasted with the horrors of gluttony they are also seen in the context of modern phenomena such as the anorexic body or the gourmandizing b te humaine It is this vexing binary approach to eating and food which this volume traces within a wide chronological framework and which is at the core not only of literature art and film but also of a flourishing popular culture Food, Masculinities, and Home Michelle Szabo, Shelley Koch, 2017-05-18

Kitchen Con Trevor White,2012-06 In this tart tautly written hilariously funny insider look at the restaurant business Trevor White offers an impassioned unbiased expos of the world of dining out From the most fashionable tables in New York London and Paris to local fast food chains he takes us behind the scenes and demonstrates that all too often we are being conned or cowed by overrated egomaniacal chefs pretentious waiters and self important critics whose cursory evaluations and often prejudiced reviews can sound the death knell of a worthy eatery A scathing attack on gourmet dogma White s defiantly populist critique of today s restaurant culture redefines the dining room as a place in which people have the right to be satisfied rather than intimidated Included too is a fascinating conversation between celebrity chef Anthony Bourdain and the author where both reveal their respective viewpoints on the culinary world Book jacket **Food Cultures of the World**
