Gnostic Book Of Hours Keys To Inner Wisdom

Andrew Phillip Smith

Gnostic Book Of Hours Keys To Inner Wisdom:

A Gnostic Book of Hours June Singer,1992 **A Gnostic Book of Hours** June Singer,2003 From the Nag Hammadi Library with the different times of day and days of the week She reveals for us the macrocosm of human experience in the microcosm of the passing hours and days Reverent introspection in the moment yields recognition of the sacredness and eternity of who we are and what our lives mean Book jacket *Gnostic Writings on the Soul* ,2011-08-18 The inspiration and insight of these Gnostic writings can become a companion on your own spiritual journey Just what is a soul exactly Where did the idea come from How do we experience our souls Two ancient Gnostic texts The Exegesis on the Soul and The Hymn of the Pearl both presented here in all new translations hold important clues to the development of the soul as a concept and reveal inspiring ways your own soul can remember and return to its unique divine purpose The Exegesis on the Soul depicts the soul as a feminine figure who has fallen into the corrupted world and must find her way back to the Divine It is the story of the soul s struggle and redemption that will embolden your own spiritual pilgrimage The Hymn of the Pearl is an allegorical story about a prince sent to retrieve a precious pearl but who soon forgets his purpose and falls asleep It is a moving tale of the importance of remembering your soul s identity and calling and knowing that only you can fulfill your destiny Accessible facing page commentary explains the Gnostic writings for you even if you have no previous knowledge of Gnosticism or early Christianity Additional material draws on ancient religions Platonism Christianity Judaism Islam and modern philosophical and psychological notions of the soul to place the Gnostic teachings in a clear historical context By following the development of this concept through time you will more clearly perceive and respond to the divine spark found in your own soul *The Essence of the Gnostics* Bernard Simon,2005-03-01 For what is it that the All lacked if not the knowledge of the Father Gnostic text from the Gospel of Truth Long before there was a system of belief called Gnosticism there were those who reached for a special intimate knowledge of God and His mysterious ways The possession of such knowledge they believed would bring salvation from suffering All religious traditions acknowledged that the world is imperfect Where they differ is in the explanations they offer for this imperfection and in what they suggest might be done about it While many religionists hold that humans are to be blamed for these imperfections the Gnostics believed that the world is flawed because it was created in a flawed manner thereby implicating the creator Such a perspective was regarded as blasphemous by fellow Christians at the dawn of the new religion and led to the sect s persecution Equally concerning were the Gnostics liberal views regarding sex the role of women and toleration of other faiths In *The Essence of the Gnostics* Bernard Simon offers a fascinating insight into this ancient and yet in many ways surprisingly contemporary faith and explores the reasons for its current renaissance A Dictionary of Gnosticism Andrew Phillip Smith,2014-03-17 A Dictionary of Gnosticism is a scholarly yet accessible guide that covers the people mythology movements scripture and technical terms related to this pre Christian Western religion It contains nearly 1700 entries from Achiaram an angel in the Secret Book of

John to Zostrianos a third century Gnostic text and is a reliable reference for the Nag Hammadi library and other Gnostic texts An introduction explains who the Gnostics were and provides a whirlwind tour through the history of this captivating movement *Gnosticism* Stephan A Hoeller,2012-12-13 Gnosticism developed alongside Judeo Christianity over two thousand years ago but with an important difference It emphasizes not faith but direct perception of God Gnosticism being derived from the Greek word gnosis meaning knowledge Given the controversial premise that one can know God directly the history of Gnosticism is an unfolding drama of passion political intrigue martyrdom and mystery Dr Hoeller traces this fascinating story throughout time and shows how Gnosticism has inspired such great thinkers as Voltaire Blake Yeats Hesse Melville and Jung The Gnostics Andrew Phillip Smith,2012-01-01 According to the ancient Gnostics the early Christians who wrote such controversial texts as the recently discovered Gospel of Judas we are all capable of gnosis or direct knowledge of the true reality that lies behind the material world Andrew Phillip Smith author of respected works on the lost sayings of Jesus the Gospel of Philip and other Gnostic subjects now offers a highly accessible layman s introduction to this long suppressed philosophy that offers an intriguing alternative to accepted Christian beliefs With references to The Da Vinci Code The Matrix and other fictions inspired by the Gnostic worldview this is an eye opening and possibly life changing book meant to revive forgotten traditions and perhaps even allow readers to experience gnosis themselves **The Secret History of the Gnostics** Andrew Phillip Smith,2015-11-24 Learn more about the myths practices history and recent resurgence of Gnosticism as a Gnostic scholar seeks to answer why this Christian mystical movement has inspired the likes of Dan Brown and Philip Pullman The Secret History of the Gnostics offers long awaited illumination on the mystical movement that teaches gnosis knowledge of God as opposed to unquestioning faith Acclaimed author Andrew Phillip Smith delves into the myths and practices of this ancient movement exploring its popularity during 2nd century AD its subsequent decline under the weight of orthodoxy in the Church and its present day resurgence Gnosticism has travelled a fascinating path from the Manichaeans in Modern Persia between the 3rd and 7th centuries AD to the triumphs and tragedies of the Cathars in Southern Europe between the 12th and 14th centuries to finally today s Mandaeans in Iraq However as the author points out the revival of Gnosticism extends further than these narrow sects offering inspiration to a legion of literary figures including Dan Brown and Philip Pullman Gnosticism s emphasis on personal over organized religion in keeping with the doctrine of the early Christian era during which it thrived has found particular resonance with today s multicultural world In addition to discussing the Gnostic gospels and the sect s practical beliefs and customs The Secret History of the Gnostics is also in effect a manifesto an appeal to those inspired by or drawn to the Gnostic faith not to forget its origins **Before Abraham Was I Am:** Cleo Newsome Jr.,2010-05-20 When God created the universe He also created the Metaphysical universe This paraphrase from Donald Walch s book A Conversation with God aptly points to the intricate matrix of themes ideas and concepts which formulate a complete world view of how things work This is important because our individual belief system

has a direct impact on all of the events and important episodes in our lives and generally affects the quality and longevity of life as a whole God as the omnipotent catalyst of the entire creative process does not interfere with our choices but instead allows us to reap the benefits or suffer the consequences of our decisions When we learn to raise our thinking to the higher consciousness of divine mind the quality of life both individually and as a people will be naturally uplifted from an uncertain existence of coincidence and chance to a progressively stable and secure co existence with the sustaining grace of God s unlimited cosmos This book represents an attempt to explore some of the more relevant concepts of mankind s symbiotic relationship to an immaculate Holiness in which we intuitively have always known to exist but through the daily grind of everyday living have somehow lost touch The book is not amid at any particular religion culture or ethic group but is a rather modest endeavor to discuss an array of universal themes and concepts common to us all **Life to Death: Harmonizing the Transition**

Richard W. Boerstler, Hulen S. Kornfeld, 1995-10 Written for the terminally ill their families and others involved in the care of the dying Life to Death introduces the technique of co meditation a method to help a patient maintain a clear mind and peaceful heart during the process of dying A script for co meditation sessions with relaxation and visualization techniques is included **Hidden Wisdom**

Alternatively Hidden Wisdom is a fresh coherent and accessible work that expounds many of the teachings of Western esotericism examining its key figures and movements **Rebirthing into Androgyny**
