Under the Lemon Tree Andres Fragoso, Jr., 2021-06 Under the lemon tree is written based on the ideas of family It is a book of poetry that tells the story of the Lemon Tree family This book shows different personalities that changed from good to bad from heroes to villains This is a story that almost everyone in the world can relate to because similar events happen in so many families I have seen families torn apart by lies cheating stealing and self hate This story is about seven beautiful sisters and a brother who ruin their family name and takes everyone through the most profound decline Under the Lemon

Tree shows the central point of seven sisters and one brother who were at one point loving and caring for their nephew the protagonist of the story He believed them to be divine From childhood he walked with them followed them and did whatever they did They were like gods and goddesses to him because he believed they could never make mistakes He used to always feel proud of them This is the tale of those dark ages when all the love and care has vanished over an inheritance dispute The family name Lemontree was changed from being revered with great respect to being the joke of the town All the sisters are fighting over an inheritance that doesn't belong to them They lied to each other and created misconceptions and misunderstandings They gay shamed their brother and nephew for being gay for being men of culture and education and for being honest with themselves and no longer their puppets The protagonist realizes how the sisters have abused them both emotionally verbally and sometimes mentally Under the lemon tree is a defining story from a bright past relished under great honorable honest and upright grandparents to a bitter family dispute that has ruined everything and everyone's life
