Dodd,1996-04-22 People outside the church have often found Paul hard to stomach His views on women sex and marriage his failure to attack the institution of slavery his verbal attacks on his opponents have all come under fire Regrettably Paul hasn't always fared that much better among believers who themselves like the apostle Peter sometimes wonder what to make of him Let's face it Paul just isn't politically correct Brian Dodd offers a fresh look at the somewhat enigmatic and misunderstood Paul With a pastor's heart and a scholar's insight he helps us to bridge the gap between Paul's world and our own providing the perspective we need to begin to make sense of Paul the man and his message Whether you stand outside the church looking in or whether even from the inside you struggle to make sense of Paul in the contemporary world The Problem with Paul will deepen your understanding and help you to grapple with one of the New Testament's most important authors
