Depth Psychology and Mysticism Thomas Cattoi, David M. Odorisio, 2018-05-16 Since the late 19th century when the new science of psychology and interest in esoteric and occult phenomena converged leading to the discovery of the unconscious the dual disciplines of depth psychology and mysticism have been wed in an often unholy union Continuing in this tradition and the challenges it carries this volume includes a variety of interdisciplinary approaches to the study of depth psychology mysticism and mystical experience spanning the fields of theology religious studies and the psychology of religion Chapters include inquiries into the nature of self and consciousness questions regarding the status and limits of mysticism and mystical phenomenon and approaches to these topics from multiple depth psychological traditions

Archetypal Psychotherapy Jason A. Butler, 2014-04-03 Archetypal psychology is a post Jungian mode of theory and practice initiated primarily through the prolific work of James Hillman Hillman's writing carries a far reaching collection of evocative ideas with a wealth of vital implications for the field of clinical psychology With the focus on replacing the

dominant fantasy of a scientific psychology with psychology as logos of soul archetypal psychology has shifted the focus of therapy away from cure of the symptom toward vivification and expression of the mythopoetic imagination This book provides the reader with an overview of the primary themes taken up by archetypal psychology as differentiated from both classical Jungian analysis and Freudian derivatives of psychoanalysis Throughout the text Jason Butler gathers the disparate pieces of archetypal method and weaves them together with examples of dreams fantasy images and clinical vignettes in order to depict the particular style taken up by archetypal psychotherapy a therapeutic approach that fosters an expansion of psychological practice beyond mere ego adaptation and coping providing a royal road to a life and livelihood of archetypal significance Archetypal Psychotherapy The clinical legacy of James Hillman will be of interest to researchers and academics in the fields of Jungian and archetypal psychology looking for a new perspective as well as practising psychotherapists

Jung and the Jungians on Myth Steven Walker, 2014-04-08 Carl Gustav Jung 1875 1961 was never more insightful and intriguing than when he discussed mythology The key to understanding the Jungian approach to mythology lies in the concept of the image which provides the basis for his theory of the unconscious By emphasizing the image over the word Jungian psychology distinguishes itself dramatically from Freudian Lacanian and other psychologies that stress the task of interpreting the language the words of the unconscious In *Jung and the Jungians on Myth* Steven Walker carefully leads the reader through the essential lines of thought in Jungian psychology before developing his method for using Jungian ideas to approach mythological texts Whether one is sympathetic toward Jung's ideas or critical of them one will find in Walker's discussion a lucid introduction to Jungian perspectives on myth and psychology

Jung and the Jungians on Myth Steven F. Walker, 2002 In this book Steven Walker carefully leads the reader through the fundamentals of the psychology that underlies Jung's theory of myth He defines key terms and distinguishes dream from fantasy in psychological experience He then traces the lineage of Jungian theory from Jung through such disciples as Van Franz and Neumann to contemporary archetypal psychology By applying Jungian psychology to an array of myths to illustrate core concepts of this theoretical tradition Walker fills a conspicuous gap in the current literature on Jung from back cover

Merry Meet Again Deborah Lipp, 2013-02-08 As a third degree Gardnerian High Priestess and a former wife of celebrated Druid Isaac Bonewits Deborah Lipp's life story is far from ordinary But *Merry Meet Again* is more than just a memoir it is a tribute to modern Paganism and a testament to one woman's persistence and strength With deep reverence for the past Lipp explores her spiritual path and describes her unique relationships with family teachers lovers and friends including icons such as Scott Cunningham and Timothy Leary She details the ups and downs of Pagan parenting and delves into the politics and personalities the joys and sorrows that are found in Pagan gatherings around the world Simple instructions and quick tips for rituals spells and magic are included throughout

Hermes and Aphrodite Encounters Metka Zupančič, 2004 **Mythography** William G. Doty, 2000-03-21 Presenting major myth theorists from antiquity to the present this work offers a cross disciplinary approach

to the study of myth Rewritten and restructured it reflects the increased interest in myth among both scholars and general readers since the publication of the first edition **The Trickster and the Paranormal** George P. Hansen, 2001-08-20

Paranormal and supernatural events have been reported for millennia They have fostered history's most important cultural transformations e.g. via the miracles of Moses Jesus Mohammed Paranormal phenomena are frequently portrayed in the world's greatest art and literature as well as in popular TV shows and movies Most adults in the U.S. believe in them Yet they have a marginal place in modern culture No university departments are devoted to studying psychic phenomena In fact a panoply of scientists now aggressively denounces them These facts present a deeply puzzling situation But they become coherent after pondering the trickster figure an archaic being found worldwide in mythology and folklore The trickster governs paradox and the irrational but his messages are concealed This book draws upon theories of the trickster from anthropology folklore sociology semiotics and literary criticism It examines psychic phenomena and UFOs and explains why they are so problematical for science Jane Eyre's Sisters Jody Gentian Bower, 2015 Ever since women in the West first started publishing works of fiction they have written about a heroine who must wander from one place to another as she searches for a way to live the life she wants to live a life through which she can express her true self creatively in the world Yet while many have written about the heroine's journey most of those authors base their models of this journey on Joseph Campbell's model of the Heroic Quest story or on old myths and tales written down by men not on the stories that women tell In *Jane Eyre's Sisters: How Women Live and Write the Heroine's Story* cultural mythologist Jody Gentian Bower looks at novels by women and some men as well as biographies of women that tell the story of the Aletis the wandering heroine She finds a similar pattern in works spanning the centuries from Lady Mary Wroth and William Shakespeare in the 1600s to Sue Monk Kidd Suzanne Collins and Philip Pullman in the current century including works by Jane Austen the Brontë sisters George Eliot Elizabeth Gaskell Charles Dickens Kate Chopin Virginia Woolf Doris Lessing J.R.R. Tolkien and Alice Walker to name just a few She also discusses myths and folk tales that follow the same pattern Dr Bower argues that the Aletis represents an archetypal character that has to date received surprisingly little scholarly recognition despite her central role in many of the greatest works of Western fiction Using an engaging down to earth writing style Dr Bower outlines the stages and cast of characters of the Aletis story with many examples from the literature She discusses how the Aletis story differs from the hero's quest how it has changed over the centuries as women gained more independence and what heroines of novels and movies might be like in the future She gives examples from the lives of real women and scatters stories that illustrate many of her points throughout the book In the end she concludes authors of the Aletis story use their imagination to give us characters who serve as role models for how a woman can live a full and free life **Numinous Fields: Perceiving the Sacred in Nature, Landscape, and Art** Samer Akkach, John Powell, 2024-05-13 *Numinous Fields* has its roots in a phenomenological understanding of perception It seeks to understand what beyond the mere sensory data they provide

landscape nature and art both separately and jointly may mean when we experience them It focuses on actual or potential experiences of the numinous or sacred that such encounters may give rise to This volume is multi disciplinary in scope It examines perceptions of place space nature and art as well as perceptions of place space and nature in art It includes chapters written by art curators and historians and scholars in the fields of landscape architecture cultural geography religious studies philosophy and art Its chapters examine ideas objects and practices from the ancient time of Aboriginal Australians Dreaming through to the present The volume is also multi cultural in scope and includes chapters focussed on manifestations of the sacred in indigenous culture in cultures influenced by each of the world s major religions and in the secular contemporary world Foreword by Jeff Malpas Contributors Samer Akkach James Bennett Veronica della Dora Alasdair Forbes Virginia Hooker Philip Jones Russell Kelty Muchammadun Tracey Lock Ellen Philpott Teo John Powell Rebekah Pryor Wendy Shaw

Imaginal Preaching James A. Wallace, 1995 *Imaginal Preaching An Archetypal Perspective* is based upon the analytical psychology of Carl Gustav Jung and the archetypal psychology of James Hillman This book validates the persistence of image and its integrity as the alternative to rhetoric It approaches preaching as poesis an act of making shaping and forming of and by images

Jung's Technique of Active Imagination and Desoille's Directed Waking Dream Method Laner Cassar, 2020-06-07 Jung s Technique of Active Imagination and Desoille s Directed Waking Dream Method brings together Carl Jung s active imagination and Robert Desoille s r ve veill dirig directed waking dream method RED It studies the historical development of these approaches in Central Europe in the first half of the 20th century and explores their theoretical similarities and differences proposing an integrated framework of clinical practice The book aims to study the wider European context of the 1900s which influenced the development of both Jung s and Desoille s methods This work compares the spatial metaphors of interiority used by both Jung and Desoille to describe the traditional concept of inner psychic space in the waking dreams of Jung s active imagination and Desoille s RED It also attempts a broader theoretical comparison between the procedural aspects of both RED and active imagination by identifying commonalities and divergences between the two approaches This book is a unique contribution to analytical psychology and will be of great interest for academics researchers and post graduate students interested in the use of imagination and mental imagery in analysis psychotherapy and counselling The book s historical focus will be of particular relevance to Jungian and Desoillian scholars since it is the first of its kind to trace the connections between the two schools and it gives a detailed account of

Desoille's early life and his first written works This book was a Gradiva Award nominee for 2021 **Before and After Violence** Salman Akhtar, 2017-12-18 From childhood onwards humans use their environment's responses to construct models or schemata to link feelings and impulses with actions and effects If the environment during those formative years is unreliable frustrating or violating the construction of those internal models can be disrupted and create a disjointed perception of the world where violence is the only way to feel strong or good about oneself Before and After Violence explores the complex network of experiences and relationships that contribute to both the origins and consequences of violence starting in the early stages of life and compounding over time The contributors to this collection examine the different settings in which violence takes place look at the variables that propel its occurrence in local and global instances and depict how each can be traced back to profound feelings of betrayal helplessness and anger that manifest in the physical discharges of aggression towards a single person or a whole group Through a psychoanalytic lens the contributors analyze and explain violence in its many forms delve into its myriad of causes as well as offer a variety of solutions that can be applied to various instances of violence whether it be physical or mental self directed or other directed
