choices whether you've been using Lightroom for a few months or a few years. No more pressing buttons without understanding the repercussions. Unlike most other Lightroom books, this isn't just the theory of how Lightroom is supposed to work, but also the workarounds and solutions for the times when it doesn't behave the way you'd expect. For less experienced users, the Fast Track weaves its way through the book with short tutorials that guide you through a simple workflow, allowing you to gain confidence before diving into the more advanced questions. To get a taste of Victoria's writing style, download the free Quick Start eBook from the Lightroom Queen website. For many years, the Adobe Lightroom The Missing FAQ books have been among the most popular Lightroom books available. The LR CC 6 version is a major rewrite that's taken 2 years to complete, and it's the best yet. The information is now easier for less experienced users to understand and easier to find using the comprehensive new index. If you've read previous versions, don't worry: all of the advanced information is still there, and has been expanded too. The paperback's even more readable, having been produced in color print for the first time.

Adobe Lightroom Cc & 6 David Vanderlip, 2016-11-05. Packed with nearly everything about the Library and Develop modules, this book follows the simple and straightforward approach of my other popular books. In just under 300 pages, I've presented Lightroom in a way that allows any user to learn quickly and easily. This book can be used as a guided learning tool or a once-in-while reference text. The book is divided into two parts: one for the Library and one for the Develop. The Library part contains section reviews and 8 quizzes. As with all my books, this is also the course text book for any Lightroom classes and workshops you may have taken or will take. Keyboard shortcut lists are included. Don't forget to check out David's other wonderful book, *Understanding Depth of Field in Digital Photography*.
