Gods Of Love And Ecstasy Gods Of Love And Ecstasy:

Gods of Love and Ecstasy Alain Daniélou, 1992-05 Dani u examines the earliest traditions of the Hindu and Greek gods of magical power ecstatic sexuality and transcendence **The Cross at the Heart of the Church** Petre Maican, 2025-09-18 Can Eastern Orthodoxy apply the term church to other Christian communities Emerging from the 2016 Pan Orthodox Council this issue sparked one of the most heated ebated in contemporary Eastern Orthodoxy According to Maican grappling with this question within the current framework of Eastern Orthodox ecclesiology presents significant challenges In this unifying work he argues that neither the emphasis on the Eucharist nor the adherence to the Tradition of the Fathers is capable of accommodating legitimate Christian otherness Instead Maican proposes a cruciform ecclesiology positing the cross as not only foundational to doctrines and sacraments but also as the primary criterion for discerning the ecclesial nature of a community Through dialogue with Dumitru Staniloae Hans Urs von Balthasar and Paul Tillich this book employs a conversationalist approach to this intricate problem Ultimately Maican provides a nuanced examination of the cross in ecclesiology yielding bold propositions for recognizing the ecclesial status of other Christian communities The Triumph of Love Benedict Williamson, 1923 **Tongues of Fire** Frank D. Macchia, 2023-03-28 In this volume Frank Macchia offers a systematic theology written with Christ s outpouring of the Holy Spirit from the heavenly Father at Pentecost as its dominant motif Christ s death and resurrection provide for our reconciliation with God and make way for the Spirit for the divine overflowing onto all flesh The church is born in the grace of that overflowing From the abundance of this divine self giving spring forth many different tongues aflame with the church s praise and witness This systematic theology seeks to join and further guide these tongues in their diverse contexts by reflecting in a coherent fashion across the spectrum of Christian doctrine The first three chapters offer an extensive treatment of modern approaches to theology Subsequent chapters explore all of the major topics of importance to theology historically This is theology written from a Pentecostal interest yet seeking to speak beyond it to a larger ecumenical horizon Divine Light William Riordan, 2010-04-14 In his missionary journeys St Paul spoke in a number of cities in the Greek peninsula including Athens renowned for its philosophical heritage He addressed to them the message of the One Unknown God Acts 17 22ff Among those present in the Areopagus the open city center of Athens on that day was a certain Denys Dionysios who eventually became a disciple of Paul Centuries later a corpus of writings appeared bearing the name of the Denys the Areopagite These texts were considered to be the writings of the first century disciple of the Apostle Paul and thus achieved almost immediate prominence strongly influencing the lives of St Maximus the Confessor d 662 and St John Damascene d 749 in the East and Eriugena d 877 St Bede d 735 St Bernard d 1153 St Thomas Aquinas d 1272 Nicholas of Cusa d 1464 St John of the Cross d 1591 and many other great minds in the West Later historical studies of Denys texts especially during the 19th century showed conclusively that the writings are of a later date 5th century than had generally been thought Hence the appending of Pseudo before the name of Denys Pseudo

Denys Pseudo Dionysius became common place The extraordinary brilliance of the texts themselves however has been in no way dimmed The late Holy Father John Paul II in his monumental encyclical *Fides et Ratio* warns insistently against an approach to Revelation that shuns metaphysics The texts of Denys provide a majestic and profound metaphysical perspective Deeply formed by the Divine Liturgy and the Sacred Scriptures this mysterious author uses the great insights of Plato and his later disciples expressing the deepest profundities of the faith in stunningly beautiful writings In Denys readers past present and future find a penetrating contemplative vision into the Mystery of the Trinity and its creation This book is a focused exposition of Denys theological understanding with particular attention to the illuminating metaphysical depth of his insight Care has been taken to prepare a text that is readable for the serious laymen accompanied with footnotes to provide a more detailed background for the scholar To befriend the saints is to learn how to be the friend of God In this beautifully written book William Riordan offers a model of scholarly theology that strives not merely to get the concepts right but to get the friendship right Inspired by Denys Riordan teaches us how to re think our reductionist understanding of the world so as to discover afresh the cosmic liturgical and Christological path by which God makes us his friends what the Greek Fathers called divinization By exploring Denys s contemplative wisdom in a manner that restores Denys to us as a great friend in Christ this much needed book exemplifies Newman s motto Heart speaks to heart Matthew Levering Associate Professor of Theology Ave Maria University The figure of Dionysius Denys the Areopagite continues to be surrounded in controversy and misunderstanding In *Divine Light* William Riordan offers us a reasoned and passionate defense of Denys s Christian orthodoxy and shows how important Denys s theology of beauty and divinization is for us today This study persuasively demonstrates that Denys s theology is not Neo Platonism dressed up in Christian clothing but rather that Denys makes use of categories drawn from Neo Platonism to express a truly biblical and liturgical Christian theology *Divine Light* is more than just a scholarly study of a noted theologian It is a work of spiritual theology itself *Race* J. Kameron Carter, 2008-08-28 J

Kameron Carter argues that black theology s intellectual impoverishment in the Church and the academy is the result of its theologically shaky presuppositions which are based largely on liberal Protestant convictions and he critiques the work of such noted scholars as Albert Raboteau Charles Long and James Cone *Personal Transformation and a New Creation* Delio, Ilia , 2016-08-18 Top scholars examine the theories of Pierre Teilhard de Chardin through the lens of Beatrice Bruteau s pioneering work on evolution and consciousness Contributors include Cynthia Bourgeault Ursula King Barbara Fland Kerrie Hide Gabrielle Stoner Kathleen Duffy John Shea Carla De Sola and Joshua Tysinger **Gifts Glittering and Poisoned** Chanon Ross, 2014-11-18 Spectacles designed to capture our attention surround us Marketing movies shopping malls concerts and virtual realities capture our imaginations and cultivate our desires We live in a society of the spectacle However is the power and prevalence of spectacle unique to the modern era In the pages of *Gifts Glittering and Poisoned* early Christian voices echo across the centuries to show that the society of the spectacle is not new Our era resembles a time when

the spectacular entertainments of ancient Rome had a profound effect on every aspect of social life By drawing on the rich theology and witness of early Christianity Gifts Glittering and Poisoned asks what it means for us to live in a new era of empire and spectacle Through Augustine's description of the demonic it shows how consumerism constructs a sophisticated symbolic order a society of the spectacle that corrupts our deepest longings for God Love's Oneing Kerrie Hide,2022-11-08 Grounded in Christian love mysticism Love's Oneing gives voice to the luminous consciousness that awakens from within our oneness in God in contemplation With great sensitivity the book offers nuanced insight into the marriage of kenosis and desire in contemplation through the rich tapestry of writings from nine mystics Julian of Norwich the Cloud of Unknowing author Meister Eckhart Mechthild of Magdeburg Clare of Assisi John of the Cross Teilhard de Chardin Beatrice Bruteau and Ilia Delio With the delicate eye of a spiritual director immersed in mystical literature Kerrie Hide situates these mystical teachings within contemplative prayer whilst offering a scholarly exploration of contemplative practice to embody the insights Deeply grounded in traditional and contemporary mystical classics Hide celebrates how the Christian mystical tradition lays a foundation for the evolutionary growth of communion consciousness and the insights of quantum science highlighting key moments in contemplation that when surrendered into open into divine love Born of intellectual reflection lived experience and contemplative wisdom Love's Oneing makes a unique contribution to the existing literature on contemplation at a time when the recovery of the mystical dimension of life is crucial for the future of our planet in this climate crisis moment **Desire, Faith, and the Darkness of God** Eric Bugyis,David Newheiser,2015-11-15 In the face of religious and cultural diversity some doubt whether Christian faith remains possible today Critics claim that religion is irrational and violent and the loudest defenders of Christianity are equally strident In response Desire Faith and the Darkness of God Essays in Honor of Denys Turner explores the uncertainty essential to Christian commitment it suggests that faith is moved by a desire for that which cannot be known This approach is inspired by the tradition of Christian apophatic theology which argues that language cannot capture divine transcendence From this perspective contemporary debates over God's existence represent a dead end if God is not simply another object in the world then faith begins not in abstract certainty but in a love that exceeds the limits of knowledge The essays engage classic Christian thought alongside literary and philosophical sources ranging from Pseudo Dionysius and Dante to Karl Marx and Jacques Derrida Building on the work of Denys Turner they indicate that the boundary between atheism and Christian thought is productively blurry Instead of settling the stale dispute over whether religion is rationally justified their work suggests instead that Christian life is an ethical and political practice impassioned by a God who transcends understanding **The Passion of Love in the Summa Theologiae of Thomas Aquinas** Daniel Joseph Gordon,2023-05-19 This book is an introduction to three questions on love according to St Thomas Aquinas Summa Theologiae I II qq 26 28 These three questions reflect on the nature of love q 26 the causes of love q 27 and the effects of love q 28 It is thus an introduction to the entire phenomenon of love both as a

bodily passion and an act of the will The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective It aims to be a theological and philosophical study of the topic useful both for a graduate professional audience as part of an undergraduate or graduate course and perhaps for the educated reader The thesis of the book is that contrary to contemporary conceptions not all loves are created equal Some loves perfect us and some loves corrupt us The worth of a love depends on its object and end St Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest The method is broadly exegetical presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes The scope of the work is limited to three questions ST I II qq 26 28 References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes making the body of the text accessible to more readers **The World's First Love** Fulton Sheen, Andrew

Apostoli, 2018-08-22 With his characteristic eloquence and brilliance Fulton J Sheen presents a moving portrayal of the Blessed Virgin Mary that combines deep spirituality with history philosophy and theology All the major aspects and events of Mary's life are lovingly portrayed in this word portrait that is a never failing source of information consolation and inspiration Sheen also gives profound insights into all the Marian beliefs ranging from the Immaculate Conception to the Assumption to the miracle of Our Lady of Fatima While considering the different phases of Mary's life Bishop Sheen discusses various problems common to mankind of every age and reveals clearly that every problem can be resolved He emphasizes the unique dignity strength and gifts of women and their ability to help heal the world's problems Sheen stresses mankind's need of the Mother of God and her burning love for all her children The great resurgence of devotion to Mary is God's way of emphasizing the worth and dignity of every person against the false doctrines that have so confused the modern world

Treatise on the Love of God Saint Francis of Sales, 2007-06-01 **The Logic of Love** Andrew J. B.

Cameron, 2022-12-29 Overviewing what makes the intersection between emotion and ethics so confusing this book surveys an older wisdom in how to manage it using a range of Christian theologians and sources More important even than managing we begin to see a vision for a better set of affections to grow within and among us In this vision emerges a practical and nuanced account of what the Christian tradition sometime summarises as love How may we recover a deep affection for what matters both within ourselves and together in groups This book also dialogues with a new movement in moral psychology social intuitionism Cameron argues that researchers in this discipline have interests and conclusions that sometimes overlap with Christian sources even where their respective lenses differ In this way the book overviews recent trends in moral psychology against a recent historical and contemporary cultural backdrop whilst assaying major sources in Christian theology that offer guidance on moral psychology **The Mystery of Union with God** Bernhard Blankenhorn, 2015 The Mystery of Union with God offers the most extensive systematic analysis to date of how Albert and Thomas interpreted and

transformed the Dionysian Moses who knows God by unknowing It shows Albert's and Thomas's philosophical and theological motives to place limits on Dionysian apophatism and to reintegrate mediated knowledge into mystical knowing The author surfaces many similarities in the two Dominicans mystical doctrines and exegesis of Dionysius This work prepares the way for a new consideration of Albert the Great as the father of Rhineland Mysticism The original presentation of Aquinas's theology of the Spirit's seven gifts breaks new ground in theological scholarship Finally the entire book lays out a model for the study of mystical theology from a historical philosophical and doctrinal perspective A Lover of God Dora
