*L'infinito terreno* Guido Guglielmi, 2000      *Zibaldone* Giacomo Leopardi, 2013-07-16 A groundbreaking translation of the epic work of one of the great minds of the nineteenth century Giacomo Leopardi was the greatest Italian poet of the nineteenth century and was recognized by readers from Nietzsche to Beckett as one of the towering literary figures in Italian history To many he is the finest Italian poet after Dante Jonathan Galassi's translation of Leopardi's *Canti* was published by FSG in 2010 He was also a prodigious scholar of classical literature and philosophy and a voracious reader in numerous ancient and modern languages For most of his writing career he kept an immense notebook known as the *Zibaldone* or hodgepodge as Harold Bloom has called it in which Leopardi put down his original wide ranging radically modern responses to his reading His comments about religion philosophy language history anthropology astronomy literature poetry and love are unprecedented in their brilliance and suggestiveness and the *Zibaldone* which was only published at the turn of the twentieth century has been recognized as one of the foundational books of modern culture Its 4 500 plus pages have never been fully translated into English until now when a team under the auspices of Michael Caesar and Franco D'Intino of the Leopardi Centre in Birmingham England have spent years producing a lively accurate version This essential book will change our understanding of nineteenth century culture This is an extraordinary epochal publication      **Mapping Leopardi** Emanuela Cervato, Mark Epstein, Giulia Santi, 2019-02-25 Are you curious about the private laboratory of Giacomo Leopardi Italy's greatest modern lyrical poet Interested in using expert maps to explore it while deepening your acquaintance with one of the most creative materialist thinkers This collection of essays makes very original use of the new translation of Leopardi's *Zibaldone di pensieri* and investigates its connections to all his other works Whether your primary interest lies in Italian literature and criticism linguistics and poetics the origins of genres such as the fantastic or in philosophical queries regarding materialism and hedonism this collection offers original research that will challenge the reader to view this outstanding intellectual in a new light Offering some of the earliest reflections against anthropocentrism championing the artist's interest in the natural sciences and questioning humanity's purpose in this world Leopardi's work is presented in this volume as an indispensable tool to understand the complexity of Italy's cultural transformations between the 18th and the 19th centuries      **Leopardi** Giacomo Leopardi, 1997-05-25 These translations of the major poems of Giacomo Leopardi 1798-1837 render into modern English the work of a writer who is widely regarded as the greatest lyric poet in the Italian literary tradition With themes of mutability landscape and love paralleling an attitude of unflinching realism readers will find Leopardi's poems a unique amalgam of philosophical toughness and the lyrically bittersweet      Giacomo Leopardi Poems Giacomo Leopardi, 2009      **Flower of the Desert** Antonio Negri, 2015-10-26 A profound meditation on Leopardi's art and thought as well as a reframing and reassertion of Negri's own philosophical and political project of liberation Antonio Negri one of Italy's most influential and controversial contemporary philosophers offers in this book a radical new interpretation of

the nineteenth century Italian poet Giacomo Leopardi For Negri Leopardi is not the bitter idealistic individualist of conventional literary history but rather a profoundly materialist thinker who sees human solidarity as the only possible solution to the catastrophes of history and politics Negri traces Leopardi's resistance to the transcendental idealism of Kant and Hegel with its emphasis on reason's power to resolve real antagonisms into abstract syntheses and his gradual development of a sophisticated poetic materialism focused on the constructive power of the imagination and its true illusions Like Nietzsche who admired him Leopardi provides an alternative to modernity within modernity expressing a force of rupture and recomposition a uniquely Italian one that is as relevant now as it was in the nineteenth century and which connects to the theory of Empire as the political constitution of the present that Negri has elaborated in collaboration with Michael Hardt
