God Is Not Great How Religion Poisons Everything:

God Is Not Great Christopher Hitchens, 2008-11-19 Christopher Hitchens described in the London Observer as one of the most prolific as well as brilliant journalists of our time takes on his biggest subject yet the increasingly dangerous role of religion in the world In the tradition of Bertrand Russell's *Why I Am Not a Christian* and Sam Harris's bestseller *The End Of Faith* Christopher Hitchens makes the ultimate case against religion With a close and erudite reading of the major religious texts he documents the ways in which religion is a man made wish a cause of dangerous sexual repression and a distortion of our origins in the cosmos With eloquent clarity Hitchens frames the argument for a more secular life based on science and reason in which hell is replaced by the Hubble Telescope's awesome view of the universe and Moses and the burning bush give way to the beauty and symmetry of the double helix

On Foot to Canterbury Ken Haigh,2021-10-05 Setting off on foot from Winchester Ken Haigh hikes across southern England retracing one of the traditional routes that medieval pilgrims followed to the shrine of Saint Thomas Becket at Canterbury Cathedral Walking in honour of his father a staunch Anglican who passed away before they could begin their trip together Haigh wonders Is there a place in the modern secular world for pilgrimage On his journey he sorts through his own spiritual aimlessness while crossing paths with writers like Anthony Trollope John Keats Jane Austen Jonathan Swift Charles Dickens and of course Geoffrey Chaucer Part travelogue part memoir and part literary history On Foot to Canterbury is engaging and delightful My father didn t need this walk not the way I do For him it would have been a fun way to spend some time with his son He had I begin to realize a talent for living in the moment Perhaps a pilgrimage would help me find happiness Perhaps I could walk my way into a better frame of mind and somehow along the road to Canterbury I would find a new purpose for my life It was worth a shot Audio edition from PRH available from Audible Kobo Google and Apple Books

The Rage Against the Light Peter Harris,2019-04-29 Christopher Hitchens was the most eloquent of the New Atheists With great rhetorical polish and an encyclopedic mind for historical facts and literary quotations he presents the case of anti theism very effectively Though now deceased Hitchens arguments continue to reverberate through his best selling books and online presence God asserts Hitchens would be if he existed the greatest of dictators Religion according to Hitchens is morally bankrupt and madly irrational The world is better off without them But is this true It is the purpose of this book to identify Hitchens worldview in order to subject it to a critique that will powerfully

expose its many flaws Rather than a dictator God will be shown to be a God of love Christianity too will be revealed as a faith that ought to resist tyranny provides the best foundation for intrinsic human value and is a rational belief system In so doing this book appeals to all who have been influenced or convinced by Hitchens arguments to reconsider their position and refuse to rage against the light

A Constructive Critique of Religion Mia Lövheim,Mikael Stenmark,2020-02-06 Why do some strategies for critique of religion seem to be more beneficial for constructive engagement whereas others increase intolerance polarization and conflict Through an analysis of the reasons underpinning a critique of religion in institutional contexts of secular democratic societies *A Constructive Critique of Religion* explores how constructive interaction and critique can be developed across diverse interests It shows how social and cultural conditions shaping these institutions enable and structure a critical and constructive engagement across diverging worldviews A key argument running through the book is that to develop constructive forms of critique a more thorough and systematic investigation of resources for criticism located within religious worldviews themselves is needed Chapters also address how critique of Islam and Christianity in particular is expressed in areas such as academia the law politics media education and parenting with a focus on Northern Europe and North America The interdisciplinary approach which combines theoretical perspectives with empirical case studies contributes to advancing studies of the complex and contentious character of religion in contemporary society
