Lilith's Fire Deborah Grenn-Scott, Cosi Fabian, 2000-07 In Lilith's Fire

Grenn Scott examines why and how modern women are still demonized identified as bad for actions perceived as reasonable for men through techniques used for thousands of years and how women have started to reverse this tendency by redefining right and wrong Demonization she notes has been effective controlling manipulating and dividing women to keep them powerless pitting Lilith against Eve good girl against bad girl and as a means of keeping one group religion or idea dominant over another In dismantling this technique the author shows that portrayals of women as innately evil undermine the self confidence of all women and in turn their ability to take risks assume leadership or claim power from bedroom to boardroom She provides strong models for women of a more proud sensual confident way of being along the way she poses difficult questions such as How can women become more aware that they have choice Do we give our religious and spiritual leaders too much power How do we make change in our own lives and in the world What forms of social action are most effective Lilith s Fire opens a dialogue that the author hopes may lead to some answers as it offers women a transformational tool to help them recognize appreciate and draw on the strength and creativity of their own life force the first step in creating positive change

Midrashic Women Judith R. Baskin, 2015-05-01 While most gender based analyses of rabbinic Judaism concentrate on the status of women in the halakhah the rabbinic legal tradition Judith R Baskin turns her attention to the construction of women in the aggadic midrash a collection of expansions of the biblical text rabbinic ruminations and homiletical discourses that constitutes the non legal component of rabbinic literature Examining rabbinic convictions of female alterity competing narratives of creation and justifications of female disadvantages as well as aggadic understandings of the ideal wife the dilemma of infertility and women among women and as individuals she shows that rabbinic Judaism a tradition formed by men for a male community deeply valued the essential contributions of wives and mothers while also consciously constructing women as other and lesser than men Recent feminist scholarship has illuminated many aspects of the significance of gender in biblical and halakhic texts but there has been little previous study of how aggadic literature portrays females and the feminine Such representations Baskin argues often offer a more nuanced and complex view of women and their actual lives than the rigorous proscriptions of legal discourse
