The National Preacher ,1839 **Another Time, Another Place** Gordon E. Jenkins,2003-05-07 Two young people one white and one deemed black products of their environment separated by the rigid inhumane caste system of the Jim Crow South meet by chance bond and begin a forbidden relationship which nurtures and grows even when they attempt to terminate it knowing the potential consequences if they are discovered As they secretly flaunt the laws and traditions of the day they aggressively pursue their individual ambitions to escape the equally binding economic shackles As their commitment to each other becomes stronger they become bolder and challenge the status quo in ways that cannot be ignored by the power structure Their actions coupled with fate trigger unforeseen events with tragic consequences

Indian Antiquary ,1892 **The Insurance Law Journal** ,1872 **Pedagogy in (E)Motion** Nellie J. Zambrana-Ortiz,2011-04-29 This personal creative critical work from a leading scholar of psychology is rooted in three novel

concepts and aims to share critical pedagogy in the spirit of nascent potential found in the context of a colonial Puerto Rico First comes the idea of pedagogy in e motion or the emotional matrix of the teaching and learning process Secondly the author explores the notion of street pedagogy as a genuine and powerful professional tool And thirdly the book underscores what Zambrana Ortiz calls the interconnection of the artscience within the political and biographical act of teaching The purpose is to inform education teaching practice with the radical framework that like the neurosciences believes emotions to be a vital precursor to the planning of action the process of decision making and the broadening of our cognitive parameters The chapters focus on different and yet complementary dimensions of a college teaching initiative boasting a unique interplay between a transgressive narrative reinvented methodology and authentic samples of students contributions to the project Traditionally emotional and visceral experiences have been downplayed and rejected as fundamental components of knowledge This book makes the case for their reinstatement and proposes that the pleasure and commitment of teaching itself can be seen as resistance given the challenging social and political context the bureaucracy of the Puerto Rican higher education system and the cynicism of the self confessed cognoscenti who think that little political progress can come from within the university system Such resistance has proved for the author a source of inspiration and has contributed to her creation and reconceptualization of approaches to critical and useful pedagogy D education To my students who inspire many stories and provoke many emotions and challenge my capacities To Aura Ignacio and Jaime for their unconditional love and their everyday lessons A cknowledgments Many friends mentors and colleagues from the University of Puerto Rico and United States were very important pieces to my creative work Thanks to Donaldo Macedo who encouraged the initial proposal and to Joe Kincheloe for accepting it and bringing guidance in the right moment Colleagues like Roam Torres and Angeles Molina from their directive positions were extremely supportive while Sandra Macksoud Jos Sol s Pedro Subirats and Ada Prabhavat gave me guidance and constant insights in editing and translation as well as crucial material for my narrative Juan Vadi enhanced my graphic elements with his talent while college mentors current colleagues teachers and former graduate and undergraduate students allowed me to write their stories and reflections binging fresh accents and life to the book Thanks for ever

The Diasporic Condition Ghassan Hage,2021-11-05 Bridging the gap between migration studies and the anthropological tradition Ghassan Hage illustrates that transnationality and its attendant cultural consequences are not necessarily at odds with classic theory In The Diasporic Condition Ghassan Hage engages with the diasporic Lebanese community as a shared lifeworld defining a common cultural milieu that transcends spatial and temporal distance a collective mode of being here termed the diasporic condition Encompassing a complicated transnational terrain Hage s long term ethnography takes us from Mehj and Jalleh in Lebanon to Europe Australia South America and North America analyzing how Lebanese migrants and their families have established

themselves in their new homes while remaining socially economically and politically related to Lebanon and to each other At the heart of The Diasporic Condition lies a critical anthropological question How does the study of a particular sociocultural phenomenon expand our knowledge of modes of existing in the world As Hage establishes what he terms the lenticular condition he breaks down the boundaries between us and them here and there showing that this convergent mode of existence increasingly defines everyone s everyday life
