God In The Fray God In The Fray:

God in the Fray Walter Brueggemann, Tod Linafelt, Timothy Kandler Beal, This volume engages the work of Walter Brueggemann most of which has been published by Fortress Press The volume centers on the character of God in the text of the Old Testament as a site of theological tension and even ambivalence Biblical faith never experiences God as entirely above the fray but rather as entangled in history astonishingly transformative and impinged upon by the voices of the suffering Brueggemann's monumental Theology of the Old Testament addresses this fact with great theological insight and rigor and the internationally renowned biblical scholars writing here engage and extend his insights into the unsettled Character at the center of the text God, Gender and the Bible Deborah Sawyer, 2005-06-29 Deborah Sawyer discusses this crucial yet unresolved question in the context of contemporary and postmodern ideas about gender and power based on fresh examination of a number of texts from Hebrew and Christian scripture Such texts offer striking parallels to contemporary gender theories particularly those of Luce Irigaray and Judith Butler which have unravelled given notions of power and constructed identity Through the study of gender in terms of its application by biblical writers as a theological strategy we can observe how these writers use female characters to undermine human masculinity through their higher intention to elevate the biblical God God Gender and the Bible demonstrates that both maleness and femaleness are constructed in the light of divine omnipotence Unlike many approaches to the Bible that offer hegemonist interpretations such as those that are explicitly Christian or Jewish or liberationist or feminist this enlightening and readable study sustains and works with the inconsistencies evident in biblical literature **Human Interaction with the Divine, the Sacred, and the Deceased** Thomas G. Plante, Gary E. Schwartz, 2021-06-30 Human Interaction with the Divine the Sacred and the Deceased brings together cutting edge empirical and theoretical contributions from scholars in fields including psychology theology ethics neuroscience medicine and philosophy to examine how and why humans engage in or even seek spiritual experiences and connection with the immaterial world In this richly interdisciplinary volume Plante and Schwartz recognize human interaction with the divine and departed as a cross cultural and historical universal that continues to concern diverse disciplines Accounting for variances in belief and human perception and use the book is divided into four major sections personal experience theological consideration medical technological and scientific considerations and psychological considerations with chapters addressing phenomena including prayer reincarnation sensed presence and divine revelations Featuring scholars specializing in theology psychology medicine neuroscience and ethics this book provides a thoughtful compelling evidence based and contemporary approach to gain a grounded perspective on current understandings of human interaction with the divine the sacred and the deceased Of interest to believers questioners and unbelievers alike this volume will be key reading for researchers scholars and academics engaged in the fields of religion and psychology social psychology behavioral neuroscience and health psychology Readers with a broader interest in spiritualism religious and non religious

Fretheim, 2015-04-10 Terence E Fretheim has long been a leading voice in Old Testament theology In this volume thirty of his classic studies have been gathered together for the first time under the rubrics God and the World God and Suffering God Wrath and Divine Violence God and the Pentateuch God and the Prophets and God and the Church s Book Here readers can find a compelling answer to the question that has motivated Fretheim s work for more than forty years namely what kind of God is the God of Scripture The studies are introduced by a critical overview of Fretheim s career and theology by the editors and a retrospective by Fretheim himself **Conspicuous in His Absence** Chloe T. Sun, 2021-02-23 In the biblical canon two books lack any explicit reference to the name of God Song of Songs and Esther What is the nature of God as revealed in texts that don t use his name Exploring the often overlooked theological connections between these two Old Testament books Chloe T Sun takes on the challenges of God s absence and explores how we think of God when he is perceived to be silent **War in the Bible and Terrorism in the Twenty-first Century** Richard S. Hess, E. A. Martens, 2008 In February 2004 Denver Seminary s annual Biblical Studies conference addressed the question of modern war and the teachings of biblical ethics regarding it A year earlier the invasion of Iraq had taken place The questions created by the outbreak of war prompted an urgency in the consideration of the topic Association for Christian Conferences Teaching and Service ACCTS provided ethicists and practitioners from within the military of both the U S and Great Britain Hess and Martens also solicited papers from leading theologians and advocates representing pacifist and just war views They have succeeded in bringing together a group of Christians representing a wide range of perspectives to debate and discuss their heritage and biblical roots with regard to questions of war and its ethical dilemmas from publisher description *Old Testament Theology* Walter Brueggemann, Patrick D. Miller, 1992-02-01 Through these essays Brueggemann addresses the necessity for thinking about the shape and structure of Old Testament theology and the impact such thinking can have on the large issues of contemporary life The Old Testament is seen to be something that has intelligible and significant connections to all sorts of things in this world Patrick D Miller Jr **The Druze and their Faith in Tawhid** Anis Obeid, 2006-07-06 As a small sect that emerged from Islam over a thousand years ago the Druze religion and society has long been cloaked in a tradition of secrecy Veiled from the outside world the religious tenets have been vulnerable to distortion misunderstanding and misrepresentation In this book Dr Anis Obeid a Druze layman provides a penetrating analysis of Druze scriptures and beliefs Tawhid Presenting a chronological narrative of the foundation and development of the faith he explains the historical conditions and religious rationale behind this closed religion The Druze faith is the product of Abrahamic monotheism as it coalesced with other philosophies belief systems and political structures of the West and the East and as Obeid maintains should be recognized for its core monotheism and not fundamentally different from Judaism Christianity or Islam He argues convincingly with examples and translations from the Druze scriptures only now accessible to a non initiate public that

Tawhid is a progressive and dynamic spiritual process based on freedom of choice This rich exploration of their faith the author's appeal for a sincere cultural dialogue will resonate with a wide audience in the West and in the Middle East

Girard and Theology Michael Kirwan, 2009-02-12 The work of the French American theorist Ren Girard b 1923 has been highly influential in a wide variety of intellectual disciplines One enthusiastic reviewer in *Le Monde* suggested that the year 1972 when *La Violence et le Sacr* was published should be marked with an asterisk in the annals of the humanities including literature theology and religious studies There is a paradox here insofar as Girard is strictly speaking neither a philosopher nor a theologian He was trained as a historian but spent most of his academic career as a teacher of French literature It is out of his study of great European literature notably Proust Dostoyevsky and Shakespeare that what he calls mimetic theory evolved Mimetic theory is an account of how religion culture and violence are interrelated Its three principal parts consist of an assertion of the mimetic i e imitated or derivative nature of desire the function of scapegoating as a means of achieving and maintaining social cohesion the gospel revelation as the means by which these truths of the human condition are made known to us A general introduction to his work will comprise an exposition of these three parts or phases in Girard's thinking In *Girard and Theology* Michael Kirwan looks at these ideas and their relevance to theology as well as their reception in the development of dramatic theology and new theological concepts of atonement and sacrifice

Religion and the American Presidency Mark J. Rozell, Gleaves Whitney, 2023-12-20 This book chronologically analyzes fourteen key US Presidents from Washington to Biden to highlight how religion has informed or influenced their politics and policies For years leading scholars have largely neglected religion in presidential studies Yet religion has played a significant role in a number of critical presidencies in US history This volume reveals the deep religious side to such presidents as Truman Eisenhower and Reagan among others and the impact that faith had on their administrations Now in its fourth edition this work includes analysis of Joe Biden as the second Catholic president in United States history and provides a timely update to a key text in the study of religion and the presidency

God in the fray : a tribute to Walter Brueggemann Tod ; Beal Linafelt (Timothy K.), 1998 *On Being the Church of Jesus Christ in Tumultuous Times* Joe R. Jones, 2005-08-22 This collection of essays sermons and prayers urges the church today to be the sort of community that sustains a vigorous and continuing conversation within itself as to who has called it into being to whom it is responsible and what it is called to be and to do Jones reminds the church that it is an alternative political community called into being by the Gospel This collection explores what it means to be such an alternative community in tumultuous times in times when it is tempting to look to the world for answers and to confuse loyalty to the nation state with loyalty to God A theme throughout all the writings is that the church is the necessary context for becoming and being a Christian

Crane,2024-10-15 What if our inherited theologies of salvation are distorted by a sinful history that includes white supremacy slavery and colonial conquest What if we perpetuate this distortion by continuing to imagine salvation as a legal transaction by which we are saved by God from divine punishment If salvation merely rectifies the individual s standing before God justice and human flourishing are viewed as peripheral to the gospel This book begins with a bit of deconstruction But the real need is construction or perhaps the discovery of another soteriological imagination To be saved is to be drawn into union with Jesus Messiah the bringer of the now and future reign of God where all things are rectified Jesus s life death and resurrected body are the space where a disordered creation is put right Jesus is God s apocalyptic insurrection against every power that dehumanizes harms and destroys human persons We are saved by the triune God by God s gracious acceptance that cannot be earned But we are saved for participation in the invasion of God s reign of justice healing and transformation Salvation has everything to do with caring for refugees resisting systemic racial and other injustices food for the hungry and valuing human persons as Christ incognito **The Book of Isaiah and God's Kingdom** Andrew Abernethy,2016-07-21 Andrew Abernethy employs the concept of kingdom as an entry point for organizing Isaiah s major themes Four features frame his study God the King the lead agents of the King the realm of the kingdom the people of the King **The Journal of Electrical Workers and Operators** ,1917 **God's Ambiance** William John Meegan,2016-10-03 The MATRIX OF WISDOM is all about God s Ambiance residing in the soul of the individual This volume is about unraveling the deep mysteries of God esoterically codified into the world s sacred scriptures literature artworks monuments and architecture in all times and climes via the ESOTERIC SCIENCE i e the harmonious integration of the Seven Liberal Arts Quadrivium Four Mathematical Sciences and the Trivium Three Grammatical Arts that are the foundations of the ancient Mystery Schools The MATRIX OF WISDOM is a 10 x 10 matrix that is the original source material that wrote the sacred scriptures in all religious cultures around the world From the mystical depths of this 10 x 10 matrix China created the I Ching and the Tao te Ching Buddhism created their Stupas Hinduism and Christianity builds their temples cathedrals and churches numerous cultures around the world built their pyramids based upon it schematics and the Native American Indians knew of it Astrology and the Game of Chess were developed from it and Pythagoras developed his mathematical theorems from it and Freemasonry is founded upon it and the city of Washington DC is built on its esoteric design and this latter is provided for in the United States Constitution Article 1 Section 8 however this matrix is never ever discussed explicitly to the general public Throughout this volume there will be a continuous tsunami of demonstrable evidence directly and indirectly challenging the status quo of academia and the orthodoxy of all religions around the world The WORD OF GOD
