LeRon Shults, 2005-11 Linking traditional attributes of God with contemporary philosophy F LeRon Shults culminates with a reformed doctrine of God that revolves around themes of God s omniscient faithfulness omnipotent love and omnipresent hope The God of the Gospel Scott R. Swain, 2013-04-03 Scott R Swain provides what might be the definitive critical reading of Robert Jenson s trinitarian theology from an evangelical perspective Setting Jenson within the larger story of the twentieth century trinitarian revival Swain proposes constructive pathways back to a classical understanding of the Trinity **The Anointed Church** Gregory J. Liston, 2015-09-01 Over recent decades Spirit Christology has utilized a pneumatological perspective to gain significant insight into the person and life of Christ The Anointed Church extends this work providing the first constructive and systematic ecclesiology developed through the approach of a Third Article Theology Arguing that the Spirit s immanent identity is reprised on a series of expanding stages Christologically soteriologically and most pertinently here ecclesologically Liston concludes the Church can be characterized as existing in any and all relationships where by the Spirit the love of Christ is offered and returned *Transcendence and Spatiality of the Triune Creator* Chan Ho Park, 2005 Since Augustine many philosophers and theologians have discussed the relation of God to time whereas the relation between God and space has been rarely discussed This book deals with the relationship of God to space Divine transcendence is one important aspect of the Christian God However God is also immanent in the world of space and time The author investigates the concept of divine spatiality and presents case studies of three modern theologians Torrance Pannenberg and Moltmann He also analyses divine spatiality by using Dyrness s three categories relationship agency and embodiment Fundamental Theology Matthew L. Becker, 2024-01-25 Encyclopedic in scope this book offers wide ranging coverage of the foundational teachings and practices within the mainstream of the classical Christian tradition It begins with their roots in the Scriptures and also branches out into Eastern and Western Christianity ancient medieval and modern to the present day Part I provides an overview of some of these routes then presents an historical survey of Christianity s major traditions Part II unpacks some of the character of that revelation focusing particularly on epistemological and procedural questions Finally Part III looks at Christian theology in a university setting the possibility and shape of theology as a university discipline its major subfields

and its relations with humanities and the sciences respectively Fundamental Theology A Protestant Perspective 2nd edition includes a wide range of pedagogical features each chapter begins with an outline thesis statement highlighted in bold charts and graphs relevant headings and subheadings employed throughout the book keywords provides a survey of pertinent reference literature questions for review and discussion annotated suggestions for further reading Father, Son and Holy Spirit Colin E. Gunton, 2003-11-01 In this book one of the leading and most popular theologians of our time develops themes he first introduced in The Promise of Trinitarian Theology in 1992 a book which continues to be widely read and used as a textbook in Christian Doctrine throughout the world Each essay addresses a topic of central importance in Trinitarian theology ranging from the knowledge of God to the Christian sacraments Together they reflect in particular on an increasing interest in the doctrine of the Holy Spirit and its bearing on the structure of the doctrine of the Trinity and its various sub themes of Christology and soteriology etc All but two of the fourteen chapters are published here for the first time **Jesus in Trinitarian Perspective** Fred Sanders, Klaus Issler, 2007-10-01 Jesus in Trinitarian Perspective studies the person of Jesus on Earth as well as how He is the eternal second person of the Trinity **Christian Dogmatics** Michael Allen, Scott R. Swain, 2016-04-19 This one volume introduction to systematic theology draws deeply on the catholic and Reformed heritage to present the major doctrines of the Christian faith displaying the power of theological retrieval for the church's renewal Leading Reformed theologians such as Kevin Vanhoozer John Webster Michael Horton and Oliver Crisp offer the state of the question on standard theological topics and engage in both exegetical and historical retrieval for the sake of theological analysis The book represents the exciting new theological trajectory of Reformed catholicity **The Missional Church in Context** Craig Van Gelder, 2007-10-26 The missional church conversation continues to make a vital contribution to thinking about congregations and their contexts addressing the essential question What does it really mean to be church This book offers substantial clarifying insights into that ongoing dialogue Contributors Mark Lau Branson James Tzu Kao Chai Mary Sue Dehmlow Dreier Terri Martinson Elton Scott Frederickson Joon Ho Lee Gary M Simpson Craig Van Gelder **Essential Trinitarianism** Shelli M. Poe, 2017-10-19 Many scholars believe that Friedrich Schleiermacher relegates the doctrine of the Trinity to an appendix at the end of his magnum opus The Christian Faith 1830 31 his alleged disregard for the Trinity is the supposed death knell for serious consideration of his work within the history of Christian thought This volume argues that Schleiermacher not only calls for the doctrine's revitalization but also makes it the centrepiece of Protestant Christianity Following Schleiermacher's own thought experiment Poe presents his doctrine of God in reverse order of its original presentation Her examination centres on the Trinity treating it as the keystone of the entire work while analysing the divine attributes love and wisdom justice and holiness eternity omniscience omnipotence and omnipresence When viewed from the standpoint of the conclusion the Trinitarian shape of Schleiermacher's theology comes to the fore What emerges is a middle way between merely economic Trinitarianism and a full fledged development of immanent Trinitarianism examining divine

personhood and the union of the divine with humanity The central thesis of this work runs boldly counter to the prevailing academic account of Schleiermacher s doctrine of the Trinity and offers an innovative and constructive reading Readers will be privy to a fresh look at Schleiermacher s doctrine of God and its importance for contemporary theology Exclusion and Embrace, Revised and Updated Miroslav Volf,2019-08-20 Life in the twenty first century presents a disturbing reality Otherness the simple fact of being different in some way has come to be defined as in and of itself evil Miroslav Volf contends that if the healing word of the gospel is to be heard today Christian theology must find ways of speaking that address the hatred of the other Is there any hope of embracing our enemies Of opening the door to reconciliation Reaching back to the New Testament metaphor of salvation as reconciliation Volf proposes the idea of embrace as a theological response to the problem of exclusion Increasingly we see that exclusion has become the primary sin skewing our perceptions of reality and causing us to react out of fear and anger to all those who are not within our ever narrowing circle In light of this Christians must learn that salvation comes not only as we are reconciled to God and not only as we learn to live with one another but as we take the dangerous and costly step of opening ourselves to the other of enfolding him or her in the same embrace with which we have been enfolded by God Volf won the 2002 Louisville Grawemeyer Award in Religion for the first edition of his book *Exclusion Embrace A Theological Exploration of Identity Otherness and Reconciliation* Abingdon 1996 In that first edition professor Volf a Croatian by birth analyzed the civil war and ethnic cleansing in the former Yugoslavia and he readily found other examples of cultural ethnic and racial conflict to illustrate his points Since September 11 2001 and the subsequent epidemic of terror and massive refugee suffering throughout the world Volf revised *Exclusion and Embrace* to account for the evolving dynamics of inter ethnic and international strife *The Holy Spirit and Worship* Elizabeth Welch,2022-06-30 The Holy Spirit has become an object of greater attention in Trinitarian theology and indeed in the broader life of the Church since the rise of Pentecostalism at the beginning of the twentieth century Different understandings of the Holy Spirit have had different impacts on worship here Elizabeth Welch examines four surprising overlaps in the thought of two radically different traditions of the church about the relationship between the Holy Spirit and worship These traditions are represented by John Owen from seventeenth century England and John Zizioulas from contemporary Greece Welch explores in turn the common themes of the personal and relational nature of the triune God the immediacy of the encounter with God through the Holy Spirit in worship the role of the Holy Spirit in leading people into truth and the transformative nature of worship that draws people into sharing God s purpose for the world In each the insights of Owen and Zizioulas shed new light on the ongoing debate in the Church today **The Trinitarian Theology of Stanley J. Grenz** Jason S. Sexton,2013-09-12 Exploring one of the most controversial figures in recent evangelical theology this book thoroughly examines core features of Stanley J Grenz s Trinitarian vision *Theology and Conversation* Jacques Haers,P. De Mey,2003 This collection of articles presents the main contributions to the third LEST Louvain Encounters in Systematic

Theology conference held at the K U Leuven s Faculty of Theology November 2001 Its theme Theology and Conversation Towards a Relational Theology continues the explorations in contemporary theology as set out in the 1997 LEST I conference on The Myriad Christ BETL 152 and in the 1999 LEST II conference on Sacramental Presence in Postmodern Context BETL 160 In LEST III also the plurality and diversity of theological approaches play a major role and the question is raised whether the contemporary theological endeavour in a global world contains in itself the tools to respectfully and constructively approach this diversity The ideas of relation and conversation as found in the theologies of the Trinity and of creation as presupposed in ecclesial praxis and as articulated in reflections that take their bearings from spiritual experience provide a powerful means for renewed theological reflection capable of confronting plurality and diversity **The Trinitarian**

**Dharma** Pabitra Mani Bhandari,2025-02-25 As the gospel continues to spread to the farthest corners of the world the Christian faith encounters an array of diverse cultures religions philosophies and belief systems This encounter serves as a catalyst for transformation as Christianity both influences and is influenced by the new frontiers it reaches The book at hand endeavors to explore this dynamic process particularly focusing on the Trinitarian theology as a potent force for transformation Moreover it seeks to uncover the resonance between Christian concepts and the rich tapestry of Dharma thereby enhancing our understanding of the Trinity In essence this book serves as a pivotal example of how abstract theological ideas can be made relevant and meaningful in the context of a multicultural and multireligious world It embodies an approach to Christian theology that is both interreligious and interdisciplinary emanating from a global Christian perspective that embraces diversity and dialogue **The Mind of the Master Class** Elizabeth Fox-Genovese,Eugene D.

Genovese,2005-10-17 The Mind of the Master Class tells of America s greatest historical tragedy It presents the slaveholders as men and women a great many of whom were intelligent honorable and pious It asks how people who were admirable in so many ways could have presided over a social system that proved itself an enormity and inflicted horrors on their slaves The South had formidable proslavery intellectuals who participated fully in transatlantic debates and boldly challenged an ascendant capitalist free labor society Blending classical and Christian traditions they forged a moral and political philosophy designed to sustain conservative principles in history political economy social theory and theology while translating them into political action Even those who judge their way of life most harshly have much to learn from their probing moral and political reflections on their times and ours beginning with the virtues and failings of their own society and culture Evolution

Bradford McCall,2020-07-15 Should we attempt to understand macro evolutionary biology in the twenty first century as secular or sacred This book will attempt to answer this question by exploring the secular evolutionary worldview the author s view of kenotic causation Whitehead s views on chance Derrida s views on non human animals a statement upon the God of chance and purpose Augustine s various theologies of creation a decidedly non dualistic macro evolution a provocative thesis regarding evolutionary Christology the connection between kenosis and emergence and an explication of both Anders Nygren

and Thomas Jay Oord's views of love in the contemporary environment. It also develops the author's personal view regarding necessary kenotically donated and self-giving love and argues that kenosis and emergence can add to the discussion of understanding the theology/science/love symbiosis. It advocates and explicates herein a monistic process-based view of the overlapping relationship between theology and science.

**Beyond Evangelicalism** Steven Knowles, 2016-12-05 A prolific author and thinker Stanley J. Grenz was a respected and influential figure not only within evangelicalism but in the wider theological world. Amongst the many issues tackled by him, it is perhaps his revisioning of evangelical theology in the light of the postmodern challenge that has caused the biggest stir in the theological world. Advocating a nonfoundationalist methodology, Grenz attempts to reposition evangelical theology in line with postmodern concerns. This work examines the main traits of postmodern thought that would seem to directly challenge how evangelical theology is traditionally done. An examination of the seminal influences on Grenz will be traced in order to understand more fully the position he takes. A rigorous critique and assessment of his theological methodology will follow with the conclusion that his work goes beyond evangelicalism. This will be the first book-length treatment on Grenz's work on theological methodology and therefore will break new ground in this important area of study.
